Studies In Herodotus And Plato

Robin Reames

Studies In Herodotus And Plato:

Studies in Herodotus and Plato Ivan Mortimer Linforth, 1987 Philosophy and Religion in Plato's Dialogues Andrea Nightingale, 2021-05-06 In ancient Greece philosophers developed new and dazzling ideas about divinity drawing on the deep well of poetry myth and religious practices even as they set out to construct new theological ideas Andrea Nightingale argues that Plato shared in this culture and appropriates specific Greek religious discourses and practices to present his metaphysical philosophy In particular he uses the Greek conception of divine epiphany a god appearing to humans to claim that the Forms manifest their divinity epiphanically to the philosopher with the result that the human soul becomes divine by contemplating these Forms and the cosmos Nightingale also offers a detailed discussion of the Eleusinian Mysteries and the Orphic Mysteries and shows how these mystery religions influenced Plato's thinking This book offers a robust challenge to the idea that Plato is a secular thinker **The Collected Works of Gerard Manley Hopkins: Volume IV: Oxford Essays and Notes 1863-1868** Lesley Higgins, 2006-10-05 The first of eight volumes of Hopkins's Collected Works to be published Oxford Essays and Notes presents a remarkable cache of previously unpublished papers including forty five essays which Hopkins produced during his undergraduate career at Oxford 1863 1867 only seven of which were reproduced in the 1959 edition of Journals and Papers Topics range from Platonic philosophy to theories of the imagination from ancient history to then contemporary politics and voting rights Also included are notes from a commonplace book a remarkable dialogue about aesthetics featuring a fictionalized John Ruskin figure and the lecture notes Hopkins prepared in the winter of 1868 while teaching at John Henry Newman's Oratory School in Birmingham writings in which he explores for the first time the theories of inscape and instress so central to his poetic practice The edition is fully annotated and provides a detailed introduction that situates historically Hopkins's academic and creative efforts The twelve notebooks represent Hopkins's intellectual and aesthetic development while studying with some of the greatest scholars of the era Benjamin Jowett Walter Pater and T H Green as well as the ethical and spiritual anxieties he wrestled with while deciding to convert to Catholicism John Henry Newman received him into the Church in 1866 Hopkins never wrote to please his tutors or the university professors he wrote vividly and searchingly in response to the challenges they presented Whether evaluating Aristotle's Nicomachean Ethics the role of neutral England in the American civil war or the comparative merits of classical sculpture his first instinct was always to frame the difficult questions involved and work towards a counter argument *Oxford Studies in Ancient Philosophy, Volume 57* Victor Caston, 2020-01-21 Oxford Studies in Ancient Philosophy is a volume of original articles on all aspects of ancient philosophy The articles may be of substantial length and include critical notices of major books OSAP is now published twice yearly in both hardback and paperback Have you seen the latest OSAP is what scholars of ancient philosophy say to each other when they meet in corridors or on coffee breaks Whether you work on Plato or Aristotle on Presocratics or sophists on Stoics Epicureans or Sceptics on Roman philosophers or Greek Neoplatonists you are liable to find OSAP articles

now dominant in the bibliography of much serious published work in your particular subject not safe to miss Malcolm Schofield Cambridge University OSAP was founded to provide a place for long pieces on major issues in ancient philosophy In the years since it has fulfilled this role with great success over and over again publishing groundbreaking papers on what seemed to be familiar topics and others surveying new ground to break It represents brilliantly the vigour and the increasingly broad scope of scholarship in ancient philosophy and shows us all how the subject should flourish M M McCabe King s College London

Research Handbook on the History of Political Thought Cary J. Nederman, Guillaume Bogiaris, 2024-06-05 This insightful Handbook reviews the key frameworks guiding political scientists and historians of political thought Comprehensive in scope it covers historical methodology traditions epochs and classic authors and texts spanning from ancient Greece until the nineteenth century

