Studies In Medieval And Modern German History:

Studies in Medieval and Modern German History Walther Hubatsch, 1985-04-22 The Course of German Nationalism Hagen Schulze, 1991-03-21 The arduous path from the colorful diversity of the Holy Roman Empire to the Prussian dominated German nation state Bismarck's German Empire of 1871 led through revolutions wars and economic upheavals but also through the cultural splendor of German Classicism and Romanticism Hagen Schulze takes a fresh look at late eighteenth and nineteenth century German history explaining it as the interaction of revolutionary forces from below and from above of economics politics and culture None of the results were predetermined and yet their outcome was of momentous significance for all of Europe if not the world *A Companion to the Works of Hartmann Von Aue* Francis G. Gentry, 2005 In the course of perhaps twenty five years of creative productivity ca 1180 ca 1205 Hartmann von Aue authored a dispute about love between the body and the heart *Die Klage* ca 1180 85 numerous songs of courtly love crusading songs and most likely took part in a Crusade himself The essays in this volume written by scholars from North America and Europe offer insight into many aspects of Hartmann's oeuvre including the medieval and modern visual and literary reception of his works The volume also offers considerations of Hartmann and Chretien Hartmann's putative theological background and the influence of the Bible on his tales the reflection of his medical knowledge in *Der arme Heinrich* and *Iwein* and a complete survey of his lyric production Newer avenues of research are also presented with essays on issues of gender and on the role of pain as a constitutive part of the courtly experience Jacket **German Migrant Historians in North America** Karen Hagemann, Konrad H. Jarausch, 2024-11-01 The migration experiences career paths and scholarship of historians born in Germany who started emigrating to North America in the 1950s have had a unique impact on the transatlantic practice of Central European History *German Migrant Historians in North America* analyzes the experiences of this postwar group of scholars and asks what informed their education and career choices and what motivated them to emigrate to North America The contributors reflect on how these migration experiences informed their own research and teaching and particularly discuss the more general development of the transatlantic exchange between German and American historians in the scholarship on Modern Central European History *Gender in Early Modern German History* Ulinka Rublack, 2002-10-17 A range of startling case studies from German society between the Renaissance and the Enlightenment German Federalism M. Umbach, 2002-03-13 This book explores the German idea of federalism denoting diversity within unity Historians linguists and political scientists examine how federalism emerged in the Holy Roman Empire was re shaped by nineteenth century cultural movements and was adopted by the unified state in 1871 and again after 1945 The myth of federalism as a safeguard against totalitarianism is tested in regard to the Third Reich and the GDR The book concludes with an outlook on German federalism's future in Europe **German-Jewish Studies** Kerry Wallach, Aya Elyada, 2022-10-14 As a field German Jewish Studies emphasizes the dangers of nationalism monoculturalism and ethnocentrism while making room for multilingual and

transnational perspectives with questions surrounding migration refugees exile and precarity Focussing on the relevance and utility of the field for the twenty first century German Jewish Studies explores why studying and applying German Jewish history and culture must evolve and be given further attention today The volume brings together an interdisciplinary range of scholars to reconsider the history of antisemitism as well as intersections of antisemitism with racism and colonialism and how connections to German Jews shed light on the continuities ruptures anxieties and possible futures of German speaking Jews and their legacies A History of German Literature Wilhelm Scherer,1901 *Poverty and Welfare in Modern German History* Lutz Raphael,2016-12-01 For many the history of German social policy is defined primarily by that nation s postwar emergence as a model of the European welfare state As this comprehensive volume demonstrates however the question of how to care for the poor has had significant implications for German history throughout the modern era Here eight leading historians provide essential case studies and syntheses of current research into German welfare from the Holy Roman Empire to the present day Along the way they trace the parallel historical dynamics that have continued to shape German society including religious diversity political exclusion and inclusion and concepts of race and gender *Medieval German Voices in the 21st Century* ,2021-11-08 As witnessed by a tremendous upsurge in medieval research academic meetings innovative interpretive approaches enrolment numbers and public interest Medieval Studies are proving once again to be a vibrant field of investigations both inside and outside of academia Nevertheless there is a tendency among colleagues and administrators in the field of Germanistik German Studies to exclude the earlier period as an exotic and irrelevant subject matter The contributors to this volume all of whom teach at North American universities make a strong case for the paradigmatic function of medieval German literature for the general field of Germanistik and argue that many of the most recent changes in our discipline related to the German Studies paradigm have been foreshadowed by Medieval Studies where interdisciplinarity comparative approaches the consideration of Mentalit tsgeschichte theology history art history even gender studies and the history of everyday life have often constituted the conditio sine qua non Some of the authors in this volume argue for the relevance of medieval German literature by investigating concrete cases taken from the Middle Ages others show how modern German literature has been deeply influenced by medieval texts The purpose of this volume is not to privilege medieval literature over modern literature but instead to reclaim the premodern period as an important and relevant field of investigation within contemporary German Studies The Making of Medieval History G. A. Loud,Martial Staub,2017 Essays on the discipline of medieval history and its practitioners from the late eighteenth century onwards A hugely interesting set of essays reflecting on a variety of ways in which medieval history has developed to the present time Scholarship of the highest standard deeply thought provoking and deeply engaged with the inheritances and future tasks of medieval academic history The collection will be essential reading for all medievalists John Arnold Professor of Medieval History University of Cambridge Medieval history is present in manyforms in our world Monuments from the Middle Ages or

