## The History Of Yachting:

**The History of Yachting, 1600-1815** Arthur Hamilton Clark, 1904      *The History of Yachting* Douglas Phillips-Birt, 1974-01-01      The History of Yachting Arthur Hamilton Clark, 2015-06-16 Excerpt from The History of Yachting

At first sight it seems singular that no history of the origin and early development of yachts and yachting has ever been written. A little reflection however will convince one of the amount of labor necessarily involved in such an undertaking. And had I been able to foresee the difficulties before me it is doubtful whether this task would have been begun. But once undertaken it became most interesting and as the libraries, museums and old print shops of Holland, Great Britain and the United States little by little yielded their treasures forming links here and there with many fathoms of space between it became a matter of unbounded pleasure to discover these old links, rusty though they were and forge them into a chain as complete as historical chains usually are. The researches of which this book is a portion of the harvest were begun many years ago before any indication of the present popular interest in yachting had been felt. My labors I may add have been two fold first to collect all data relating to the subject also so far as possible the contemporary portraits of the yachts to which the data refer.
