Studies in Russian Literature Charles Edward Turner, 1971 Studies in Russian Literature (Classic Reprint) Charles Edward Turner, 2018-01-08 Excerpt from Studies in Russian Literature To the difficulties inseparably attached to all literary criticism must in the present case be added the circumstance that the writers here reviewed belong to a nation whose history and civilization differ in many essential points from the history and civilization of Western Europe I dare not atter myself that in all cases I have succeeded in under standing aright the form and stir of mind which have given to the Russian people a literature of their own I can only trust that an honest desire to comprehend and appreciate the character and aims of a people among whom I have lived for many years and a warm sympathy with the progress they have made and despite recent ominous events are still making may have proved sufiicient safeguards against glaring errors and that justice has been done in these pages to the more illustrious writers and thinkers of modern Russia About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Studies in Russian Literature C. the charismatic king that offers culturally relevant material to later writers This volume delivers a fresh view on a series of key questions about Russia's literary history by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures historical events and literary politics literary theory and literary innovation *Studies in Russian Literature*, 1980 **Reading Chekhov's Text** Robert L. Barta, David H. J. Larmour, Paul Allen Miller, 2013-12-02 Russian Literature and the Classics attempts to fill a gap To date there has been no book length systematic study of the impact of antiquity on Russian literature and culture While by no means claiming to offer a comprehensive approach the authors focus on various aspects of the influence which the Classics have had on Russian literature at particularly significant junctures the beginning of the nineteenth century the age of the great Russian realist novel the Silver Age Stalin's terror the Thaw after 1956 and the period just before the collapse of Soviet society In their introductory essay the editors offer an overview of the Classical Tradition In it they provide an insight into the contrasting ways in which that tradition manifested itself in the literatures of Western Europe and of Russia [Russian Literature](#), 1992

Poverty of the Imagination David Herman, 2001-09-28 The primal scene of all nineteenth century western thought might involve an observer gazing at someone poor most commonly on the streets of a great metropolis and wondering what the spectacle meant in human moral political and metaphysical terms For Russia most of whose people hovered near the poverty line throughout history the scene is one of special significance presenting a plethora of questions and possibilities for writers who wished to depict the spiritual and material reality of Russian life How these writers responded and what their portrayal of poverty reveals and articulates about core values of Russian culture is the subject of this book which offers a compelling

look into the peculiar convergence in nineteenth century Russian literature of ideas about the poor and about the processes of art
