# Studies In Doctrine

**George P. Pardington**

## Studies In Doctrine:

*Studies in Doctrine* Alister E. McGrath, 1997 Four of noted Oxford theologian and teacher Alister McGrath's earlier works are presented together here to provide a clear accessible introduction to doctrine as well as a discussion of three key doctrines of the faith The titles are UNDERSTANDING DOCTRINE UNDERSTANDING THE TRINITY UNDERSTANDING JESUS and JUSTIFICATION BY FAITH *Studies in Doctrine* Daniel Webster Kurtz, 1919 Outline Studies in Christian

Doctrine George P. Pardington, 2010-01-01 Outline Studies in Christian Doctrine has been a primer for many thousands of Bible school students who as missionaries ministers and lay Christians have carried its teaching to every part of our world George P Pardington son of a Methodist minister had the advantage of a classical education Drew University earning his doctorate in 1898 from New York University Early drawn to A B Simpson and his Friday meetings in New York City Pardington devoted most of his professional life to teaching at Simpson's Missionary Training Institute now Nyack New York College Severely handicapped as the result of a merciless beating at age 10 by his schoolteacher Pardington did not let physical suffering suppress his victorious spirit or his keen sense of humor He regaled his students with his wit and motivated them by the warmth of his unwavering devotion to Jesus Christ and the Scriptures Published posthumously following the author's untimely death in 1915 at age 49 has been in continuous print for nearly three quarters of a century The chapters of this book prepared personally by the author just prior to his death distill the essence of his classroom teaching **Doctrine I, Studies 1-10** Moore Theological College. Committee for External Studies, 1960 **The Merging**

**of Theology and Spirituality** Larry S. McDonald, 2006-07-29 While acknowledging the inherent tension between evangelicals who emphasize theological propositions and those who emphasize personal experience Alister McGrath believes that spirituality represents the interface between ideas and life between Christian theology and human existence The book explores the centrality of McGrath's theology in the development of his views on spirituality McGrath does not approach spirituality from a theological void but instead uses his theological perspective as the foundation Through detailed examination of McGrath's previous work and the writing of other evangelicals *The Merging of Theology and Spirituality* offers an overview of a unique thinker's contributions and a guide for future theological and spiritual exploration

Christian Doctrine Geoff Thompson, 2020-02-20 Geoff Thompson addresses multiple questions concerning Christian doctrine in an engaging narrative beginning with an in depth discussion of the origins of doctrine in the various catechetical polemical and apologetic pressures that the church encountered as it sought to articulate and teach its confession of faith in Jesus Christ In providing an overview of some of the classic and historically influential doctrinal projects Thompson employs ten case studies that illustrate the overlapping influences of tradition and contexts both ecclesial and cultural on doctrinal discourse Thompson takes the reader from those historical and paradigmatic case studies into some of the great contemporary debates about doctrine including those which have been shaped by the critique of doctrine associated with the