The Cambridge Companion to Plato Richard Kraut, 1992-10-30 Plato stands as the fount of our philosophical tradition being the first Western thinker to produce a body of writing that touches upon a wide range of topics still discussed by philosophers today In a sense he invented philosophy as a distinct subject for although many of these topics were discussed by his intellectual predecessors and contemporaries he was the first to bring them together by giving them a unitary treatment This volume contains fourteen essays discussing Plato s views about knowledge reality mathematics politics ethics love poetry and religion There are also analyses of the intellectual and social background of his thought the development of his philosophy throughout his career the range of alternative approaches to his work and the stylometry of his writing

The Word Order of the Gospel of Luke Ivan Shing Chung Kwong, 2005-12-09 This work studies the word order of the Gospel of Luke and some of its prominent messages with consideration of systemic functional linguistic theories The first part of the work focuses on the relative positions of four constituents subject predicate complement and circumstantial adjunct of different types of Lukan clauses independent dependent infinitival participial and embedded clause The result gives some unmarked typical or common word order patterns and some marked word order patterns of all Lukan clauses The second part traces the foregrounded messages of the Gospel based on their related marked word order patterns incorporated with functional linguistic phenomena The result highlights the messages of Jesus disciples and his parents failure in understanding him Pilate s crime of handing over Jesus and Jesus predictions of his future sufferings and Peter s future failure JSNTS and Studies in New Testament Greek series

Seeming & Being in Plato's Rhetorical Theory Robin Reames, 2018-07-23 The widespread understanding of language in the West is that it represents the world This view however has not always been commonplace In fact it is a theory of language conceived by Plato culminating in The Sophist In that dialogue Plato introduced the idea of statements as being either true or false where the distinction between falsity and truth rests on a deeper discrepancy between appearance and reality or seeming and being Robin Reames s Seeming Being in Plato

s Rhetorical Theory marks a shift in Plato scholarship Reames argues that an appropriate understanding of rhetorical theory in Plato s dialogues illuminates how he developed the technical vocabulary needed to construct the very distinctions between seeming and being that separate true from false speech By engaging with three key movements of twentieth and twenty first century Plato scholarship the rise and subsequent marginalization of orality and literacy theory Heidegger s controversial critique of Platonist metaphysics and the influence of literary or dramatic readings of the dialogues Reames demonstrates how the development of Plato s rhetorical theory across several of his dialogues Gorgias Phaedrus Protagoras Theaetetus Cratylus Republic and Sophist has been both neglected and misunderstood

City-state and World State in Greek and Roman Political Theory Until Augustus Mason Hammond,1966

Politics and Philosophy in Plato's Menexenus Nickolas Pappas,Mark Zelcer,2015-05-01 Menexenus is one of the least studied among Plato s works mostly because of the puzzling nature of the text which has led many scholars either to reject the dialogue as spurious or to consider it as a mocking parody of Athenian funeral rhetoric In this book Pappas and Zelcer provide a persuasive alternative reading of the text one that contributes in many ways to our understanding of Plato and specifically to our understanding of his political thought The book is organized into two parts In the first part the authors offer a synopsis of the dialogue address the setting and its background in terms of the Athenian funeral speech and discuss the alternative readings of the dialogue showing their weaknesses and strengths In the second part the authors offer their positive interpretation of the dialogue taking particular care to explain and ground their interpretive criteria and method which considers Plato s text not simply as a de contextualized collection of philosophical arguments but offers a theoretically reading of the text that situates it firmly within its historical context The book will become a reference point in the debate about the Menexenus and Plato s political philosophy more generally and marks an important contribution to our understanding of ancient thought and classical Athenian society

Revisiting Delphi Julia Kindt,2016-09-26 Revisiting Delphi speaks to all admirers of Delphi and its famous prophecies be they experts on ancient Greek religion students of the ancient world or just lovers of a good story It invites readers to revisit the famous Oracle of Apollo at Delphi along with Herodotus Euripides Socrates Pausanias and Athenaeus offering the first comparative and extended enquiry into the way these and other authors force us to move the link between religion and narrative centre stage Their accounts of Delphi and its prophecies reflect a world in which the gods frequently remain baffling and elusive despite every human effort to make sense of the signs they give

