**The Heart of the Matter** Arthur Green, 2015-04-01 Judaism like all the great religions has a strand within it that sees inward devotion as an opening of the human heart to God's presence This voice is not always easy to hear in a tradition where so much attention is devoted to the how rather than the why of religious living The devotional claim certainly a key part of

Judaism's biblical heritage has reasserted itself in the teachings of individual mystics and in the emergence of religious movements over the long course of Jewish history. This volume represents Rabbi Arthur Green's own quest for such a Judaism both as a scholar and as a contemporary seeker. This collection of essays brings together Green's scholarly writings centered on the history of early Hasidism and his highly personal approach to a rebirth of Jewish spirituality in our own day. In choosing to present them in this way, he asserts a claim that they are all of a piece. They represent one man's attempt to wade through history and text, language and symbol, an array of voices both past and present while always focusing on the essential question: What does it mean to be a religious human being, and what does Judaism teach us about it? This, the author considers to be the heart of the matter. Publisher's description

Naftali S. Cohn, Katrin Kogman-Appel, 2024-06-07 This volume brings together the latest scholarship on Jewish literary products and the ways in which they can be interpreted from three different perspectives. In part 1 contributors consider texts as literature, as cultural products, and as historical documents to demonstrate the many ways that early Jewish rabbinic and modern secular Jewish literary works make meaning and can be read meaningfully. Part 2 focuses on exegesis of specific biblical and rabbinic texts as well as medieval Jewish poetry. Part 3 examines medieval and early modern Jewish books as material objects and explores the history, functions, and reception of these material objects. Contributors include Javier del Barco, Elisheva Carlebach, Ezra Chwat, Evelyn M. Cohen, Naftali S. Cohn, William Cutter, Yaacob Dweck, Talya Fishman, Steven D. *Jewish Meaning in a World of Choice* David Harry Ellenson, 2014-10-01 Internationally recognized scholar David Ellenson shares twenty-three of his most representative essays, drawing on three decades of scholarship and demonstrating the consistency of the intellectual, religious interests that have animated him throughout his lifetime. These essays center on a description and examination of the complex push and pull between Jewish tradition and Western culture. Ellenson addresses gender equality, women's rights, conversion issues relating to who is a Jew, the future of the rabbinate, Jewish day schools, and other emerging trends in American Jewish life. As an outspoken advocate for a strong Israel that is faithful to the democratic and Jewish values that informed its founders, he also writes about religious tolerance and pluralism in the Jewish state. The former president of Hebrew Union College, Jewish Institute of Religion, the primary seminary of the Reform movement, Ellenson is widely respected for his vision of advancing Jewish unity and of preparing

**Surprised by God** Kindalee Pfremmer De Long, 2009-10-16 Scholars have long noted the prevalence of praise of God in Luke Acts This monograph offers the first comprehensive analysis of this important feature of Luke's narrative It focuses on twenty-six scenes in which praise occurs studied in light of ancient Jewish and Greco-Roman discourse about praise of deity and in comparison with how praise appears in the narratives of Tobit and Joseph and Aseneth The book argues that praise of God functions as a literary motif in all three narratives serving to mark important moments in each plot particularly in relation to the themes of healing conversion and revelation In Luke Acts specifically the plot presents the long expected visitation of God which arrives in the person of Jesus bringing glory to the people of Israel and revelation to the Gentiles The motif of praise of God aligns closely with the plot's structure communicating to the reader that varied and often surprising events in the story such as healings in Luke and conversions in Acts together comprise the plan of God The praise motif thus demonstrates the author's efforts to combine disparate source material into carefully constructed historiography