inspired by them are a familiar feature of landscapes across Europe and beyond the period between the end of the Roman Empire in Western Europe and the Reformation and European expansion is an essential part of our imagination be it conveyed through literature the arts science fiction or even video games it is also commonly invoked in political debates Specialists in the field have played a major role in shaping modern perceptions of the era But little is known about the factors that have influenced them and their work The essays in this volume provide original insights into the fabric and dissemination of medieval history as a scholarly discipline from the late eighteenth century onwards The case studies range from the creation of specific images of the Middle Ages to the ways in which medievalists have dealt with European identity contributed to making and deconstructing myths and more specifically addressed questions relating to land and frontiers as well as to religion GRAHAM A LOUD is Professor of Medieval History at the University of Leeds MARTIAL STAUB is Professor of Medieval History at the University of Sheffield Contributors Christine Caldwell Ames Peter Biller Michael Borgolte Patrick Geary Richard Hitchcock Bernhard Jussen Joep Leerssen G A Loud Christian L bke Jinty Nelson Bastian Schletter Martial Staub Ian Wood *Monsters and Monstrosity in Jewish History* Iris Idelson-Shein, Christian Wiese, 2019-02-21 This is the first study of monstrosity in Jewish history from the Middle Ages to modernity Drawing on Jewish history literary studies folklore art history and the history of science it examines both the historical depiction of Jews as monsters and the creative use of monstrous beings in Jewish culture Jews have occupied a liminal position within European society and culture being deeply immersed yet outsiders to it For this reason they were perceived in terms of otherness and were often represented as monstrous beings However at the same time European Jews invoked with tantalizing ubiquity images of magical terrifying and hybrid beings in their texts art and folktales These images were used by Jewish authors and artists to push back against their own identification as monstrous or diabolical and to tackle concerns about religious persecution assimilation and acculturation gender and sexuality science and technology and the rise of antisemitism Bringing together an impressive cast of contributors from around the world this fascinating volume is an invaluable resource for academics postgraduates and advanced undergraduates interested in Jewish studies as well as the history of monsters Handbook of Medieval Studies Albrecht Classen, 2010-11-29 This interdisciplinary handbook provides extensive information about research in medieval studies and its most important results over the last decades The handbook is a reference work which enables the readers to quickly and purposely gain insight into the important research discussions and to inform themselves about the current status of research in the field The handbook consists of four parts The first large section offers articles on all of the main disciplines and discussions of the field The second section presents articles on the key concepts of modern medieval studies and the debates therein The third section is a lexicon of the most important text genres of the Middle Ages The fourth section provides an international bio bibliographical lexicon of the most prominent medievalists in all disciplines A comprehensive bibliography rounds off the compendium The result is a reference work which exhaustively documents the

current status of research in medieval studies and brings the disciplines and experts of the field together [The Economic History of European Jews](#) Michael Toch,2012-09-28 The Economic History of European Jews attempts to make sense of the economic foundations of Jewish life in the different parts of late antique and early medieval Europe In the first part Michael Toch describes the demographic arc decline subsequent rise and spatial distribution of Jewish populations This data is then broadened to include the range of economic activities The second part analyses the actual share of Jews in different branches of the economy This includes the idea of their pioneer role and the notion of an intercontinental network of Jewish commerce the phenomenon of Jews in agriculture and entrepreneurship gender roles and the household mode of production and the difficult subject of the significance of minority status for economic activity among other subjects This is the most up to date scholarly reassessment of a century of both overly optimistic and occasionally negative interpretations of Jewish population and economic activities a boon to students and researchers of the first millennium of the Jewish experience in Europe and an interesting read for the general public S Bowman University of Cincinnati [Encyclopedia of Medieval Literature](#) Laura C.