The Ashgate Research Companion to Federalism Ann Ward,2016-04-01 This comprehensive research companion examines the theory practice and historical development of the principle of federalism from the ancient period to the contemporary world It provides a range of interpretations and integrates theoretical and practical aspects of federalism studies more fully than is usually the case The volume identifies and examines nascent conceptions of the federal idea in ancient and medieval history and political thought before considering the roots of modern federalism in the ideas of a number of important European

political theorists of the sixteenth through eighteenth centuries The contributors focus on the development and institutionalization of the principle of federalism in the American Republic and examine the historical development and central policy debates surrounding European federalism The final sections investigate contemporary debates about theories of federalism and regional experiences of federalism in a global context including Africa India Australia the Middle East and North and South America The scope and range of this volume is unparalleled it will provide the reader with a firm understanding of federalism as issues of federalism promise to play an ever more important role in shaping our world

Ohio State University Bulletin ,1915 **College of Arts and Sciences** Ohio State University,1911 The Subject Index to Periodicals ,1922 *Plato's Gorgias* Mário Jorge de Carvalho,Tomaz Fidalgo,2020-07-17 Though at first it may seem to deal with rather specific questions concerning rhetoric Plato's Gorgias turns out to be about human life and what is at stake in it This apparent change of subject or rather this ambiguity in the dialogue's subjectmatter has to do with the fact that the Gorgias is very much like a labyrinth puzzling intricate made of multiple meandering paths in which one can easily get lost and full of deviations which turn this way and that of entrances that seem to be dead ends and of dizzying turns that distort all sense of direction *Plato's Statesman* John Sallis,2016-11-28 Explores the interplay between the dramatic form of the dialogue and the basic themes it addresses The Statesman is among the most widely ranging of Plato's dialogues bringing together in a single discourse disparate subjects such as politics mathematics ontology dialectic and myth The essays in this collection consider these subjects and others focusing in particular on the dramatic form of the dialogue They take into account not only what is said but also how it is said by whom and to whom it is said and when and where it is said In this way the contributors approach the text in a manner that responds to the dialogue itself rather than bringing preconceived questions and scholarly debates to bear on it The essays are especially attuned to the comedic elements that run through much of the dialogue and that are played out in a way that reveals the subject of the comedy In the Statesman these comedies reach their climax when the statesman becomes a participant in a comedy of animals and thereby is revealed in his true nature **The Grand Scribe's Records, Volume IX** Ssu-ma Ch'ien,2019-08-01 A remarkable document of ancient Chinese history An indispensable addition to modern sinology China Review International This volume of The Grand Scribe's Records includes the second segment of Han dynasty memoirs and deals primarily with men who lived and served under Emperor Wu r 141-87 B C The lead chapter presents a parallel biography of two ancient physicians Pien Ch'eh and Tsang Kung providing a transition between the founding of the Han dynasty and its heyday under Wu The account of Liu P'ei is framed by the great rebellion he led in 154 B C and the remaining chapters trace the careers of court favorites depict the tribulations of an ill-fated general discuss the Han's greatest enemy the Hsiung nu and provide accounts of two great generals who fought them The final memoir is structured around memorials by two strategists who attempted to lead Emperor Wu into negotiations with the Hsiung nu a policy that Ssu-ma Ch'ien himself supported **Polis, Nation, Global**

Community Ann Ward, 2021-08-12 This book examines the basic tenets of nation nationalism and citizenship. It explores the relevance of the nation state to human freedom and flourishing as well as the concept of citizenship that it implies in contrast to that of the ancient polis and the global community. The volume focusses on the shifting notions of various political concepts over time to present a systematic understanding of core concepts such as polis, nation and state from antiquity to the present. It includes contributions that analyze ancient and modern thought and sections that address postmodern and contemporary thinkers including Aristotle, Cicero, Hobbes, Locke, Rousseau, Tocqueville, Nietzsche, Arendt, Weil, Grant and Manent. A comprehensive handbook to introductory politics, this book will be invaluable to students and teachers of political science, especially political theory, political philosophy, democracy, political participation and international relations theory.

Whispering the Strategies of Language: An Emotional Journey through **Studies In Herodotus And Plato**

In a digitally-driven earth where monitors reign great and instant transmission drowns out the subtleties of language, the profound secrets and emotional nuances concealed within phrases frequently move unheard.
