Skandinavien Bei Plinius Und Ptolemaios

SA Adler

Skandinavien Bei Plinius Und Ptolemaios:

Cassiodorus, Jordanes and the History of the Goths Arne Soby Christensen, 2002 This book is a study in the myth of the origins and early history of the Goths as told in the *Getica* written by Jordanes in AD 551 Jordanes claimed they emigrated from the island of Scandza Sweden in 1490 BC thus giving them a history of more than two thousand years He found this narrative in Cassiodorus Gothic history which is now lost The present study demonstrates that Cassiodorus and Jordanes did not base their accounts on a living Gothic tradition of the past as the *Getica* would have us believe On the contrary they got their information only from the Graeco Roman literature The Greeks and Romans however did not know of the Goths until the middle of the third century AD Consequently Cassiodorus and Jordanes created a Gothic history partly through an erudite exploitation of the names of foreign peoples and partly by using the narratives about other peoples history as if they belonged to the Goths The history of the Migrations therefore must be reconsidered **The Geographical Guide of Ptolemy of Alexandria** Duane W. Roller, 2023-12-15 This volume offers a detailed study of Ptolemy of Alexandria's Geographical Guide whose eight books contain a wealth of geographical information unavailable elsewhere and represent the culmination of the Greco Roman discipline of geography Written near the middle of the second century AD the Geographical Guide is the most anomalous of the surviving works of ancient geographical scholarship but offers a vivid record of the expansion of geographical knowledge in antiquity Roller examines this peculiar text which offers unique data about explorations in the far reaches of the inhabited world from Thule and Hibernia in the northwest to Kattigara in the southeast and from Serike in northeastern Asia southwest into central Africa He positions the Guide within the tradition of ancient geography and gives close attention to the reason why Ptolemy wrote the guide and how it contributes to the genre of geographical scholarship There is also an emphasis on the topographic and ethnic material within the Guide that is new or unique especially explorations in sub Saharan Africa and knowledge of the world beyond India Because the Guide was written over half a century after the previous extant geographical work the first books of Pliny's *Natural History* the book also assesses how knowledge of geography changed during this period This work is an essential text for students and scholars of ancient geography and is also of interest to anyone working on the cultural history of the Roman Empire during this period *History of the Goths* Herwig Wolfram, 1990 Provides an overview on the formation of the Gothic tribes their migrations and the later history of the Ostrogothic and Visigothic settlements *The Migration Period between the Oder and the Vistula (2 vols)*, 2020-03-17 This collection of studies is the result of a six year interdisciplinary research project undertaken by an international team of archaeologists historians numismatists and paleobotanists It constitutes a completely new approach to environmental cultural and settlement changes during the Migration Period in Central Europe Part One discusses written sources theories regarding migration and environmental change in the first millennium AD In Part Two archaeological sources relating to Central Europe in the Migration Period are analysed while Part Three is devoted to new

discoveries between the Oder and the Vistula including traces of Germanic settlement in northern Poland in the early seventh century In Part Four evidence for cultural and settlement changes in neighbouring areas is characterized in a comparative light

The Northern Routes to Kingship Dagfinn Skre, 2025-01-31 This book argues that tribal Scandinavia was set on the route to kingship by the arrival in the AD 180s 90s of warrior groups that were dismissed from the Roman army after defeating the Marcomanni by the Danube Using a range of evidence this book details how well equipped and battle seasoned warriors familiar with Roman institutions and practices seized land and established lordly centres It shows how these new lords acquired wealth by stimulating the production of commodities for trade with peers and Continental associates Romans included to reward retainers and bestow on partners In these transcultural circumstances lords and their retainers nurtured artisanal production of exquisite quality and developed a heroic ethos and refined hall etiquette The topic of warfare created by the volatile politics of lordly cooperation and competition is also explored Venturing substantially beyond the usual scope of syntheses of this period this book looks at how the break up of the Western Roman Empire and the rise of Great tribes such as the Franks and Goths influenced lords and tribal leaders across Scandinavia to form kingdoms emulating what they for centuries had considered the superior polity the Roman Empire This book s fresh take on disputed research topics will inspire scholars students and interested readers to delve further into this pivotal period of European history

History and Geography in Late Antiquity A. H. Merrills, 2005-08-11 The period from the fifth century to the eighth century witnessed massive political social and religious change in Europe Geographical and historical thought long rooted to Roman ideologies had to adopt the new perspectives of late antiquity In the light of expanding Christianity and the evolution of successor kingdoms in the West new historical discourses emerged which were seminal in the development of medieval historiography Taking their lead from Orosius in the early fifth century Latin historians turned increasingly to geographical description as well as historical narrative to examine the world around them This book explores the interdependence of geographical and historical modes of expression in four of the most important writers of the period Orosius Jordanes Isidore of Seville and the Venerable Bede It offers important readings of each by arguing that the long geographical passages with which they were introduced were central to their authors historical assumptions and arguments

