## **Studies In Paul Theology For The Early Christian Mission:**

*Studies in Paul* Nils A. Dahl, 2002-07-19 Prof Dahl examines the life theology and significance of the Apostle Paul in the development of the church The variety of topics and the thoroughness of the research make these essays indispensable to all who study the New Testament

**Mission in the Way of Paul** Christopher R. Little, 2005 What relevance does the Apostle Paul have for the mission of the church in the twenty first century By investigating his socioeconomic background examining his doxological orientation in mission delineating how and why he shared resources in the first century and then relating all this to what has been called the contemporary International Partnership Movement this book demonstrates that when the church engages in cross cultural mission and ignores Pauline orthopraxy it places unnecessary obstacles in the path of the *missio Dei* Therefore Mission in the Way of Paul Biblical Mission for the Church in the Twenty First Century is pertinent for any course devoted to learning from and implementing biblical models of mission today

**Mission and Moral Reflection in Paul** Michael D. Barram, 2006 The Apostle Paul sought to exert his influence and authority over the congregations he founded long after they had been established Such ongoing oversight by Christianity's prototypical evangelist has not been adequately understood In a brief 1987 article W Paul Bowers challenged John Knox's assertion that Paul's pastoral and administrative work irked him and that he wanted to be free of it This book confirms and significantly develops Bowers's little known thesis examining a wide range of passages in the apostle's undisputed letters and highlighting crucial implications of Paul's broadly conceived vocation for understanding his mission and moral reflection

**Paul the Jew under Roman Rule** Neil Elliott, 2024-09-24 Some of the most heated contests around the apostle Paul today concern the effort to understand him wholly within Judaism and the effort to interpret him over against the culture and ideology of the early Roman Empire In this collection of essays Neil Elliott shows that these two conversations belong together and must be resolved together by understanding Paul as a Jew living out Israel's ancient hopes under the pressures of Roman imperial power

*Paul's Concept of Mission* J. G. Mst Panjikaran, Panjikaran. J. G. (Joy Gervasis), 2017 Parallel title and statement of responsibility in Manipuri also

*Jesus and Paul in the Context of Judaism and Early Christianity* Donald A.

Hagner, 2025-03-27 In the late nineteenth century Jewish scholars began to be interested in Jesus and eventually Paul as important figures in the history of the Jewish people Rightly understood they argued Jesus and Paul belonged more to Judaism than to Christianity as even radical critical Christian scholars were concluding The earliest believers in Jesus were exclusively Jews forming something like a new sect within Judaism The emergence of the Christianity of the New Testament soon became a focus of attention for Jewish scholars and with this a host of questions arose such as about the influence of Hellenism the parting of the ways the widespread Christian misperception of Judaism the tragedy of anti-Semitism and the identity of Jesus as Messiah and Lord The present essays address these and other issues maintaining throughout the tension of continuity and discontinuity and stressing the underappreciated radical newness of the New Testament

*The Arrogance*

*of Nations, paperback edition* Neil Elliott, 2010 Elliott offers a fresh and surprising reinterpretation of Paul's letter to the Romans in the context of Roman imperial ideology bringing to the text the latest insights from classical studies rhetorical criticism postcolonial criticism and people's history By setting the letter alongside Roman texts Cicero Virgil the Res Gestae of Augustus Seneca poets from the age of Nero as well as later historians and satirists Elliott provides a dramatic new reading of the letter as Paul's confrontation with the arrogance of empire and an emerging Christianity already tempted by the seductive ideology of imperial power

**Within Judaism? Interpretive Trajectories in Judaism, Christianity, and Islam from the First to the Twenty-First Century** Anders Runesson, Karin Hedner Zetterholm, 2023-11-27 This book charts the shifting boundaries of Judaism from antiquity to the modern period in order to bring clarity to what scholars mean when they claim that ancient texts or groups are within Judaism as well as exploring how rabbinic Jews Christians and Muslims have negotiated and renegotiated what Judaism is and is not in order to form their own identities Belief in Jesus as the Messiah was seen as part of first century Judaism but by the fourth or fifth century the boundaries had shifted and adherence to Jesus came to be seen as outside of Judaism Resituating New Testament texts within first or second century Judaism is an historical exercise that may broaden our view of what Judaism looked like in the early centuries CE but normatively these texts remain within Christianity because of their reception history The historical within Judaism perspective however has the potential to challenge and reshape the theology of contemporary Christianity while at the same time the long held consensus that belief in Jesus cannot belong within Judaism is again challenged by the modern Messianic Jewish movement

**God is One'** Christopher R. Bruno, 2014-03-27 In discussions of Paul's letters much attention has been devoted to statements that closely identify Christ with Israel's God i.e. 1 Cor 8:6 However in Rom 3:30 and Gal 3:20 Paul uses the phrase God is one to link Israel's monotheistic confession and the inclusion of the Gentiles in the people of God Therefore this study traces the OT and early Jewish backgrounds of the phrase God is one and their possible links to Gentile inclusion Following this Christopher Bruno examines the two key Pauline texts that link the confession of God as one with the inclusion of the Gentiles Bruno observes a significant discontinuity between the consistent OT and Jewish interpretations of the phrase and Paul's use of God is one in relation to the Gentiles In the both the OT and early Jewish literature the phrase functions as a boundary marker of sorts distinguishing the covenant people and the Gentiles The key exception to this pattern is Zech 14:9 which anticipates the confession of God as one expanding to the nations Similarly in Romans and Galatians the phrase is not a boundary marker but rather grounds the unity of Jew and Gentile The context and arguments in Rom 3:30 and Gal 3:20 lead to the conclusion that Paul's monotheism must now be understood in light of the Christ event moreover Zech 14:9 may play a significant role in the link between Paul's eschatological monotheism and his argument for the inclusion of the Gentiles in Romans and Galatians

