The Human Dilemma Finding Meaning In Life:

The Human Dilemma Herbert Arthur Tonne, 1980 **Finding Meaning in Life, at Midlife and Beyond** David Guttman, 2008-09-30 Having been mentored by Viktor E Frankl the founder of logotherapy Emeritus Professor David Guttman authored this book so general readers may understand this approach to finding meaning in life at the point when most of us begin deeply wondering over that question at midlife and beyond Especially in this day and age of multiple demands on our time and seemingly non stop obligations we too often find that it is only when the dust settles after a work day or work week or even after retirement when we begin to wonder What is the meaning of life The purpose This book is a new millennium venture into those questions and their answers using logotherapy written by a sage understudy who recalls Frankl with his logotherapy as the epitome of his theory even at 80 years old wise and witty exuding an energy enthusiasm and youthful spirit that belied his years by decades Aging does not diminish our power our energy and our quest for life but reshapes it with new understandings goals and needs But says Guttman we live in a technical and machine based world now in which there is a danger of losing our souls Here readers find a new creative perspective on aging and a fresh spiritual outlook This book will be of interest not only to general readers especially those at midlife and beyond but also to their families friends and students or professionals in the helping professions This unique work provides knowledge to find meaning in life derived from the fields of philosophy psychology religion and gerontology with case illustrations and vignettes to give readers both intellectual pleasure and practical guidance

The Outcast Soul Pasquale De Marco, 2025-04-13 In the depths of the human experience there resides a realm of souls who stand apart solitary and misunderstood They are the outcast souls the ones who navigate the labyrinth of life on the fringes of society Within their hearts a symphony of isolation and longing echoes a haunting melody that sets them adrift in a world that often fails to comprehend their unique essence Their journey is a solitary quest for meaning and connection an arduous pilgrimage through the desolate landscapes of loneliness and despair They are the misfits the rebels the ones who refuse to conform to societal norms their spirits forever yearning for a place where they truly belong Yet in their solitude they discover a strange and profound solace Free from the shackles of expectations they embark on a voyage of self discovery delving into the depths of their own minds and souls They become seekers of truth explorers of the human condition their insights illuminating the complexities of existence Their path is not without its trials and tribulations They confront the demons of doubt the abyss of despair and the relentless onslaught of disillusionment But through their struggles they forge a resilience that is unyielding a spirit that refuses to be broken In their outcast status they find a strange kind of liberation a freedom to be authentically themselves They challenge the status quo question authority and embrace their uniqueness with unwavering resolve They are the outliers the pioneers the ones who redefine the boundaries of human experience Their stories are a testament to the indomitable spirit that resides within us all a reminder that even in the darkest of times the human soul can find solace strength and ultimately acceptance If you