Rulership in 1st to 14th century Scandinavia Dagfinn Skre, 2019-12-16 This book seeks to revitalise the somewhat stagnant scholarly debate on Germanic rulership in the first millennium AD A series of comprehensive chapters combines literary evidence on Scandinavia s polities kings and other rulers with archaeological documentary toponymical and linguistic evidence The picture that emerges is one of surprisingly stable rulership institutions sites and myths while control of them was contested between individuals dynasties and polities While in the early centuries Scandinavia was integrated in Germanic Europe profound societal and cultural changes in 6th century Scandinavia and the Christianisation of Continental and English kingdoms set northern kingship on a different path The pagan heroic warrior ethos essential to kingship was developed and refined only to recur

overseas embodied in 9th 10th century Vikings Three chapters on a hitherto unknown masonry royal manor at Avaldsnes in western Norway excavated 2017 concludes this volume with discussions of the late medieval peak of Norwegian kingship and its eventual downfall in the late 14th century This book's discussions and results are relevant to all scholars and students of 1st millennium Germanic kingship politics and societies

Irish Influence on Medieval Welsh Literature Patrick Sims-Williams, 2011 Patrick Sims Williams provides an approach to some of the issues surrounding Irish literary influence on Wales situating them in the context of the rest of medieval literature and international folklore

Roman Reflections Klavs Randsborg, 2015-01-29 *Roman Reflections* uses a series of detailed and deeply researched case studies to explore how Roman society connected with and influenced Northern Europe during the Iron and Viking Ages In an original way the book brings late prehistoric Denmark best known for its so called bog bodies into a world dominated by textual histories principally that of Tacitus The studies include a new examination of the bog bodies of the late first millennium BC a classical archaeological puzzle men women and children murdered yet respected in death and adorned with items of fine clothing A second essay challenges traditionally held ideas about the Cimbri by exploring the textual and archaeological evidence including the startling and famous European artefact the Gundestrup silver cauldron The other studies comprise an archaeologically founded modernist discussion of the ethnography of Tacitus Germania in particular considering the character of ancient Germanic Bronze and Iron Age societies a linguistic exploration of the Latin inheritance in northern European names and places much of which seems to have been invented by the Romans and an analysis of the origins of the Danes Throughout traditional sources and history are presented in conjunction with new archaeological observations and interpretations In an accessible way *Roman Reflections* assesses Denmark's part on a larger stage showing how foundations were laid for its zenith in Viking times

Through the Pillars of Herakles Duane W. Roller, 2013-01-11 In this first study of the Greek and Roman exploration for over half a century Duane W Roller presents an important examination of the impact of the Greeks and Romans on the world through the Pillars of Herakles and beyond the Mediterranean Roller chronicles a detailed account of the series of explorers who were to discover the entire Atlantic coast north to Iceland Scandinavia and the Baltic and south into the Africa tropics His account examines these early pioneers and their discoveries and contributes a brand new chapter to the history of exploration Based not only on the literary evidence but also personal knowledge of the areas from the Arctic to west Africa the book looks at the people from the earliest Greeks through the Carthaginians to the Romans and examines their exploration of this vast and largely unfamiliar territory Discussing for the first time the relevance of Iceland and the Arctic to Greco Roman culture this groundbreaking work is an enthralling and informative read that will be an invaluable

study resource for Greek and Roman history courses

Skandinavien Bei Plinius Und Ptolemaios Introduction

In the digital age, access to information has become easier than ever before. The ability to download Skandinavien Bei Plinius Und Ptolemaios has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Skandinavien Bei Plinius Und Ptolemaios has opened up a world of possibilities. Downloading Skandinavien Bei Plinius Und Ptolemaios provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Skandinavien Bei Plinius Und Ptolemaios has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Skandinavien Bei Plinius Und Ptolemaios. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Skandinavien Bei Plinius Und Ptolemaios. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites

that prioritize the legal distribution of content. When downloading Skandinavien Bei Plinius Und Ptolemaios, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Skandinavien Bei Plinius Und Ptolemaios has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Skandinavien Bei Plinius Und Ptolemaios Books

1. Where can I buy Skandinavien Bei Plinius Und Ptolemaios books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
