

The Human Person: Animal and Spirit

Fergus Kerr OP

In 1988 David Braine, who has taught philosophy at the University of Aberdeen for many years, published *The Reality of Time and the Existence of God*, a metaphysical proof of God's existence. Now, in this second book, *The Human Person: Animal and Spirit* (Duckworth, London, 1993) which certainly stands on its own although we are frequently referred back to the earlier book and forward to two (if not three) forthcoming volumes, he reconstructs the argument advanced by Thomas Aquinas in favour of our immortality, an even more audacious enterprise in the present intellectual climate.

The first move is to cut off every form of dualism which splits the animals that we human beings are into parts that then have to be related to one another. The traditional mind/body dualism to which Platonist Christians have always been attracted is, so David Braine argues, no different from the brain/mind identity theories which currently flourish under such labels as physicalism, behaviourism and so on. While of course he conducts the argument with reference in general terms to current literature he is surely right in saying that the modern debates raise no issues that would surprise Aquinas. The Platonists paid attention only to the immateriality of the human intellect while the pre-Socratic Ionians believed that knowledge is simply physical (cf *Summa Theologiae*, Ia 84, 2). The greater threat nowadays to the unitariness of the human being is, as Braine says, various forms of materialism and, in particular, some of the Artificial Intelligence theories. But mind-realized-in-brain theories are no different philosophically from soul-imprisoned-in-body ones. Even distinguished philosophers such as Norman Malcolm and Michael Dummett (themselves Christian) exhibit 'a reductionist tendency of a behaviourist kind' (page 192, cf 392). The idea, on the other hand, that the person is invisible in a private world is 'a peculiar excrecence of post-Reformation thought, whether empiricist or existentialist' (page 495). David Braine, appealing frequently to Wittgenstein, Merleau-Ponty, Ryle and J.L. Austin, steers his way through these extremes and builds up a convincingly holistic account of human beings as animals which is, as he says, essentially the Aristotelian perspective which was mostly abandoned in the seventeenth century.

The Human Person Animal And Spirit

Durka, Kathleen Engebretson, Robert
Jackson, Andrew McGrady**

The Human Person Animal And Spirit:

The Human Person David Braine, 2019-07-09 A philosophical work that addresses the validity of the question What is it for the human being to be an animal and for this animal to be a spirit Braine argues that the perspectives of materialism and dualism are different casts of the same flawed mold and offers a holistic alternative Braine further argues that perception is inseparable from behavior and that the human propensity to produce language separates us from other animals Culminating in a discussion of the meaning of death this is rich and passionate philosophical argument for the human being as animal and soul The Human Person David Braine, 1993-01-01 Phenomenology of the Human Person Robert

Sokolowski, 2008-05-12 In this book Robert Sokolowski argues that being a person means to be involved with truth He shows that human reason is established by syntactic composition in language pictures and actions and that we understand things when they are presented to us through syntax Sokolowski highlights the role of the spoken word in human reason and examines the bodily and neurological basis for human experience Drawing on Husserl and Aristotle as well as Aquinas and Henry James Sokolowski here employs phenomenology in a highly original way in order to clarify what we are as human agents Body, Soul, and Life Everlasting John W. Cooper, 2000 This widely acclaimed study of biblical anthropology is available once more along with a substantial new preface by the author Fully engaged with theological philosophical and scientific discussions on the nature of human persons and their destiny beyond the grave John Cooper's defense of holistic dualism remains the most satisfying and biblical response to come from the monism dualism debate First published in 1989

Body Soul and Life Everlasting is required reading for Christian philosophers theologians psychologists and students interested in the mind body question **The Fittingness of the Incarnation** David Braine, 2025-02-21 The Fittingness of the Incarnation collects David Braine's best unpublished philosophical and theological essays The essays contained herein are representative of Braine's careful rich and distinctive work As one of the more interesting philosophers of his generation David Braine offered a realist account of the world God's existence the human person and language through his major works and these essays help follow through on some of those thoughts explain underlying metaphysical or epistemological principles and we see many of these applied in his theological essays Additionally the book includes Braine's plans for books on the realism of St Thomas Aquinas which helps us see again his vision for a unified philosophical account and the Incarnation which shows how Braine's philosophical anthropology informs Altogether the book contributes the final papers of David Braine to the fields at large

