References combine for thorough search and browse capabilities in the electronic edition **Billboard**, 1947-07-19 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

Music and Technology in the Twentieth Century Hans-Joachim Braun, 2002-09-16 Braun Universitat der Bundeswehr presents 13 contributions by scholars in two fields of history musicology and technology Topics include the role of Yamaha in Japan's musical development the social construction of the synthesizer the player piano as a precursor of computer music the musical role of airplanes and locomotives the origins of the 45 RPM record violin vibrato and the phonograph Jimi Hendrix the aesthetic challenge of sound sampling and others Originally published in 2000 as I Sing the Body Electric Music and Technology in the 20th Century Annotation copyrighted by Book News Inc Portland OR

Popular Music Tara Brabazon, 2011-10-03 An incredibly wide ranging critical account of popular music The book is an essential resource for all staff and students in the field John Storey Centre for Research in Media and Cultural Studies University of Sunderland Organized in accessible sections and covering the main themes of research and teaching it examines The key approaches to understanding popular music The main settings of exchange and consumption The role of technology in the production of popular music The main genres of popular music The key debates of the present day Brabazon writes with verve and penetration Her approach starts with how most people actually consume music today and transfers this onto the plain of study The book enables teachers and students to shuffle from one topic to the other whilst providing an unparalleled access the core concepts and issues As such it is the perfect study guide for undergraduates located in this exciting and expanding field Tara Brabazon is Professor of Communication at University of Ontario Institute of Technology UOIT

Music Wars John C. Hajduk, 2018-10-15 In the mid twentieth century certain elements of the American popular music industry publishers recording companies and broadcasters began to redefine their product as something more than mere entertainment This became evident in the arguments made by competing sides in a series of clashes that unfolded during that period starting with the ASCAP Radio dispute of 1941 and ending with the payola scandal in 1959 Although these disputes typically revolved around economic issues in making their cases to the public the respective sides often asserted the significant role played by popular music in promoting core national values While such rhetoric was basically self serving when set against the backdrop of major events like World War II the Civil Rights Movement and the Cold War it resonated strongly with the public and helped convince many that popular music offered more to its audience than momentary diversion Considering that the resolutions to these conflicts also tended to expand opportunities for previously marginalized styles and performers notably African Americans and rural southerners it became natural to link popular music to ideas of social progress as well This contributed to the creation of what could be called rock and roll culture a coherent set of values related to concepts of youth authenticity sexual liberation and social

equality that emerged by the end of the 1950s These traits became a prevalent part of American culture through the end of the twentieth century with popular music seen a perhaps the most significant medium for expressing those values The Entertainment Machine Robert C. Toll,1982 This lively lavishly illustrated book explains the effects of the age of technology on American show business Ranging over nearly a century but as up to date as the latest box office hits the book traces the development of the major electronic media then compares the treatment of popular genres in each of the different media
