Ruby,John Arthur Brown,2005 In this book Robert H Ruby and John A Brown tell the story of the Cayuse people from their early years through the nineteenth century when the tribe was forced to move to a

reservation First published in 1972 this expanded edition is published in 2005 in commemoration of the sesquicentennial of the treaty between the Cayuse Umatilla and Walla Walla Confederated Tribes and the U S government on June 9 1855 as well as the bicentennial of Lewis and Clark s visit to the tribal homeland in 1805 and 1806 Volume 120 in The Civilization of the American Indian Series *The Great Medicine Road, Part 1* Michael L. Tate, 2014-10-22 Between 1841 and 1866 more than 500 000 people followed trails to Oregon California and the Salt Lake Valley in one of the greatest mass migrations in American history This collection of travelers accounts of their journeys in the 1840s the first volume in a new series of trail narratives comprises excerpts from pioneer and missionary letters diaries journals and memoirs many previously unpublished accompanied by biographical information and historical background Beginning with Father Pierre Jean de Smet s letters relating his encounters with Plains Indians and ending with an account of a Mormon gold miner s journey from California to Salt Lake City these narratives tell varied and vivid stories Some travelers fled hard times religious persecution the collapse of the agricultural economy illness or unpredictable weather Others looked ahead attracted by California gold the verdant Willamette Valley of Oregon or the prospect of converting Native people to Christianity Although many welcomed the adventure and adjusted to the rigors of trail life others complained in their accounts of difficulty adapting Remembrances of the Oregon California and Mormon Trails have yielded some of the most iconic images in American history This and forthcoming volumes in The Great Medicine Road series present the pioneer spirit of the original overlanders supported by the rich scholarship of the past century and a half **The Federal Indian Policy in the Oregon Country, 1849-1855 ...** Charles Florus Coan, 1914 **California Historical Society Quarterly** California Historical Society, 1927 **Columbia River System Operation Review (SOR)** , 1996 **Possessing the Pacific** Stuart Banner, 2009-06-30 During the nineteenth century British and American settlers acquired a vast amount of land from indigenous people throughout the Pacific but in no two places did they acquire it the same way Stuart Banner tells the story of colonial settlement in Australia New Zealand Fiji Tonga Hawaii California Oregon Washington British Columbia and Alaska Today indigenous people own much more land in some of these places than in others And certain indigenous peoples benefit from treaty rights while others do not These variations are traceable to choices made more than a century ago choices about whether indigenous people were the owners of their land and how that land was to be transferred to whites Banner argues that these differences were not due to any deliberate land policy created in London or Washington Rather the decisions were made locally by settlers and colonial officials and were based on factors peculiar to each colony such as whether the local indigenous people were agriculturalists and what level of political organization they had attained These differences loom very large now perhaps even larger than they did in the nineteenth century because they continue to influence the course of litigation and political struggle between indigenous people and whites over claims to land and other resources Possessing the Pacific is an original and broadly conceived study of how colonial struggles over land still shape the relations between whites and indigenous

people throughout much of the world The Great Medicine Road, Part 1 Will Bagley, 2014 Between 1841 and 1866 more than 500 000 people followed trails to Oregon California and the Salt Lake Valley in one of the greatest mass migrations in American history This collection of travelers accounts of their journeys in the 1840s the first volume in a new series of trail narratives comprises excerpts from pioneer and missionary letters diaries journals and memoirs many previously unpublished accompanied by biographical information and historical background **An Interior Empire** Stephen Dow Beckham, 1995

The Chinook Indians Robert H. Ruby, John A. Brown, 1976 The Chinook Indians who originally lived at the mouth of the Columbia River in present day Oregon and Washington were experienced traders long before the arrival of white men to that area When Captain Robert Gray in the ship Columbia Rediviva for which the river was named entered the Columbia in 1792 he found the Chinooks in an important position in the trade system between inland Indians and those of the Northwest Coast The system was based on a small seashell the dentalium as the principal medium of exchange The Chinooks traded in such items as sea otter furs elkskin armor which could withstand arrows seagoing canoes hollowed from the trunks of giant trees and slaves captured from other tribes Chinook women held equal status with the men in the trade and in fact the women were preferred as traders by many later ships captains who often feared and distrusted the Indian men The Chinooks welcomed white men not only for the new trade goods they brought but also for the new outlets they provided Chinook goods which reached Vancouver Island and as far north as Alaska The trade was advantageous for the white men too for British and American ships that carried sea otter furs from the Northwest Coast to China often realized enormous profits Although the first white men in the trade were seamen land based traders set up posts on the Columbia not long after American explorers Lewis and Clark blazed the trail from the United States to the Pacific Northwest in 1805 John Jacob Astor s men founded the first successful white trading post at Fort Astoria the site of today s Astoria Oregon and the North West Company and the Hudson s Bay Company soon followed into the territory As more white men moved into the area the Chinooks began to lose their favored position as middlemen in the trade Alcohol new diseases such as smallpox influenza and venereal disease intertribal warfare and the growing number of white settlers soon led to the near extinction of the Chinooks By 1 51 when the first treaty was made between them and the United States government they were living in small fragmented bands scattered throughout the territory Today the Chinook Indians are working to revive their tribal traditions and history and to establish a new tribal economy within the white man s system *Oregon and the Collapse of Illahee* Gray H. Whaley, 2010 In this sound analysis of Indian white relations in Oregon the author clearly presents the significant regional issues and effectively integrates them into the broad national patterns Roger L Nichols University of Arizona author of *Natives and Strangers A History of Ethnic Americans*
