The Humanitarians The Ten Hour Movement In England:

The Humanitarians and the Ten Hour Movement in England Raymond Gibson Cowherd,1956 *The Humanitarians and the Ten Hour Movement in England, by Raymond G. Cowherd,... [Preface by Arthur H. Cole.].* Raymond Gibson Cowherd,Arthur Harrison Cole,1956 **The Ten Hours Parson** John Clifford Gill,1959 Victorian England 1837-1901 Josef Lewis Altholz,J. L. Altholz,2002-08-22 This book contains 2 500 bibliographical entries covering most aspects of the history of Victorian England *Limited Livelihoods* Sonya O. Rose,2003-09-02 Integrating analytical tools from feminist theory cultural studies and sociology to illuminate detailed historical evidence Sonya Rose argues that gender was a central organizing principle of the nineteenth century industrial transformation in England She elaborates a cultural theory of gender that suggests why it is an inherent aspect of all social and economic relations Analysing employer strategies and state policies and the role of work in family life she demonstrates that neither industrial transformation nor class relations can be understood when reduced to gender neutral and abstract forces **Late Georgian and Regency England, 1760-1837** Robert A. Smith,2004-07-08 A guide to historical literature on England between 1760 and 1837 emphasising more recent work **A Quest for Time** Gary Cross,2022-08-19 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1989 **Britain in the Hanoverian Age, 1714-1837** Gerald Newman,Leslie Ellen Brown,1997 In 1714 king George I ushered in a remarkable 123 year period of energy that changed the face of Britain and ultimately had a profound effect on the modern era The pioneers of modern capitalism industry democracy literature and even architecture flourished during this time and their innovations and influence spread throughout the British empire including the United States Now this rich cultural period in Britain is effectively surveyed and summarized for quick reference in a first of its kind encyclopedia which contains entries by British Canadian American and Australian scholars specializing in everything from finance and the fine arts to politics and patent law More than 380 illustrations mostly rare engravings enhance the coverage which runs the whole gamut of political economic literary intellectual artistic commercial and social life and spotlights some 600 prominent individuals and families The politics of hunger Carl J. Griffin,2020-02-18 The 1840s witnessed widespread hunger and malnutrition at home and mass starvation in Ireland And yet the aptly named Hungry 40s came amidst claims that notwithstanding Malthusian prophecies absolute biological want had been eliminated in England The eighteenth and early nineteenth centuries were supposedly the period in which the threat of famine lifted for the peoples of England But hunger remained in the words of Marx an unremitted pressure The politics of hunger offers the first systematic analysis of the ways in which hunger continued to be experienced and feared both as a lived and constant spectral presence It also examines how hunger was

increasingly used as a disciplining device in new modes of governing the population Drawing upon a rich archive this innovative and conceptually sophisticated study throws new light on how hunger persisted as a political and biological force

Factory Girls Paul Chrystal,2022-12-01 Ever since there have been factories women and children have more often than not worked in those factories What is perhaps less well known is that women also worked underground in coal mines and overground scaling the inside of chimneys Young children were also put to work in factories and coalmines they were deployed inside chimneys often half starved so that they could shin up ever narrower flues This book charts the unhappy but aspirational story of women and children at work through the Industrial Revolution to the beginning of the 20th century Without women there would have been no pre industrial cottage industries without women the Industrial Revolution would not have been nearly as industrial and nowhere near as revolutionary Many women and children were obliged to take up work in the mills and factories long hours dangerous often toxic conditions monotony bullying abuse and miserly pay were the usual hallmarks of a day s work before they headed homeward to their other job keeping home and family together This long overdue and much needed book also covers the social reformers the role of feminism and activism and the various Factory Acts and trade unionism We examine how women and children suffered chronic occupational diseases and disabling industrial injuries life changing and life shortening and often a one way ticket to the workhouse The book concludes with a survey of the art literature and the music which formed the soundtrack for the factory girl and the climbing boys Greed, Lust and Gender Nancy Folbre,2009-10-22 This book dramatizes the history of self interest by describing a centuries long debate over greed lust and appropriate gender roles in terms that ordinary readers will enjoy Ranging from the 18th century to the present it offers a deft and engaging critique of economic history and the history of ideas from a feminist perspective

The Economic and Social Importance of the Eight-hour Movement George Gunton,1889 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1958 Includes Part 1 Number 1 2 Books and Pamphlets Including Serials and Contributions to Periodicals January December *The People's Year Book and Annual of the English & Scottish Wholesale Societies* ,1919 **A Cultural History of Work in the Age of Empire** Victoria E.

