## **The Hitler Diaries:**

**Selling Hitler** Robert Harris, 1986 Based on the true story of one of the lost diaries of Adolf Hitler and how they turned out to be fake

**The Hitler Diaries** Charles Hamilton, 2021-09-15 Now for the first time the complete expose of the most daring and successful forgery of all time For seven days in April 1983 the sensational discovery of Hitler's sixty two volumes of secret diaries dominated the news headlines of the world Scholars hailed the diaries as the greatest find of the century a historical bonanza that would entirely alter our views of Hitler and the Third Reich Shocked readers followed daily

installments showing that Hitler knew nothing about the Holocaust Then in an abrupt reversal the diaries were proved to be bogus

**The Hitler Diaries** Jim Williams, 2013 A stunning literary prophecy The international bestseller that caused a sensation when it was published nine months before the Hitler Diaries forgery scandal A French aristocrat and his mistress are murdered A mysterious businessman offers the Fuehrer's diaries to a New York publishing house Are they a hoax or a record of terrifying truth A controversial historian and his beautiful assistant are commissioned to find out the answer

Together they follow a trail that draws them into a terrifying web of conspiracy and slaughter Competing forces fight to publish or suppress Hitler's account of the War and secret negotiations with his enemies Are the Diaries a genuine and shattering revision of history whose revelation must be prevented Or are they a forged sinister attempt to destabilise

contemporary Cold War politics If the Hitler Diaries are authentic then who left the bunker alive [The Hitler Diaries](#)

Richard Hugo, 1983 **Selling Hitler** Robert Harris, 1987 [The Hitler Diaries](#) Charles Hamilton, 1991 A lively chronicle of

the 1983 sensation in which historians and the media and their credulous public were tricked by a petty German thief into temporarily rewriting the history of the Third Reich Handwriting expert Hamilton details his role in exposing the hoax and recounts the circus like trial Annotation copyrighted by Book News Inc Portland OR

reveals about society's understanding of history *The Hitler Diaries* C. A., A. A., 199? **The Hitler Virus** Peter

Wyden, 2012-02 More than a half century after Adolf Hitler committed suicide in a Berlin bunker the dictator's legacy and influence lives on precisely as he predicted before putting the gun to his head In the spring of 1945 as it became increasingly

clear that the Nazi cause was lost Hitler dictated his final political testament to his secretary Out of my personal commitment the seed will grow again one day one way or another for a radiant rebirth of the National Socialist movement in a truly united

nation The next day Hitler ended the Nazi regime by committing suicide Respected author and publisher Peter Wyden who himself escaped the Nazis has returned to Germany many times over the years and to his dismay he has found evidence that

Hitler's last testament was startlingly accurate Though the Nazi cause had been exposed and vilified worldwide it is still clandestinely cherished by many In the process of documenting manifestations of Hitler's far reaching influence which he

termed the Hitler virus Wyden discovered that its carriers were not merely to be found among the older generation but an

alarming number of outbreaks of the virus are among the young adults who find in Hitler a moral and spiritual guide aided and abetted by a new breed of right wing academics who make the rewriting of history their mission and a new generation of politicians whose agendas are frighteningly close to those of young Hitler In these often chilling pages Wyden recounts the results of his research and points out that the Hitler virus is indeed still a cause for concern worldwide **The Hitler**

world history Every year an untold number of articles and books are published and television programs and internet pages are produced by respected historians through to amateur conspiracy theorists One of the consequences of this continuous flow of stories is that over time increasing numbers of falsehoods and fabrications have emerged about Hitler Many of these have subsequently gained credence by virtue of their constant repetition however bizarre they may be These include such claims that Hitler was impotent contradicted by another myth that he had an illegitimate son that he had Jewish ancestors or that he had killed his niece Another claim one of the most persistent is that he did not commit suicide but escaped Berlin to live in Argentina for years after the war despite his well recorded failing health What is the truth about his corpse his sexual experiences his years of poverty his complete dominance of his subordinates How much of what we think we know is the result of intentional or misunderstood modern interpretations Many rumours also circulated during Hitler s life and with the passage of time have been presented as facts despite having no substantial foundation Was Hitler really a hero of the First World War and if so why was he not promoted beyond the rank of corporal Was he the true author of Mein Kampf and did he

write a second book that was never published and was Hitler initially a socialist In *The Hitler Myths* the author clinically dissects many of these myths often in a highly amusing fashion as he exposes the inaccuracies and impossibilities of the stories The myths the familiar and the obscure are discussed chronologically following the course of Hitler's life In his analysis of each of the myths the author draws on an array of sources to prove or disprove the rumours and speculations once and for all
