Studies In The Bible And Jewish Thought:

Studies in the Bible and Jewish Thought Moshe Greenberg, 1995 He regards the text with admiration for its enduring power for the features that set it apart from the literatures of surrounding cultures and for the riches discovered in it through the ages by faithful interpreters *Deuteronomic Theology and the Significance of Torah* Peter T. Vogt, 2006 One of the few areas of consensus in modern Deuteronomy scholarship is the contention that within the book of Deuteronomy there is a program of reform that was nothing short of revolutionary Although there are divergent views regarding the specific details of this revolutionary program most scholars agree that in fundamental and profound ways Deuteronomy was radical in its vision This vision was expressed in key ideas centralization of worship secularization and demythologization of earlier traditions However Vogt argues that these ideas fail to account adequately for the data of the text of Deuteronomy itself Instead he claims at the heart of Deuteronomic theology is the principle of the supremacy of Yahweh which is to be acknowledged by all generations of Israelites through adherence to Torah Thus the book of Deuteronomy is in fact radical and countercultural but not in the ways that are usually adduced It is radical in its rejection of ANE models of kingship and institutional permanence in its emphasis on the holiness of life lived out before Yahweh and in its elevation of Yahweh and his Torah In the introductory chapter the structure and ideology of the book are examined Chapter 1 then examines some of the ways in which the theology of Deuteronomy has been understood namely in terms of centralization secularization and demythologization Chapters 2-5 evaluate key texts that are used to support the idea that centralization secularization and demythologization are at the heart of the theology of Deuteronomy An alternative reading of the texts is presented that highlights the supremacy of Yahweh and Torah The final chapter investigates the theological and ideological implications of this alternative reading of key texts *Studies in Jewish Thought* Philip Goodman, Simon Rawidowicz, 1974 **Studies in Jewish Thought** David Solomon Shapiro, 1975 *The Ten Commandments* William P. Brown, 2004-01-01 Offering a host of classic and new essays surveying the scholarly ethical and biblical debate surrounding the Ten Commandments William Brown organizes his volume into three parts the history of interpretation contemporary reflections on the Decalogue as a whole and contemporary reflections on individual commandments A useful addition to ethics as well as Old Testament and Hebrew Bible courses Brown's *The Ten Commandments* will be a standard reference for all Decalogue research as it facilitates a helpful balance between moral theological and biblical study The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts in easily accessible form Volumes in this series will enable sustained dialogue with predecessors though reflection on classic works in the field **Faith and Doubt** Norman Lamm, 1971 *The Bible and the Believer* Marc Zvi Brettler, Peter Enns, Daniel J. Harrington, 2015 How can one read the Bible both critically and religiously To answer that question *The Bible and the Believer* enlists one Jewish one Catholic and one Protestant biblical scholar who explain and illustrate how to read

the Hebrew Bible Tanakh Old Testament critically and religiously in light of their own religious traditions The Oxford Handbook of the Writings of the Hebrew Bible Donn F. Morgan, 2019 This handbook provides an important resource for the serious study of the Writings of the Hebrew Bible It addresses historical and literary contexts as well as its roles as scripture and canon in Judaism and Christianity The volume provides creative presentations of the messages and import of the books and the canonical division as a whole *The Bodies of God and the World of Ancient Israel* Benjamin D. Sommer, 2009-06-29 Sommer utilizes a recovered ancient perception of divinity as having more than one body fluid and unbounded selves

Understanding Exodus, Second Edition Moshe Greenberg, 2013-10-14 In 1969 Professor Greenberg published his Understanding Exodus covering Exodus 1-11 In this second edition introduced and edited by Jeffrey H Tigay the author's corrections and revisions are incorporated along with a new foreword In addition a new appendix Questions for Uncovering the Message of a Biblical Text is included which provides the reader with a succinct articulation of Greenberg's approach to exegesis Esther in Ancient Jewish Thought Aaron Koller, 2014-01-09 The book of Esther was a conscious reaction to much of the conventional wisdom of its day challenging beliefs regarding the Jerusalem Temple the land of Israel Jewish law and even God Aaron Koller identifies Esther as primarily a political work and shows that early reactions ranged from ignoring the book to rewriting Esther in order to correct its perceived flaws But few biblical books have been read in such different ways and the vast quantity of Esther interpretation in rabbinic literature indicates a conscious effort by the Rabbis to present Esther as a story of faith and traditionalism and bring it into the fold of the grand biblical narrative Koller situates Esther and its many interpretations within the intellectual and political contexts of Ancient Judaism and discusses its controversial themes His innovative line of enquiry will be of great interest to students and scholars of Bible and Jewish studies The Hebrew Bible Frederick E. Greenspahn, 2008 In April of 2001 the headline in the Los Angeles Times read Doubting the Story of the Exodus It covered a sermon that had been delivered by the rabbi of a prominent local congregation over the holiday of Passover In it he said The truth is that virtually every modern archeologist who has investigated the story of the exodus with very few exceptions agrees that the way the Bible describes the exodus is not the way it happened if it happened at all This seeming challenge to the biblical story captivated the local public Yet as the rabbi himself acknowledged his sermon contained nothing new The theories that he described had been common knowledge among biblical scholars for over thirty years though few people outside of the profession know their relevance New understandings concerning the Bible have not filtered down beyond specialists in university settings There is a need to communicate this research to a wider public of students and educated readers outside of the academy This volume seeks to meet this need with accessible and engaging chapters describing how archeology theology ancient studies literary studies feminist studies and other disciplines now understand the Bible Wellhausen and Kaufmann Aly Elrefaei, 2016-01-15 The controversy between Wellhausen and Kaufmann concerning the history of ancient Israel and the question of historical reconstruction has prompted this study

