students coming to the subject for the first time or preparing for field examinations instructors in American literature courses and scholars with more specialized interests in specific authors genres movements or periods     The Lab Matthew Clark Davison,Alice LaPlante,2025-07-22 Great writing doesn't begin with form it begins with obsession Two novelists offer an inspiring guide to transforming that obsession using whatever genre fits best Writers don't need formulas they need encouragement to take risks The Lab offers a bold hands on approach urging writers to embrace uncertainty experiment with form and investigate what haunts them The Lab features ten chapters and ninety exercises challenging writers to play with fiction memoir and poetry or push toward hybrid or entirely new forms This is a book for those ready to dig deep and write fearlessly     **The Truth of Memoir** Kerry Cohen,2014-12-19 Baring the Truth in Your Memoir When you write a memoir or personal essay you dare to reveal the truths of your experience about yourself and about others in your life How do you expose long guarded secrets and discuss bad behavior How do you gracefully portray your family members friends spouses exes and children without damaging your relationships How do you balance your respect for others with your desire to tell the truth In The Truth of Memoir best selling memoirist Kerry Cohen provides insight and guidelines for depicting the characters who appear in your work with honesty and compassion You'll learn how to choose which details to include and which secrets to tell how to render the people in your life artfully and fully on the page and what reactions you can expect from those you include in your work as well as from readers and the media Featuring over twenty candid essays from memoirists sharing their experiences and advice as well as exercises for writing about others in your memoirs and essays The Truth of Memoir will give you the courage and confidence to write your story and all of its requisite characters with truth and grace Kerry Cohen's The Truth of Memoir is a smart soulful psychologically astute guide to first person writing She reveals everything you want to know but were afraid to ask about telling your life story Susan Shapiro author of eight books including *Only As Good as Your Word* and co author of *The Bosnia List*     *The Telling and the Tale: an Introductory Guide to Short, Creative Prose* ,     Profile Pieces Sue Joseph,Richard Lance Keeble,2015-10-14 This book examines the history theory and journalistic practice of profile writing Profiles and the practice of writing them are of increasing interest to scholars of journalism because conflicts between the interviewer and the subject exemplify the changing nature of journalism itself While the subject often through the medium of their press representative struggles to retain control of the interview space the journalist seeks to subvert it This interesting and multi layered interaction however has rarely been subject to critical scrutiny partly because profiles have traditionally been regarded as public relations exercises or as soft journalism However chapters in this volume reveal not only that profiling has historically taken many different forms but that the idea of the interview as a contested space has applications beyond the subject of celebrated individuals The volume looks at the profile's historical beginnings at the contemporary manufacture of celebrity versus the ordinary at profiling communities countries and movements at profiling the destitute at sporting personalities and finally at profiling and trauma     **Engaging Teens**

Miller, Lisa Lenard-Cook, 2013-05-31 Every person has a story to tell but few beginners know how to uncover their story's narrative potential. And despite a growing interest among students and creative writers, few guides to the genre of memoirs and creative nonfiction highlight compelling storytelling strategies. Addressing this gap, the authors provide a guide to memoir writing that shows how an aspiring writer can use storytelling tools and tactics borrowed from fiction to weave personal experiences into the shape of a story.

Use Your Words Kate Hopper, 2012-04-02 **USE YOUR WORDS** introduces the art of creative nonfiction to women who want to give written expression to their lives as mothers. Written by award-winning teacher and writer Kate Hopper, this book will help women find the heart of their writing, learn to use motherhood as a lens through which to write the world, and turn their motherhood stories into art. Each chapter of **USE YOUR WORDS** focuses on an element of craft and contains a lecture, a published essay, and writing exercises that will serve as jumping off points for the reader's own writing. Chapter topics include the importance of using concrete details, an overview of creative nonfiction as a genre, character development, voice, humor, tense, and writing the hard stuff, reflection, and back story, structure, revision, and publishing. The content of each lecture is aligned with the essay/poem in that chapter to help readers more easily grasp the elements of craft being discussed. Together, the chapters provide a unique opportunity for mother writers to learn and grow as writers. **USE YOUR WORDS** takes the approach that creative writing can be taught, and this underscores each chapter. When students learn to read like writers, to notice how a piece is put together, and to question the choices a writer makes, they begin to think like writers. When they learn to ground their writing in concrete sensory details and begin to understand how to create believable characters and realistic dialogue, their own writing improves. **USE YOUR WORDS** reflects Kate's style as a teacher, guiding the reader in a straightforward, nurturing, and passionate voice. As one student noted in a class evaluation, "Kate is a born writer and teacher, and her enthusiasm for essays about motherhood and for teaching the nuts and bolts of writing so that ordinary mothers have the tools to write their stories is a gift to the world. She is raising the value of motherhood in our society as she helps mothers build their confidence and strengthen their game as writers."      **Rhetorical Healing** Tamika L. Carey, 2016-09-30 Since the Black women's literary renaissance ended nearly three decades ago, a profitable and expansive market of self-help books, inspirational literature, family-friendly plays, and films marketed to Black women has emerged. Through messages of hope and responsibility, the writers of these texts develop templates that tap into legacies of literacy as activism, preaching techniques, and narrative formulas to teach strategies for overcoming personal traumas or dilemmas and resuming one's quality of life. Drawing upon Black vernacular culture as well as scholarship in rhetorical theory, literacy studies, Black feminism, literary theory, and cultural studies, Tamika L. Carey deftly traces discourses on healing within the writings and teachings of such figures as Oprah Winfrey, Iyanla Vanzant, T. D. Jakes, and Tyler Perry, revealing the arguments and curricula they rely on to engage Black women and guide them to an idealized conception of

wellness As Carey demonstrates Black women s wellness campaigns indicate how African Americans use rhetorical education to solve social problems within their communities and the complex gender politics that are mass produced when these efforts are commercialized