Thompson,2020-09-17 Winner of the 2020 PROSE Award for Multivolume Reference Humanities The period 1800 1920 was one in which work processes were dramatically transformed by mechanization factory system the abolition of the guilds the integration of national markets and expansion into overseas colonies While some continued to work in trades that were similar to those of their parents and grandparents increasing numbers of workers found their workplace and work processes changed often in ways that were beyond their control Workers employed a variety of means to protest these changes from machine breaking to strikes to migration This period saw the rise of the labor union and the working class political party It was also a time during which ideas about work changed dramatically Work came to be seen as a source of pride progress and even liberation and workers garnered increased interest from writers and artists This volume explores the multi faceted

experience of workers during the Age of Empire *A Cultural History of Work in the Age of Empire* presents an overview of the period with essays on economies representations of work workplaces work cultures technology mobility society politics and leisure *Church and State in Modern Britain 1700-1850* Richard Brown,2002-01-04 In this the second part of his history of the Industrial Revolution Richard Brown examines the political and religious developments which took place in Britain between the 1780s and 1840s in terms of the aristocratic elite and through the expression of alternative radical ideologies Opening with a discussion of the nature of history and of Britain in 1700 it goes on to consider Britain s foreign policy the emergence of the modern state and the mid century crisis of the 1840s Unlike many previous works it emphasises British not just English history It is this diversity of experience and the focus on continuity as well as change women as well as men that makes this a distinctive text Students will also find the theoretical foundations of historical narrative and analysis clearly explained *An Economic History of the United States Since 1783* Francis G. Walett,2013-11-05 First Published in 2005 This is Volume two of a series on the Economic History of the USA This book provides a summary of the phases of economic growth It presents in succinct form and in the most common organization the essential facts about the economic development of the American people While prepared as a summary or digest of the subject suitable for study and review in conjunction with any standard text the book has a unity and an organization which permit its independent use **Labor in America** Melvyn Dubofsky,Joseph A. McCartin,2024-09-04 The gold standard of American labor history references updated to include the latest political social and economic developments of the 2020s *Labor in America A History Tenth Edition* is a comprehensive and authoritative discussion of the U S labor movement from the colonial era to the 2020s Authors Melvyn Dubofsky and Joseph A McCartin have expanded and updated their landmark text incorporating significant recent events and their implications for American labor The book addresses the continuing and evolving challenges faced by American workers critical developments in U S labor history the impact of economic and political changes and more Dubofsky and McCartin offer nuanced analyses of workers collective actions the formation of unions and the role of labor in shaping American society They provide a rich historical context and a detailed narrative of labor history for students scholars and laypersons alike The authors also explain the likely impact of major contemporary trends on workers including the rise of the gig economy and discuss the most critical influences on modern U S labor An invaluable resource for anyone interested in the history and future of labor in the United States *Labor in America A History* will undoubtedly remain the gold standard in the field for years to come *The Factory Question and Industrial England, 1830-1860* Robert Gray,2002-04-04 *The Factory Question and Industrial England* addresses the continuing controversy over industrialisation It investigates different perceptions of the factory system either as a threat or a promise and the contested meanings of waged work in industry Making use of a great variety of sources such as sermons medical treatises fictional and visual representations Robert Gray places the languages of debate in their cultural contexts paying particular attention to the shifting constructions of class and gender in the rhetoric of

reform and the ambiguities and tensions inherent in protective legislation He then relates patterns of conflict over factory legislation to the features of specific industrial towns The combination of regional cultural and textual analysis makes this book a coherent and original contribution to the study of industrial Britain in the nineteenth century *University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles* University of California (System). Institute of Library Research, University of California, Berkeley, 1972
