## Studies In Biblical Semitic Symbolism 1923:

*Miracles of the Old Testament* Alonzo Gaskill, 2023-02-02 Beginning with the Creation the Old Testament contains a wealth of examples that showcase the Lord's power on earth Now you can find out what these miracles mean by examining their hidden symbolism and historical contexts Develop a greater appreciation for these miraculous moments and a deeper faith in the One who made them possible Seven Years of Old Testament Study John Albert Maynard, 1927 **The Journal of Religion**, 1924 Includes section Book reviews **Bookseller's catalogues** Thornton J. and son, 1883 Jewish Symbols in the Greco-Roman Period Erwin Ramsdell Goodenough, 2014-07-14 This volume presents the most important portions of Erwin Goodenough's classic thirteen volume work a magisterial attempt to encompass human spiritual history in general through the study of Jewish symbols in particular Revealing that the Jewish religion of the period was much more varied and complex than the extant Talmudic literature would lead us to believe Goodenough offered evidence for the existence of a Hellenistic Jewish mystic mythology far closer to the Qabbalah than to rabbinical Judaism Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Symbolism in Medieval Thought and Its Consummation in the Divine Comedy Helen Flanders Dunbar, 1929 *Biblica: Vol.52*, **Quarterly Bulletin** Brooklyn Public Library, 1924 The Book of Deuteronomy Peter C. Craigie, 1976-08-12 Deuteronomy is a book about a community being prepared for a new life Hardship and the wilderness lie behind the promised land lies ahead But in the present moment there is a call for a new commitment to God and a fresh understanding of the nature of the community of God's people Though the scene is set more than three thousand years in the past Deuteronomy is still a book of considerable contemporary relevance The book of Deuteronomy however is not only a book of contemporary relevance It has been and continues to be one of the most important and debated works in modern biblical scholarship Author's preface **Origin on Trial** Christopher H. A. Ting, 2023-01-27 Do you know about the dark secrets in big evolution concerning the origin of the universe Do you know that the Bible sets God's signature on his creation in the beginning Not all fields of science are created equal Some deal with past history rather than the present Einstein's theory of gravity as curved spacetime is observable science But some scientists use it with particle physics to tell a story of the origin of the universe But can anyone see the moment of the Big Bang Scientists themselves say the Big Bang model has big problems The data they use to support their best model about the origin of the universe can also be used to undermine it They started with A to build the model but their data don't agree with A Is there something fundamentally wrong Great scientists make mistakes in science too Hawking and others have made profound statements but they don't

always make sense Big evolution has holes It relies on deep time as god of the gap Modern science began with Christians like Kepler and Galileo They believed biblical creation had happened It s time to bring science back to its genesis and the origin back to church

*Jewish given Names and Family Names* David L. Gold,2001-12-01 This work identifies and describes over 3 000 books essays in books and articles on Jewish given names and family names throughout history spanning the Biblical period to modern times The bibliography is a highly analytic one recording published materials in a wide variety of research languages treating Jewish anthroponymy in the broadest sense from historical sociological and linguistic perspectives The bibliography will be an invaluable resource for any researcher engaged in etymological studies Jewish intralinguistics or Jewish family history

*Hebrewisms of West Africa* Joseph J. Williams,1999 In this massive work Joseph J Williams documents the Hebraic practices customs and beliefs which he found among the people of Jamaica and the Ashanti of West Africa He initially examines the close relationship between the Jamaican and the Ashanti cultures and the folk beliefs He then studies the language and culture of the Ashanti of whom many Jamaicans have descended by comparing them to well known and established Hebraic traditions William s findings suggest stunning similarities And he challenges the reader by concluding that Hebraic traditions must have swept across negro Africa and left its influence among the various tribes While Williams presents a strong case his evidence including hundreds of quoted sources also builds a strong case for the reverse that an indigenous continent wide belief system among African people stands at the very root of Hebrew culture and Western religion First published in 1931 and long out of print today s reader will find Hebrewisms a valuable resource for understanding the cultural unity of African people

**The Social World of Deuteronomy** Don C. Benjamin,2015-12-01 The book of Deuteronomy is not an orphan It belongs to a diverse family of legal traditions and cultures in the world of the Bible The Social World of Deuteronomy A New Feminist Commentary brings these traditions and cultures to life and uses them to enrich our understanding and appreciation of Deuteronomy today Benjamin uses social scientific criticism to reconstruct the social institutions where Deuteronomy developed and those that appear in its traditions He uses feminist criticism to better understand and appreciate how powerful elite males in Deuteronomy view not only the women mothers wives and widows in their households but also their powerless children liminal people slaves prisoners outsiders livestock and nature Benjamin also uses feminist criticism to describe important aspects of the daily lives of these often overlooked peoples in ancient Israel How the elite males in Deuteronomy view the women and other members of their households seldom reflects the underlying reality of how these women and others function

Friebel,1999-05-01 The books of Jeremiah and Ezekiel contain the majority of the biblical accounts of prophetic sign actions By analysing these two prophets actions according to the terms and concepts used in studies of nonverbal communication and rhetoric this work seeks to bring conceptual and terminological clarity to the discussion of prophetic sign acts and to enhance the perception of the prophets as persuasive communicators Rather than prophetic sign acts being viewed as having a magical derivation or as being inherently efficacious in bringing about what they portray the sign acts are viewed as being primarily forms of nonverbal communication whose purpose was to have a persuasive impact upon spectators      *Zeus : a Study in Ancient Religion: Zeus god of the dark sky (thunder and lightning)*. 2 v Arthur Bernard Cook,1925