The Irreducibility of the Human Person Mark K. Spencer, 2022-03-25 This book presents a philosophical portrait of human persons that depicts each way in which we are irreducible with the goal of guiding the reader to perceive wonder at and love all the unique features of human persons It builds this portrait by showing how claims from many strands of the Catholic tradition can be synthesized These strands include Thomism Scotism phenomenology personalism nouvelle th eologie analytic philosophy and Greek and Russian thought The book focuses on how

these traditions claims are grounded in experience and on how they help us to perceive irreducible features of persons This book also explores irreducible features of our subjectivity senses intellect freedom and affections and of our souls bodies and activities The Perspective of Morality Martin Rhonheimer,2011 At every stage in the argument brief and insightful notes carry on a rapier like face off with almost every significant ethical philosopher of the last three or four centuries making clear how much Rhonheimer has gained from those with whom he has disagreed This is at once a return to a refreshingly profound understanding of the texts of Thomas Aquinas and Aristotle and a new synthesis of ethics for our time Pub desc Gale Researcher Guide for: The Human Person in St. Thomas Aquinas Joseph W. Koterski,2018-08-30 Gale Researcher Guide for The Human Person in St Thomas Aquinas is selected from Gale s academic platform Gale Researcher These study guides provide peer reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research **The Perspective of the Acting Person** Martin Rhonheimer,2008-02 The Perspective of the Acting Person introduces readers to one of the most important and provocative thinkers in contemporary moral philosophy In this collection of essays Martin Rhonheimer examines the central themes of natural law moral action and virtue emphasized by John Paul II s 1993 encyclical Veritatis Splendor Rhonheimer s work follows the general direction taken by the encyclical through an almost unprecedented rigor of philosophical argumentation and level of engagement with both European and American scholarship Rhonheimer argues extensively from the texts of Aquinas against aspects of more traditional interpretations of the Angelic Doctor He maintains that their deficiencies helped precipitate both the postconciliar crisis in moral theology and the rise of revisionist approaches He addresses not only the central topics of natural law and moral action but also the reasonableness of Christian morality the relation between nature and reason and that between metaphysics and ethics All are considered from the distinctively moral perspective of the agent Rhonheimer also responds to critics of both Veritatis Splendor and his own work and critiques works by revisionist moral theologians The collection focuses on Rhonheimer s fundamental ethical theory establishing the theoretical bases for his more applied works in areas such as sexual ethics political philosophy social ethics and medical ethics A detailed introduction by William F Murphy Jr sketches Rhonheimer s intellectual biography and the development of his thought and summarizes key content from the essays Finally a detailed bibliography of Rhonheimer s work is included which further enhances the volume s value to moral philosophers and theologians Martin Rhonheimer is professor of ethics and political philosophy at the Pontifical University of the Holy Cross in Rome His publications include a dozen books several of which have been translated into multiple languages His Natural Law and Practical Reason was the first of his books to be made available in English William F Murphy Jr is associate professor of moral theology at the Pontifical College Josephinum and editor of the Josephinum Journal of Theology PRAISE FOR THE BOOK The recent rediscovery of the perspective of the acting person is one of the most decisive advances for moral theology which allows the resolution of many aporias of modern ethics We should be thankful to William Murphy

for this collection Rhonheimer is a master and a necessary point of reference for rereading in this fresh and comprehensive perspective the Common Doctor of Catholic theology St Thomas Aquinas Msgr Livio Melina President and Professor of Moral Theology Pontifical John Paul II Institute for Studies on Marriage and Family Rome Murphy introduces Rhonheimer to Anglo American ethicists by way of judicious samples of his work astutely contextualized for ethicists of all persuasions The key to the work lies in articulating a virtue centered conception of morality from the first person perspective of the acting person who perceives goods to be pursued and acts freely through reason and will By reading Aristotle and Aquinas in critical engagement with prevailing ethical stances underlying conundrums of ethics classical and modern emerge into clearer light David B Burrell C S C Hesburgh Professor Emeritus of Philosophy and Theology University of Notre Dame Rhonheimer has taken his place as one of the more significant moralists writing in the post conciliar period His reasoning reflecting closely the rationale of the decisive paragraph 78 of *Veritatis Splendor* avoids weaknesses that characterize both the neo Thomistic manualists of the first half of the 20th century and more recent revisionists Murphy has done a great service

