The Human Situation Lectures At Santa Barbara 1959 Edited By Piero Ferrucci:

The Human Situation Aldous Huxley, Piero Ferrucci, 1978 **Twentieth Century Fiction** George Woodcock, 1983-04-01 **The Clever Body** Gabor Csepregi, 2006 In this book Gabor Csepregi describes in detail the nature and scope of the body's innate abilities and reflects on their significance in human life **BOOK JACKET** , *Warlike Christians in an Age of Violence* Nick Megoran, 2017-10-03 How should Christians respond to war This age old question has become more pressing given Western governments recent overseas military interventions and the rise of extremist Islamist jihadism Grounded in conservative evangelical theology this book argues the historic church position that it is inadmissible for Christians to use violence or take part in war It shows how the church's propensity to support the just wars crusades rebellions or humanitarian interventions of its host nations over time has been disastrous for the reputation of the gospel Instead the church's response to war is simply to be the church by preaching the gospel and making peace in the love and power of God The book considers challenges to this argument for gospel peace What about warfare in the Old Testament and military metaphors in the New What of church history And how do we deal with tyrants like Hitler and terrorists like Islamic State Charting a path between just war theory and liberal pacifism numerous inspiring examples from the worldwide church are used to demonstrate effective and authentically Christian responses to violence The author argues that as Christians increasingly drop their unbiblical addiction to war we may be entering one of the most exciting periods of church history

Aldous Huxley and the Search for Meaning Ronald T. Sion, 2014-01-10 Aldous Huxley author of eleven novels remains one of the towering figures of the twentieth century his work resistant to passing fads in literature This critical biography explores Huxley's lifelong quest for self actualization by intertwining the events of his life and details of the creative period that produced each book Considering Huxley's letters essays and interviews in its examination of the thematic content of each novel the text finds a man striving for the intellectual growth that would yield a sound philosophical and spiritual view of life one he infused into his work **Aldous Huxley Annual** Jerome Meckier, 2020-09-11 Volume 19 is dedicated to the memory of Prof Lothar Fietz University of Tübingen in appreciation of his merits as an outstanding Huxley scholar as a Founding Member and Curator of the Aldous Huxley Society and as a true friend see the In Memoriam above The volume opens with a sequence of hitherto unpublished Huxley writings starting with the three extant versions from 1949 of his dramatization of Ape and Essence 1948 thematically linked with two texts treating the physical survival of mankind and three contrasting texts discussing the question of spiritual survival This section is followed by Huxley's draft for an introduction of Edna St Vincent Millay at one of her poetry readings in 1938 and an autograph letter to Seabury Edwardes that he wrote shortly after the publication of *The Doors of Perception* 1954 The volume closes with several critical articles on Huxley's relationship with D T Suzuki his Sanary period and his view and practice of literary utopias *Aldous Huxley and Self-Realization* Dana Sawyer, Julian Piras, Uwe Rasch, 2019 Throughout his writing career and especially in the last thirty

years of his life Aldous Huxley exhibited a deep interest in human potentialities which he often described as our greatest unused natural resource The present volume is the first book to focus on this Huxleyan core concern It is based on presentations given at the Sixth International Aldous Huxley Symposium held in 2017 at the University of Almer a Spain This volume collects essays by eleven scholars from eight countries that discuss Huxley s concept of human potentialities from an interdisciplinary perspective This is another innovative feature of this book since today Huxley is mainly remembered as a novelist although only eleven of his fifty published works belong to that genre The topics of this volume span Huxley s mature philosophy including his theories relating to the expansion of consciousness the development of nonverbal humanities the need to improve bio ethics the role of nature the role of beliefs and prejudice and other subjects These essays review Huxley s various positions shedding light on their possible significance for today Huxley marshalled his remarkable intellect to the project of improving the human condition and here we find an up to date report card of his theories and their efficacy

Aldous Huxley Milton Birnbaum,2017-07-05 In the moral vacuum and world of shifting values following World War I Aldous Huxley was both a sensitive refl ector and an articulate catalyst This work provides a highly illuminating analysis of Huxley s evolution from skeptic to mystic As Milton Birnbaum shows in a perceptive interpretation of Huxley s poetry fi ction essays and biographies what evolved in Huxley s moral and intellectual pilgrimage was not so much a change in direction as a shift in emphasis Even in the sardonic Huxley of the 1920s and 1930s there is a moral concern In the later Huxley there are traces of the satirical skepticism which delighted his readers in the decades preceding World War II A man of letters a keen observer seeker of new ways while profoundly knowledgeable in the truths of ancient wisdom Huxley tried to achieve a symbiotic synthesis of the best of all worlds In clarifying and interpreting Huxley s intellectual moral and philosophical development Birnbaum touches upon all the subjects that came under the scrutiny of a singularly encyclopedic mind This book is of great worth to those interested both in Huxley the brilliant satirist and in Huxley the seeker of salvation In his search Huxley typifi ed the modern quest for values Milton Birnbaum s study is an invaluable guide in that journey His new introduction takes account of research and analysis of Huxley that has occurred since this book s original publication