European Enlightenment as well as the challenges and contributions of theologians of the majority world He pays particular attention to the influence that these diverse cultural ecclesial and academic contexts have had upon the shape and content of particular doctrines This leads into an engagement with George Lindbeck s seminal *The Nature of Doctrine* as well as the more recent proposals of Kevin Vanhoozer and Christine Helmer This guide concludes by developing the idea of a Christian social imaginary as the framework for holding together doctrine practice truth diversity and context *Doctrine II, Studies 14-20* Moore Theological College. Committee for External Studies,1969 **Studies in Christian Doctrine** James Drummond,2014-03 This Is A New Release Of The Original 1908 Edition Military Doctrine Bert Chapman,2009-09-03 This comprehensive volume provides a thorough overview of 20th and 21st century military doctrines worldwide *Military Doctrine A Reference Handbook* takes a thorough look at 20th and 21st century military doctrines around the world It excerpts relevant English language scholarly and governmental literature to paint a picture of how military doctrine has developed in recent history what military doctrines are currently operating on the world stage and where military doctrine is heading in the near future The book casts a wide net scanning the relevant government documents international agreements monographs journals conference papers and Internet resources to present a thorough overview of the importance of military doctrine in today s highly unstable world Because military institutions are important formulators of national military doctrine and not merely implementers this book examines the roles played by military organizations around the world With the proliferation of independent military scholars and the widespread influence of their work in the Internet age the book also scans the gray literature and describes its effects on military doctrine Church Doctrine and the Bible David Instone-Brewer,2020-05-13 You know the doctrines but are they biblical Too often Christians are content to state a doctrine list a few supporting Bible passages and proceed on to the next But are these doctrines truly derived from the Bible or are we slotting verses into our pre determined theological grids In *Church Doctrine and the Bible* biblical scholar David Instone Brewer applies his expertise in first century backgrounds and culture to popular Christian doctrines Peeling away thousands of years of theological development reveals how the Bible s original hearers would have understood these doctrines and helps us resolve some of our doctrinal disputes and misunderstandings Through this process Instone Brewer answers the question is this doctrine biblical *Church Doctrine and the Bible* will help pastors theologians and laypersons see familiar doctrines with fresh first century eyes By restoring the revolutionary simplicity of the Bible s teachings we gain new insights into these doctrines and what they mean for the church today **A Faith to Live by** Donald Macleod,1998

**Understanding Presidential Doctrines** Aiden Warren,Joseph M. Siracusa,2022-02-14 American foreign policy has long been caught between conflicting desires to influence world affairs yet at the same time to avoid becoming entangled in the burdensome conflicts and damaging rivalries of other states Clearly in the post 1945 context the United States has failed in the attaining the latter As this new expanded edition illustrates the term doctrine seemingly re attained a charged

prominence in the early twenty first century and more recently regarding the many contested debates surrounding the controversial transition to the Biden administration Notwithstanding such marked variations in the discourse presidential doctrines have crafted responses and directions conducive to an international order that best advances American interests an almost hubristic composition encompassing democratic states in the confidence that democracies do not go to war with one another open free markets on the basis that they elevate living standards engender collaboration and create prosperity self determining states on the supposition that empires were not only adversative to freedom but more likely to reject American influence and a secure global environment in which US goals can be pursued ideally unimpeded Of course with the election of Donald J Trump in 2016 the doctrinal commonalties between Republican and Democratic administrations of previous times were significantly challenged if not completely jettisoned In seeking to provide a much needed reassessment of the intersections between US foreign policy national security and doctrine Aiden Warren and Joseph M Siracusa undertake a comprehensive analysis of the defining presidential doctrines from George Washington through to the epochal post Trump Joe Biden era

**Doctrines Of Development** M. P. Cowen,2003-09-02 Doctrines of Development sets out a critique of the idea of practice of development by exploring the history of development theory and action from the early nineteenth century to the late twentieth century from Britain to Quebec and Kenya

**Presidential Doctrines** Joseph M. Siracusa,Aiden Warren,2016-07-18 This text assesses and evaluates the key U S presidential doctrines from Washington to Obama It demonstrates that in spite of differences between successive administrations in most instances presidential doctrines have articulated both the responses and directions conducive to an international order that best advances American interests including democracy open free markets self determining states that adhere to U S principles and a secure global environment This is manifest through such policy goals as containment interventionism engagement de entanglement and securing the region It also shows that the current dilemmas facing the U S are a continuation of perennial policy challenges from Washington s warning to steer clear of permanent alliances to George Bush s radical doctrine of prevention and preemption and Obama s reluctant realist doctrine In navigating and assessing the key presidential doctrines the book explains both the individual and defining themes American presidents have embodied in their respective doctrines in attempting to meet national interest goals Ultimately it shows that although each doctrine was formulated in reaction to immediate foreign policy concerns each also addressed fundamental aspects of U S national security that led future statesmen to follow its broad objectives and prescriptions
