Ballparks of the Deadball Era Ronald M.

Selter,2011-11-22 While most serious fans know that the Deadball Era was characterized by low scoring aggressive baserunning and strong pitching few understand the extent to which ballparks determined the style of play As it turns out the general absence of standardization and the ever changing dimensions configurations and ground rules had a profound effect on the game as offensive production would rise and fall sometimes dramatically from year to year Especially in the early

years of the American League home teams enjoyed an unprecedented advantage over visiting clubs The 1901 Orioles are a case in point as the club batted an astounding 325 at Oriole Park IV some 60 points above their road average and 54 points better than visitors to the park Organized by major league city this comprehensive study of Deadball parks and park effects provides fact filled data heavy commentary on all 34 ballparks used by the American and National Leagues from 1901 through 1919 Illustrations and historical photos are included along with a foreword by Philip J Lowry and a final chapter that offers an assessment of the overall impact of parks on the era

Retro Ball Parks Daniel Rosensweig, 2023-09-08 Oriole Park at Camden Yards in Baltimore opened in 1992 as an intentional antidote to the modern multiuse athletic stadium Home to only one sport and featuring accents of classic parks of previous generations Oriole Park attempted to reconstitute Baltimore s past while serving as a cornerstone of downtown redevelopment Since the gates opened at Camden yards more than a dozen other American cities have constructed new old major league parks Cleveland Detroit Seattle Pittsburgh Milwaukee Atlanta Denver Phoenix San Francisco Cincinnati Houston Arlington Texas and San Diego In Retro Ball Parks Daniel Rosenweig explores the cultural and economic role of retro baseball parks and traces the cultural implications of re creating the old in new urban spaces According to Rosenweig the new urban landscape around these retro stadiums often presents a more homogenous culture than the one the new park replaced Indeed whole sections of cities have razed in order to build stadiums that cater to clientele eager to enjoy a nostalgic urban experience This mandate to draw suburban residents and tourists to the heart of downtown combined with the accompanying gentrification of these newly redeveloped areas has fundamentally altered historic urban centers Focusing on Cleveland s Jacobs Field as a case study Rosenweig explores the political economy

surrounding the construction of downtown ball parks which have emerged as key components of urban entertainment based development. Blending economic and cultural analysis he considers the intersection of race and class in these new venues. For example he shows that African American consumers in the commercial district around Jacobs Field have largely been replaced by symbolic representations of African American culture such as piped in rap music and Jackie Robinson replica jerseys. He concludes that the question of authenticity, the question of what it means to simultaneously commemorate and commodify the past in retro ball parks mirrors larger cultural issues regarding the nature and implications of urban redevelopment and gentrification.

Daniel Rosensweig is a professor in the Bachelor of Interdisciplinary Studies Program at the University of Virginia. [The 1934 St. Louis Cardinals](#) Edited by Charles F. Faber, The 1934 St. Louis Cardinals were one of the most colorful crews ever to play the National Pastime. Sportswriters delighted in assigning nicknames to the players based on their real or imagined qualities. What a cast of characters it was. None was more picturesque than Pepper Martin the Wild Horse of the Osage who ran the bases with reckless abandon, led his team mates in off the field hi jinks and organized a hillbilly band called the Mississippi Mudcats. He was quite a baseball player, the star of the 1931 World Series and a significant contributor to the 1934 championship. The harmonica player for the Mudcats was the irrepressible Dizzy Dean. Full of braggadocio Dean delivered on his boasts by winning 30 games in 1934, the last National League hurler to achieve that feat. Dizzy and his brother Paul accounted for all of the Cardinal victories in the 1934 World Series. Some writers tried to pin the moniker Daffy on Paul but that name didn't fit the younger and much quieter brother. The club's hitters were led by the New Jersey strong boy Joe Ducky Medwick who hated the nickname, preferring to be called Muscles. Presiding over this aggregation was the Fordham Flash Frankie Frisch. Rounding out the club were worthies bearing such nicknames as Ripper, Leo the Lip, Spud, Kiddo, Pop, Dazzy, Ol' Stubblebeard, Wild Bill, Buster, Chick, Red and Tex. Some of these were aging stars past their prime and others were youngsters on their way up. Together they comprised a championship ball club. The Gas House Gang was the greatest baseball club I ever saw. They thought they could beat any ballclub and they just about could too. When they got on that ballfield they played baseball and they played it to the hilt too. When they slid they slid hard. There was no good fellowship between them and the opposition. They were just good, tough ballplayers.

Brit at the Ballpark Peter Taylor, 2011-08-31 This work follows the journey Peter Taylor undertook during the summer of 2007 and a bit of 2009 when he set out to achieve a long held ambition and see a baseball game in every major league ballpark, a minor league game in those states without a major league franchise, plus the All Star game and the post season. His adventures along the way include throwing out a first pitch in Connecticut, becoming a TV reporter for the post season and undergoing an eye operation. It also looks whimsically at America's pastime and America through the eyes of an Englishman and how we are, in the words of George Bernard Shaw, two nations separated by a common language.
