The Highlands of Phrygia C. H. Emilie Haspels, 1971 The Description for this book The Highlands of Phrygia Sites and Monuments Two Volumes will be forthcoming **The Tongues of Angels** John C. Poirier, 2010 The Apostle Paul's reference to the tongues of angels 1 Cor 13 1 has always aroused curiosity but it has rarely been the object of a history of traditions investigation Few readers of Paul's words are aware of the numerous references and allusions to angelic languages in Jewish and Christian texts John C Poirier presents the first full length study of the concept of angelic languages and the most exhaustive attempt to assemble the evidence for that concept in ancient Jewish and early Christian texts He discusses possible references to angelic languages in the New Testament pseudepigraphic writings both Jewish and Christian the Dead Sea scrolls rabbinic texts patristic references magical writings and epigraphy The discussion is divided between those witnesses that understand angels to speak Hebrew and those that understand angels to speak an esoteric heavenly language

Women Officeholders in Early Christianity Ute E. Eisen, 2000 Here Ute E Eisen provides a scholarly investigation of the evidence that women held offices of authority in the first centuries of Christianity Topics include apostles prophets theological teachers presbyters enrolled widows deacons bishops and oikonomae The book concludes with a chapter on source oriented perspectives for a history of Christian women in official positions *The History of the Ancient World* Susan Wise Bauer, 2007-03-17 A lively and engaging narrative history showing the common threads in the cultures that gave birth to our own This is the first volume in a bold series that tells the stories of all peoples connecting historical events from Europe to the Middle East to the far coast of China while still giving weight to the characteristics of each country Susan Wise Bauer provides both sweeping scope and vivid attention to the individual lives that give flesh to abstract assertions about human history Dozens of maps provide a clear geography of great events while timelines give the reader an ongoing sense of the passage of years and cultural interconnection This old fashioned narrative history employs the methods of history from beneath literature epic traditions private letters and accounts to connect kings and leaders with the lives of those they ruled The result is an engrossing tapestry of human behavior from which we may draw conclusions about the direction of world events and the causes behind them Anatolian Interfaces Billie Jean Collins, Mary R.
