The Human Body and the Law David W. Meyers, *National Library of Medicine Current Catalog* National Library of Medicine (U.S.), Human ICT Implants: Technical, Legal and Ethical Considerations Mark N. Gasson, Eleni Kosta, Diana M. Bowman, 2012-06-16 Human information and communication technology ICT implants have developed for many years in a medical context Such applications have become increasingly advanced in some cases modifying fundamental brain function Today comparatively low tech implants are being increasingly employed in non therapeutic contexts with applications ranging from the use of ICT implants for VIP entry into nightclubs automated payments for goods access to secure facilities and for those with a high risk of being kidnapped Commercialisation and growing potential of human ICT implants have generated debate over the ethical legal and social aspects of the technology its products and application Despite stakeholders calling for greater policy and legal certainty within this area gaps have already begun to emerge between the commercial reality of human ICT implants and the current legal frameworks designed to regulate these products This book focuses on the latest technological developments and on the legal social and ethical implications of the use and further application of these technologies

Handbook of Forensic Social Work David Axlyn McLeod, Anthony P. Natale, Kristin W. Mapson, 2024 The Handbook of Forensic Social Work Practice provides important reference content on the justice system the differential nature by which people families and communities navigate it and the various ways social workers interface with forensic systems and associated client populations The Handbook is an essential and accessible resource for social workers in forensic practice that synthesizes current theory policy and practice *Health Psychology* George C. Stone, 1987-05-18 In 1976 a small group of psychologists urged that more research be done on aspects of health and health care outside the domain of mental health Today health psychology is one of the fastest growing divisions of the American Psychological Association journals and textbooks in increasing numbers are another signal of rapid growth in this field

The Human Body and the Law Charlotte L. Levy, Irving J. Sloan, 1983 **Current Catalog** National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70 *Embryo Experimentation* Peter Singer, Stephen Buckle, 1993 New developments in reproductive technology have made headlines since the birth of the world's first in vitro fertilization baby in 1978 But is embryo experimentation ethically acceptable What is the moral status of the early human embryo And how should a democratic society deal with so controversial an issue where conflicting views are based on differing religious and philosophical positions These controversial questions are the subject of this book which as a current compendium of ideas and arguments on the subject makes an original contribution of major importance to this debate Peter Singer is the author of many books including Practical Ethics CUP 1979 Marx Hill Wang 1980 and Should the Baby Live co authored with Helga Kuhse Oxford U P 1986 *Body Lore and Laws* Andrew Bainham, Shelley Day Sclater, Martin Richards, 2002-01-18 This book the second produced by the Cambridge Socio Legal Group is a collection of essays on the subject of law and the

human body As the title suggests bodies and body parts are not only subject to regulation through formal legal processes but also the meanings attached to particular bodies and the significance accorded to some body parts are aspects of broader cultural processes In short bodies are subjected to both law and laws The contributors all leading academics in the fields of Law Sociology Psychology Feminism Criminology Biology and Genetics respectively offer a range of interdisciplinary papers that critically examine how bodies are constructed and regulated in law The book is divided into two parts Part one is concerned with Making Bodies and includes papers relating to transactions in human gametes cloning court ordered caesarean sections testing for genetic risk the patenting of human genes and the social policy implications of the growth in genetic information Part two is concerned with Using and Abusing Bodies It contains chapters relating to sexualities sexual orientation and the law sex workers and their clients domestic homicide religious and cultural practices and other issues involving children s bodies the ownership of the body and body parts and the legal and ethical issues surrounding euthanasia

Bioequity - Property and the Human Body Nils Hoppe, 2016-04-15 Recent scandals involving the use of human body parts have highlighted the need for legal clarification surrounding property law and the use of human tissue This book advances the notion that the legal basis for dealing with this is already available in the law but has thus far neither been used nor discussed Proposing an alternative approach to constructing entitlements in human tissue and resolving resulting property conflicts a new methodology is also advanced for abstracting different concepts within the debate which enables comparison and distinction between different cases of entitlement and retention

Intellectual Property Perspectives on the Regulation of New Technologies Tana Pistorius, 2018-10-26 This book explores the challenges that emerging technologies and technology driven practices pose for traditional notions of intellectual property IP law and policy Chapters offer perspectives from across the IP law spectrum and address questions such as is the law evolving in the right direction and is the regulation of emerging technology supported by sound policy objectives Covering a diverse range of topics this book exposes the intimate relationship between IP and technology

Euthanasia, Ethics and the Law Richard Huxtable, 2007-11-20 Euthanasia Ethics and the Law argues that the law governing the ending of life in England and Wales is unclear confused and often contradictory It shows that the rules are in competition because the ethical principles underlying them are so diverse and conflicting This book covers topics including the Diane Pretty litigation Lord Joffe s Assisted Dying for the Terminally Ill Bill the advent of death tourism and the real status of involuntary and passive euthanasia in English law
