Gender, Society and Print Culture in Late-Stuart England Helen Berry,2017-03-02 Focusing on a largely unknown type of popular print culture that developed in the late 1600s the coffee house periodical Helen Berry here offers new evidence that the politics of gender far from being a marginal or frivolous topic was an issue of general interest and wide spread concern to the early modern reader Berry s study provides the first full length analysis of John Dunton s Athenian Mercury 1691 97 an influential specimen of the coffee house periodical genre as well as the original question and answer publication which addressed both men s and women s issues in one journal As the chapter headings in this book indicate the topics addressed in the agony column of the Athenian Mercury for example the body courtship and sex are of enduring interest across the centuries Berry s study of this periodical provides new insights into the gendered ideas and debates that circulated among middling sorts in early modern England An historical survey of the social effects of mass communication in the early modern period this volume makes an important contribution to the ongoing study of how gendered ideas and values were communicated culturally particularly beyond the milieu of elite groups such as the nobility and gentry It argues that the mass media was from its infancy an important means of communicating powerful messages about gender norms particularly among the middling sorts The study will appeal not only to historians women and gender studies scholars and literature scholars but also to scholars of publishing history      *Bold Dragoon* Emory M. Thomas,1999-09-01 Jeb Stuart leader of the cavalry of the Army of Northern Virginia earned the admiration of his enemies during the first three years of the Civil War Famed for his daring ride around McClellan during the Peninsula Campaign and his raid behind Union lines in Virginia and

into Maryland and Pennsylvania he was a legend long before he was killed at Yellow Tavern in 1864
