

A photograph of the New York City skyline at sunset, with the sun low on the horizon, casting a warm orange glow over the city. The sky is filled with soft, wispy clouds. In the foreground, the water of the harbor is visible, with many dark, vertical pilings or piers extending into it. The city skyline is composed of numerous skyscrapers of varying heights and architectural styles, some with lit windows. The overall mood is serene and majestic.

Professor Jolowicz's comparative analysis of civil procedure concentrates on the purposes served by the institution of litigation rather than on the intentions of those who litigate.