Thomas Aquinas on the Immateriality of the Human Intellect Adam Wood, 2020 The chief aims of Thomas Aquinas on the Immateriality of the Human Intellect are to provide a comprehensive interpretation of Aquinas's oft repeated claim that the human intellect is immaterial and to assess his arguments on behalf of this claim Adam Wood argues that Aquinas's claim refers primarily to the mode in which the human intellect has its act of being That the human intellect has an immaterial mode of being however crucially underwrites Aquinas's additional views that the human soul is subsistent and incorruptible To show how it does so Wood argues that the human intellect's immateriality can also be put in terms of the impossibility of explaining its operations in terms of coordination between bodily parts states and processes Aquinas's arguments for the human intellect's immateriality therefore can be understood as attempts to show why intellectual operations cannot be explained in bodily terms The book argues that not all of them succeed in this aim and also proposes however a novel interpretation of Aquinas's argument based on human intellect's universal mode of cognition that may indeed be sound Wood concludes by considering the ramifications of Aquinas's position on matters pertaining to the afterlife Thomas Aquinas on the Immateriality of the Human Intellect represents the first book length examination of Aquinas's claim that the human intellect is immaterial and so given the centrality of this claim to his thought should interest any scholars interested in understanding Thomas While it focuses throughout on careful attention to Aquinas's texts along with the relevant secondary literature it also positions Thomas's thought alongside recent developments in metaphysics and philosophy of mind Hence it should also interest historically minded metaphysicians interested in understanding how Thomas's hylomorphism intersects with recent work in hylomorphic metaphysics philosophers of mind interested in understanding how Thomas's philosophical psychology relates to contemporary forms of dualism physicalism and emergentism and philosophers of religion interested in the possibility of the resurrection

The Soul of the Person Adrian J. Reimers, 2006 The Soul of the Person is a contemporary

account of the metaphysical basis for the transcendence of the human person In being directed toward truth beauty and goodness the human person transcends the physical order and reveals himself as a spiritual as well as a material being

Language and Human Understanding David Braine,2014-02-03 Philosopher psychologist and linguist are all concerned with natural language Accordingly in seeking a unified view Braine draws on insights from all these fields sifting through the discordant schools of linguists He concludes that one extended logic or integrated semantic syntax shapes grammar but without constricting languages to being of one grammatical type

The Missing Link Roy Abraham Varghese,2013 The Missing Link blazes a unique trail through the conundrums and controversies generated by evolutionary theory and religious thought To date these debates have centered on the origin of species This book however turns the spotlight on the origins of consciousness thought and the self while also considering the relationship between God and science Remarkably Darwin himself highlighted the relevance of the origin of consciousness to the question of a creator Therefore The Missing Link works within a framework that was laid out at the dawn of the creation evolution debate Since that time however this framework has rarely been considered or explored The unifying theme of this volume is the conclusion that the existence of God is grounded in rational thought Contributors to The Missing Link include three Nobel Prize winners renowned scientists from Oxford Cambridge and Harvard and noted contemporary philosophers of consciousness language and the self

The Dance of Person and Place Thomas M. Norton-Smith,2010-04-29 Ever since first contact with Europeans American Indian stories about how the world is have been regarded as interesting objects of study but also as childish and savage philosophically curious and ethically monstrous Using the writings of early ethnographers and cultural anthropologists early narratives told or written by Indians and scholarly work by contemporary Native writers and philosophers Shawnee philosopher Thomas Norton Smith develops a rational reconstruction of American Indian philosophy as a dance of person and place He views Native philosophy through the lens of a culturally sophisticated constructivism grounded in the work of contemporary American analytic philosopher Nelson Goodman in which stories or world versions satisfying certain criteria construct actual worlds words make worlds Ultimately Norton Smith argues that the Native stories construct real worlds as robustly as their Western counterparts and in so doing he helps to bridge the chasm between Western and American Indian philosophical traditions

Unity of Body and Soul or Mind-Brain-Being? Marcus Knaup,2018-11-21 The relationship between our living body and our soul our mental expressions of life and our physical environment are both classical topics for discussion and ones which currently present themselves as part of a truly exciting philosophical debate are we today still able to speak of a soul And what is meant by a living body German Leib Does our brain dictate what we will and do Or do we have free will Why are we the same people tomorrow that we were yesterday Given the discoveries of the modern neural sciences can human beings still be understood in the context of the unity of body and soul Or should we rather define ourselves as mind brain beings German Gehirn Geist Gestalten Marcus Knaup explores these questions and discusses the most relevant

approaches and arguments concerning the living body soul debate His own approach to current challenges presented by modern brain research emanates from his bringing together Aristotelian Hylomorphism and phenomenology of the living body German Leibnizian phenomenology

