Race, Rights, and Recognition Dean Franco, 2012-06-15 In *Race Rights and Recognition* Dean J Franco explores the work of recent Jewish American writers many of whom have taken unpopular stances on social issues distancing themselves from the politics and public practice of multiculturalism While these writers explore the same themes of group based rights and recognition that preoccupy Latino African American and Native American writers they are generally suspicious of group identities and are more likely to adopt postmodern distancing techniques than to presume to speak for their people Ranging from Philip Roth's scandalous 1969 novel *Portnoy's Complaint* to Gary Shteyngart's *Absurdistan* in 2006 the literature Franco examines in this book is at once critical of and deeply invested in the problems of race and the rise of multicultural philosophies and policies in America Franco argues that from the formative years of multiculturalism 1965-1975 Jewish writers probed the ethics and not just the politics of civil rights and cultural recognition this perspective arose from a stance of keen awareness of the limits and possibilities of consensus based civil and human rights Contemporary Jewish writers are now responding to global problems of cultural conflict and pluralism and thinking through the challenges and responsibilities of cosmopolitanism Indeed if the United States is now correctly if cautiously identifying itself as a post ethnic nation it may be said that Jewish writing has been well ahead of the curve in imagining what a post ethnic future might look like and in critiquing the social conventions of race and ethnicity

A Question of Time Scientific American Editors, 2012-11-30 *A Question of Time: The Ultimate Paradox* by the Editors of Scientific American What time is it That simple question is probably asked more often in contemporary society than ever before In our clock studded world the answer is never more than a glance away and so we can blissfully partition our days into ever smaller increments for ever more tightly scheduled tasks Modern scientific revelations about time however make the question endlessly frustrating If we seek a precise knowledge of the time the infinitesimal flash of now dissolves into a scattering flock of nanoseconds Because we are bound by the speed of light and the velocity of nerve impulses our perception of the present reflects the world as it occurred an instant ago for all that human consciousness pretends otherwise we can never catch up Even in principle perfect synchronicity escapes us Relativity dictates that like a strange syrup time flows slower on moving trains than in the stations and faster in the mountains than in the valleys The time for our wristwatch is not exactly the same as the time for our head This eBook *A Question of Time* summarizes what science has discovered about how time permeates and guides both our physical world and our inner selves That knowledge should enrich the imagination and provide practical advantages to anyone hoping to beat the clock or at least to stay in step with it Synchronize your watches

Tony Kushner's Postmodern Theatre Hussein Al-Badri, 2014-10-21 The book is an insightful and thorough examination of one of the most prominent political dramatists in the US today Tony Kushner and his theatricalization of politics Moreover it draws heavily on Kushner's wide range of themes and techniques As such it will be beneficial for graduate students and scholars who are concerned with the realm of

contemporary American drama at the threshold of the twenty first century In addition the book will appeal to anyone who wants a deeper understanding of Kushner and his major influences such as Bertolt Brecht and will also be valuable for readers with a general interest in American drama This book is primarily concerned with exploring and analyzing political discourse as dramatized in the work of Tony Kushner The author s point of departure is the concept of political theatre as developed by Erwin Piscator and Bertolt Brecht This theoretical exploration serves a double purpose first it is meant to provide a statement of the definitions and concepts central to this study such as political discourse political theatre and postmodern theatre second it offers the tools of analysis by which to read and analyze Tony Kushner s postmodern politically oriented texts Through this the book defines the major features of Kushner s postmodern theatre and explores how he theatricalizes politics American drama in the 1980s and the 1990s witnessed a noticeable thematic shift from the exclusively personal plays and musicals that once dominated American theatre for a long period of time to an increasing number of plays which put greater emphasis on exploring issues and questions of socio political interest As a result of this thematic shift the predominantly private settings and familial character relationships of the traditional family play have been replaced by a great variety of public settings and non familial characters Tony Kushner s theatre is a pioneering attempt in this respect In Kushner s theatre there is no room for the traditional family plays which dominated the American stage in the 1960s and 1970s Kushner has found that there is not enough political discourse in contemporary American Theatre For this reason he writes his plays to shed special light on the politics of American society in the 1980s the 1990s and in the beginnings of the 21st century

