Sisters in Struggle Debby Woodroffe, 1982-02 **Slave Breeding** Gregory D. Smithers, 2012-11-01 This book is an exploration of the idea of selective and forced slave breeding in the U S based on the collective memory and folktales of the descendants of enslaved people For over two centuries the topic of slave breeding has occupied a controversial place in the master narrative of American history From nineteenth century abolitionists to twentieth century filmmakers and artists Americans have debated whether slave owners deliberately and coercively manipulated the sexual practices and marital status of enslaved African Americans to reproduce new generations of slaves for profit In this bold and provocative book a historian investigates how African Americans have narrated remembered and represented slave breeding practices He argues that while social and economic historians have downplayed the significance of slave breeding African Americans have never been able to forget the trauma of violence and sexual coercion associated with the plantation South By placing African American histories and memories of slave breeding within the larger context of America s history of racial and gender discrimination the author reveals how sexual exploitation was both experienced and remembered by African Americans to inform how Black Americans understand the political social and cultural nature of life in the United States This fascinating provocative work sheds much needed light on African American cultural memories the perceptions of fragile Black families and the long history of racially motivated violence against men women and children of color The Manuscript Inventories and the Catalogs of Manuscripts, Books, and Periodicals: Book catalog, Pio-State L Arthur and Elizabeth Schlesinger Library on the History of Women in America, 1984 *Revolutionary Marxist Students in Poland Speak Out* ,1972 *The Women's Movement in the Seventies* Albert Krichmar, Virginia Carlson Smith, Ann E.