International Handbook of the Religious, Moral and Spiritual Dimensions in Education Marian de Souza, Gloria Durka, Kathleen Engebretson, Robert Jackson, Andrew McGrady, 2007-06-04 Traditionally spirituality has resided and been contained within religious frameworks but while the links between the two areas are still acknowledged by many in the contemporary world spirituality is perceived by some as an aspect of human life that is distinct from religion Consequently many are searching for meaning within and without religious traditions today and seeking answers to ethical and moral questions that have been generated by the knowledge and technological explosion One outcome is the renewed interest in the religious spiritual and moral dimensions of education throughout the life cycle This International Handbook presents the research and professional practice of scholars who are daily engaged in the consideration of these dimensions in education The result is a collection of essays which reflects the discipline in all of its internationality as it is today Embedded within the chapters is also an agenda for the future where the religious moral and spiritual dimensions in education are proposed as an exciting and challenging way forward for educators at all levels in society As well it offers a vision for the emergence of a peaceful and just world

The Philosophical Theology of Austin Farrer Brian Hebblethwaite, 2007 Thirty years of reflection on the philosophical theology of Austin Farrer lie behind the nine chapters of this book in which Farrer's seminal work on faith and reason providence and evil finite and infinite freedom evolution and creation and the doctrines of the Incarnation and the Trinity is discussed and developed Austin Farrer Fellow and Chaplain of Trinity College Oxford for twenty years then Warden of Keble College till his death in 1968 is widely regarded as the most significant Anglican philosophical theologian of the twentieth century His unparalleled combination of philosophical acuity theological insight and spiritual profundity have earned him lasting admiration and influence wherever the mainstream Christian tradition is valued and thought worthy of further exploration and fresh interpretation These studies are offered in the hope that a new generation of philosophical theologians will find inspiration and encouragement in Farrer's work

A Philosophy of Hope Bernard N. Schumacher, 2003 Schumacher looks at hope as a virtue one opposed by vices such as despair and presumption particularly as they are treated in existentialism and Marxism He also explores Pieper's treatment of hope in relation to the ideas of death and immortality and in the philosophy of history Using the idea of hope to examine such themes as dignity ethics the good and the just Schumacher provides a valuable wide ranging introduction to a shaper of contemporary Christian thought against a richly drawn intellectual background

BOOK JACKET **The Spiritual Soul** Matthew J. Churchouse, 2024-04-30 What is the human soul What does it do How does it relate to the brain and body What is happening in the soul when a person encounters the Holy Spirit These are some of the questions addressed in *The Spiritual Soul* as it advances towards its overall goal of proposing a renewed Pentecostal Charismatic understanding of what constitutes a

human being In pursuing this overarching intention Churchouse responds to the anthropology of two leading Pentecostal scholars Amos Yong and Veli Matti K rkk inen specifically their theological models concerning what a human is constituted essentially made up of to offer an enhanced Pentecostal model in preference to their monistic view Drawing upon the sources of biblical studies the philosophy of mind and upon the pneumatology that flows from Pentecostal spirituality Churchouse advances a renewed understanding of the human soul one illumined by the spirit and the Spirit to engender his distinctive Pentecostal model of human constitution *The Human Being as Spiritual Being Evolving through the Course of History* Rudolf Steiner, 2025-05-19 If we lived only in worlds of spirit as we do between death and a new birth we would never be able to acquire freedom there It is something we can only achieve by our efforts within the physical world Rudolf Steiner Rudolf Steiner s lucid account of our current phase of evolution focuses on the threefold human being and the significance of incarnation on Earth In a nuanced presentation he supports the modern scientific outlook but highlights the urgent need to broaden it emphasizing the importance of balance in thinking feeling and will Withdrawing into abstract intellectualism while letting feeling and will run amok leads to unconscious egotism and ultimately the War of All Against All In place of nebulous mysticism or narrow materialism Steiner calls on us to bring our thoughts feelings and actions under conscious self control so that for our benefit and society as a whole we can live our lives with clarity far sightedness and purpose Intrinsic to this reassessment of ourselves and our place in the universe is a recognition of death as a gateway to continuing existence Only by acknowledging our journey into the afterlife and our return to earth reincarnation will we take charge of a truly human evolution This previously unpublished course of lectures released in tandem with the twin course in CW 205 features an introduction by Matthew Barton notes and an index Eleven lectures Dornach July Aug 1921 GA 206

The Human Person Animal And Spirit Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has be much more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**The Human Person Animal And Spirit**," published by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we will delve in to the book is central themes, evaluate its unique writing style, and assess its overall influence on its readership.