Anti-War Theatre After Brecht Lara Stevens,2016-06-17 Examining the ways in which contemporary Western theatre protests against the War on Terror this book analyses six twenty first century plays that respond to the post 9 11 military operations in Afghanistan Iraq and Palestine The plays are written by some of the most significant writers of this century and the last including Elfriede Jelinek Caryl Churchill H l ne Cixous and Tony Kushner Anti war Theatre After Brecht grapples with the problem of how to make theatre that protests the policies of democratically elected Western governments in a post Marxist era It shows how the Internet has become a key tool for disseminating anti war play texts and how online social media forums are changing traditional dramatic aesthetics and broadening opportunities for spectator access engagement and interaction with a work and the political alternatives it puts forward

relationships in Kushner's works to William Inge's 1950 play *Come Back Little Sheba* the plays of experimentalist Adrienne Kennedy and fascist creep in the era of playwrights W. H. Auden and Christopher Isherwood among other topics Theater and Integrity Larry D. Bouchard, 2011-08-31 Four decades ago Tom F. Driver brought theater into discussion with religion and modern theology. It has been a rich ongoing dialogue but one that now demands a bold new engagement. In *Theater and Integrity* Larry D. Bouchard argues that while the antitheatrical prejudice regards theater as epitomizing the absence of integrity, theater's ways of being realized in ensembles, texts, and performances allow us to envision integrity's emergence and ephemeral presence. This book follows such questions across theatrical, philosophical, and theological studies of moral, personal, bodily, and kenotic patterns of integrity. It locates ambiguities in our discourse about integrity and it delves into conceptions of identity, morality, selfhood, and otherness. Its explorations ask if integrity is less a quality we might possess than a contingent gift that may appear, disappear, and perhaps reappear. Not only does he chart anew the ethical and religious dimensions of integrity but he also reads closely across the history of theater from Greek and Shakespearean drama to the likes of Seamus Heaney, T. S. Eliot, Caryl Churchill, Wole Soyinka, Tony Kushner, and Suzan-Lori Parks. His is an approach of juxtaposition and reflection starting from the perennial observation that theater both criticizes and acknowledges dimensions of drama and theatricality in life. *Imagining Human Rights in Twenty-First Century Theater* F. Becker, P. Hernández, B. Werth, 2012-12-27 There is extraordinary diversity, depth, and complexity in the encounter between theatre performance and human rights. Through an examination of a rich repertoire of plays and performance practices from and about countries across six continents, the contributors open the way toward understanding the character and significance of this encounter.

Millennial Stages Robert Sanford Brustein, 2006-01-01 Robert Brustein examines crucial issues relating to theatre in the post-9/11 years, analysing specific plays, various performers, and theatrical production throughout the world. This work explores the connections between theatre and society, theatre and politics, and theatre and religion. Crafting Category Romance Amy Lane, 2020-09-08 Category romance is a precise art. With such a small word count, writing the perfect category romance is a little like writing a haiku. But how do you write a book in seventeen syllables? How can you cram compelling conflict, satisfying character development, and toe-curling romantic tension into less than sixty thousand words? In *Crafting Category Romance*, two-time RITA-nominated author of nearly one hundred books, Amy Lane describes the rules of engagement, traps to watch out for, and how to leverage common tropes to create conflict, craft a character, develop a plot, and leave readers with a happy ever after that's different every time, all in a tidy package. With practical exercises in plot, conflict, and character development, *Crafting Category Romance* will teach you how to use the rigid rules and expectations of the genre to your advantage and win a loyal readership following for life. *Text & Presentation, 2007* Stratos E.