While Wellhausen's hypothesis introduces a synthesis of the religious development of ancient Israel Kaufmann's work emphasizes the singularity of the Israelite religion Their respective works which represent the methodologies presuppositions and the ideologies of their times remain an impetus to further inquiry into the history of ancient Israel and its religion Both Wellhausen and Kaufmann applied the historical critical method but were divided as to its results They agree that the Old Testament Hebrew Bible is the primary source on which to base writing about the history of ancient Israel but differ concerning the authority of its text This book illustrates the real clash between Wellhausen and Kaufmann with the aim of providing some basis for reaching a middle ground between these two poles As becomes clear in this study Wellhausen reconstructed the religion of Israel in the framework of its history Kaufmann by contrast proposed that monotheism emerged in Israel as a new creation of the spirit of Israel

War and Peace in Jewish Tradition Yigal Levin, Amnon

Shapira, 2012-03-15 The transition between the reality of war and a hope for peace has accompanied the Jewish people since biblical times However the ways in which both concepts are understood have changed many times over the ages and both have different implications for an independent nation in its own land than they do for a community of exiles living as a minority in foreign countries This book explores the concepts of war and peace throughout the history of Judaism Combining three branches of learning classical Jewish sources from the Bible to modern times related academic disciplines of Jewish studies humanities social and political sciences and public discussion of these issues on political military ideological and moral levels contributors from Israel and the USA open new vistas of investigation for the future as well as an awareness of the past Chapters touch on personal and collective morality in warfare survival though a long and often violent history and creation of some of the world's great cultural assets in literature philosophy and religion as well as in the fields of community life and social autonomy An important addition to the current literature on Jewish thought and philosophy this book will be of considerable interest to scholars working in the areas of Jewish Studies theology modern politics the Middle East and biblical studies

Alternative Conceptions of Civil Society Simone Chambers, Will Kymlicka, 2020-10-06 The idea of civil society has long been central to the Western liberal democratic tradition where it has been seen as a crucial site for the development and pursuit of basic liberal values such as individual freedom social pluralism and democratic citizenship This book considers how a host of other ethical traditions define civil society Unlike most studies of the subject which focus on a particular region or tradition it considers a range of ethical traditions rarely addressed in one volume libertarianism critical theory feminism liberal egalitarianism natural law Christianity Islam Judaism and Confucianism It considers the extent to which these traditions agree or disagree on how to define civil society's limits and how to evaluate its benefits and harms A variety of distinguished advocates and interpreters of these traditions present in depth explorations of how these various traditions think of ethical pluralism within societies asking how a society should respond to diversity among its members Together they produce a work rich with original insights on a wide range of subjects about which little has been written to date An excellent

starting point for a comparative ethics of civil society this book concludes that while the concept of civil society originated in the liberal tradition it is quickly becoming an important focus for a truly cross cultural dialogue In addition to the editors the contributors are Michael Banner Hasan Hanafi Loren E Lomasky Richard Madsen Michael A Mosher Michael Pakaluk Anne Philips Adam B Seligman Suzanne Last Stone and Michael Walzer

Divine Mysteries in the Enochic Tradition Andrei A. Orlov, 2023-07-24 The book represents an in depth investigation of acquisition cultivation and transmission of divine mysteries in Jewish apocalyptic and mystical accounts by focusing on the developments found in early Enochic writings These accounts deal both with revelations unveiled by God and angels to the patriarch Enoch and with illicit transmission of divine knowledge by the rogue group of the fallen angels known as the Watchers Orlov argues that the map of otherworldly knowledge revealed to Enoch inversely mirrors the map of illicit revelations given by the fallen Watchers to humankind The study suggests that one of the possible objectives for the parallelism is that by revealing to Enoch the same divine mysteries that were earlier transmitted by the Watchers God attempts to mitigate the corruption caused by the fallen angels illicit instructions This book will be of interest not only for scholars specializing in historical and religious areas but also for experts in the fields of anthropology philosophy sociology psychology and gender theory it discusses several aspects of early and late Jewish religious epistemologies that elucidate the ideological context for the construction and affirmation of social roles and identities in various Jewish milieus

Reader's Guide to Judaism Michael Terry, 2013-12-02 The Reader s Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly

Hebrew Bible / Old Testament. I: From the Beginnings to the Middle Ages (Until 1300). Part 2: The Middle Ages Magne Sæbø, 2000-11-12 24 scholars Jewish Protestant Roman Catholic from North America Israel and various European countries contribute to this rich volume on medieval interpretation and exegesis of the Hebrew Bible Old Testament 5th through 12th centuries Geographically they cover most of the world as it was known in these times from Syria to Spain from Rome to the Rhine and the Seine The volume also contains supplements to the previous volume on Ben Sira and the Wisdom of Solomon The indexes names topics references to biblical sources and a broad body of literature beyond are the key to the wealth of information provided Undoubtedly this volume will meet the high expectations set by the reviewers of the first volume I 1 of the series Definitive reference work Religious Studies Review Mine d information d une grande richesse Revue d histoire et de philosophie religieuses Monumental ouvrage Revue d histoire eccl siastique A veritable treasury Catholic Biblical Quarterly The foremost account of Jewish and Christian biblical interpretation Expository Times Onmisbaar handboek voor jeder een die zich serieus met bijbelstudie bezighoudt Stem van het boek Respekt