Aldous Huxley Annual Bernfried Nudel,2012-11-28 Aldous Huxley Annual is the official publication of the Aldous Huxley Society at the Center for Aldous Huxley Studies in M 1 4nster Germany The Society publishes essays on the life times and interests of Aldous Huxley and his circle It aspires to be the sort of periodical that Huxley would have wanted to read and to which he might have contributed Aldous Huxley Annual celebrates its 10th anniversary with a special double numbered issue The chief contributor on this momentous occasion is Aldous Huxley himself Volume 10 11 contains a treasure trove of new Huxley items such as letters poems stories talks proposals introductions and playlets all arranged in chronological order The contributions date from 1916 and run through 1963 the year of Huxley s death Moreover for the first time Huxley is presented as an accomplished painter the book s editors are proud to have procured reproductions of five Huxley paintings

owned by his grandchildren Teresa and Mark Trevenen Huxley The concluding section of the book consists of several articles on particular aspects of Huxley's work Series Aldous Huxley Annual Vol 10 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1979 *The Shock of Recognition* Lewis Pyenson, 2020-10-12 In *The Shock of Recognition* Lewis Pyenson uses a method called Historical Complementarity to identify the motif of non figurative abstraction in modern art and science He identifies the motif in Picasso's and Einstein's educational environments He shows how this motif in domestic furnishing and in urban lighting set the stage for Picasso's and Einstein's professional success before 1914 He applies his method to intellectual life in Argentina using it to address that nation's focus on an inventory of the natural world until the 1940s its adoption of non figurative art and nuclear physics in the middle of the twentieth century and attention to landscape painting and the wonder of nature at the end of the century **Attitudes of Play** Gabor Csepregi, 2022-12-15 Play is not only a kind of activity but also a set of attitudes We may join a card game in a casino without assuming a play attitude conversely we may transform a seemingly tedious action such as a walk to the store into a pleasant experience of spontaneous movements by adopting an attitude of play *Attitudes of Play* is a comprehensive study of the persistent human tendency to bring a cheerful and good humoured outlook to any kind of situation including the serious and the mundane Gabor Csepregi offers a phenomenological description of forms of playfulness showing how time and again our attitudes of play redefine and shape diverse activities and experiences from teaching healing or worshipping to political conflict or walking down the street With play attitudes we exercise our freedom to colour these scenes or give them an altogether new form evoking in us more refined sentiments and more acute perceptions This book seeks to distinguish play activities from attitudes of play showing that the latter hold value not merely for their educational or other instrumental benefits but also and perhaps most importantly for the overall fulfillment and well being they offer in all stages of human existence *Aldous Huxley* Harold Bloom, 2009 A collection of critical essays on Aldous Huxley and his work **The Occult Nineteenth Century** Lukas Pokorny, Franz Winter, 2021-01-09 The nineteenth century witnessed a proliferation of alternative religious currents and practices appropriating earlier traditions entangling geographically distinct spiritual discourses and crafting a repository of mindscapes eminently suitable to be accommodated by later generations of thinkers and practitioners Penned by specialists in the field this volume examines important themes and figures pertaining to this occult amalgam and its resonance into the twentieth century and beyond Global guises of the occult ranging from the Americas and Europe to India are variously addressed with special attention to the crucial role of mesmerism and the origins of modern yoga Twentieth-century Science-fiction Writers Curtis C. Smith, 1986 *American Book Publishing Record Cumulative, 1950-1977* R.R. Bowker Company. Dept. of Bibliography, R.R. Bowker Company. Product Development and Marketing Dept, R.R. Bowker Company. Publications Systems Dept, 1978 Aldous Huxley and Alternative Spirituality Jake Poller, 2019-08-12 *Aldous Huxley and Alternative Spirituality* offers an incisive analysis of the full range of Huxley's spiritual

interests spanning both mysticism neo Vedanta Taoism Mahayana and Zen Buddhism and Western esotericism mesmerism spiritualism the paranormal Jake Poller examines how Huxley s shifting spiritual convictions influenced his fiction such as his depiction of the body and sex and reveals how Huxley s use of psychedelic substances affected his spiritual convictions resulting in a Tantric turn in his work Poller demonstrates how Huxley s vision of a new alternative spirituality in *Island* in which the Palanese select their beliefs from different religious traditions anticipates the New Age spiritual supermarket and traces the profound influence of Huxley s ideas on the spiritual seekers of the twentieth century and beyond Aldous Huxley Annual Bernfried Nugel, Jerome Meckier, Volume 23 24 opens with a new selection of unpublished Huxley letters edited by James Sexton This section is followed by a number of unknown or little known original Huxley writings viz his early short story Boggarts 1912 selected pacifist texts 1935 36 the urtext of *Ends and Means* 1937 the Huxley article *A Tour through Time* 1951 rediscovered and edited by Gerhard Wagner and Huxley s published article *Has Man s Conquest of Space Increased or Diminished His Stature* 1963 newly edited from two extant typescripts The volume closes with critical articles on *Point Counter Point* Huxley and Bloomsbury *Ape and Essence* religion and spirituality in Huxley s short stories and on Huxley s relationship with his nephew Francis **The Oxford Encyclopedia of British Literature** David Scott Kastan,2006-03-03 From folk ballads to film scripts this new five volume encyclopedia covers the entire history of British literature from the seventh century to the present focusing on the writers and the major texts of what are now the United Kingdom and the Republic of Ireland In five hundred substantial essays written by major scholars the Encyclopedia of British Literature includes biographies of nearly four hundred individual authors and a hundred topical essays with detailed analyses of particular themes movements genres and institutions whose impact upon the writing or the reading of literature was significant An ideal companion to *The Oxford Encyclopedia of American Literature* this set will prove invaluable for students scholars and general readers For more information including a complete table of contents and list of contributors please visit www.oup.com/us/ebl