*Textual Signposts in the Argument of Romans* Sarah H. Casson, 2019-07-30 A fresh look at the development of Paul's argument in Romans The Greek word *gar* occurs 144 times in Romans and 1,041 times in the entire

New Testament However many instances of this connective defy easy definition and the English translation for is often inadequate obscuring the clue that gar gives to the direction of the communicator s thought In this ground breaking work Sarah H Casson argues that gar offers vital guidance to the coherence of Romans The book applies the cognitive approach of relevance theory to show how gar functions as an indispensable guide for tracing the significant points of Paul s argument helping resolve questions about the coherence of sections as well as smaller scale exegetical problems The work engages with key debates regarding the purpose of Romans and challenges some recent influential interpretations Features An exegetically useful understanding of the connective gar A new method for determining Paul s audience and reason for writing A challenge to recent key debates and influential interpretations of the purpose of Romans Paul's Macedonian Associations Richard S. Ascough, 2020-07-31 Richard Ascough uses Greco Roman associations as a comparative model for understanding early Christian community organization with specific attention to Paul s Macedonian Christian communities

Hultgren, 2011-05-16 Building on his own translation from the Greek Hultgren walks readers through Romans verse by verse illuminating the text with helpful comments probing into major puzzles and highlighting the letter s most inspiring features He also demonstrates the forward looking missional character of Paul s epistle written as Hultgren suggests to introduce Roman Christians to the major themes of Paul s theology and to inspire in them both confidence in the soundness

of his teaching and support for his planned missionary efforts in Spain      **'The Sufferings of Christ Are Abundant In Us'** Kar Yong Lim,2009-08-11 Investigates the centrality of suffering to Paul s argument in 2 Corinthians      *Paul, Then and Now* Matthew V. Novenson,2022-05-05 Reckoning with the hermeneutical struggle to make sense of Paul as both a historical figure and a canonical muse Matthew Novenson has become a leading advocate for the continuing relevance of historical critical readings of Paul even as some New Testament scholars have turned to purely theological or political approaches In this collection of a decade s worth of essays Novenson puts contextual understandings of Paul s letters into conversation with their Christian reception history After a new programmatic introductory essay that frames the other eleven essays Novenson explores topics including the relation between theology and historical criticism the place of Jews and gentiles in Paul s gospel Paul s relation to Judaism the relevance of messianism to Paul s Christology Paul s eschatology in relation to ancient Jewish eschatologies the aptness of monotheism as a category for understanding antiquity the reception of Paul by diverse early Christian writers the peculiar place of Protestantism in the modern study of Paul the debate over the recent Paul within Judaism movement anti Judaism in modern New Testament scholarship disputes over Romans and Galatians the meta question of what it would mean to get Paul right or wrong Engaging with numerous schools of thought in Pauline studies Augustinian Lutheran New Perspective apocalyptic Paul within Judaism religious studies and more while also rising above partisan disputes between schools Novenson illuminates the ancient Mediterranean context of Paul s letters their complicated afterlives in the history of interpretation and the hermeneutical struggle to make sense of it all      **Paul against the Nations** Neil Elliott,2023-11-10 In these essays some of them never published before Neil Elliott presents an understanding of Romans at odds with the traditional Protestant understanding a treatise on justification by faith or the New Perspective Paul s argument with Jewish ethnocentrism The letter that emerges here is an urgent response to a historical situation Paul engages what would quickly become the supersessionist norm in gentile Christianity shaped by the Roman construal of subject peoples Gathered here for the first time these studies rely on rhetorical criticism broad attention to Roman imperial ideology and postcolonial criticism to argue for a strikingly new perspective on Romans      **Paul and His Story** Sylvia C. Keesmaat,1999-01-01      **A Critical Introduction to the New Testament** Carl R. Holladay,2011-07-01 This book introduces the New Testament in two senses it not only provides basic literary and historical information on each of the twenty seven writings but also orients readers to the religious theological and ethical issues related to the message and meaning of Jesus Christ The overall goal is to help interested readers of the New Testament become informed responsible interpreters of these writings and thereby enrich their personal faith and understanding By giving special emphasis to how the New Testament has helped shape the church s identity and theological outlook throughout the centuries as well as the role it has played within the broader cultures of both East and West this introduction also seeks to assist readers in exercising creative informed leadership within their own communities of faith and in bringing a deeper understanding of

early Christianity to their conversations with the wider public Along with separate chapters devoted to each New Testament writing there are chapters explaining how this collection of texts emerged as uniquely authoritative witnesses to the church's faith why they were recognized as canonical whereas other early Christian writings were not how the four canonical Gospels are related to one another including a discussion of the Synoptic Problem how the Jesus tradition his teachings stories from his ministry and the accounts of his suffering death and resurrection originated and developed into Gospels written in narrative form and how the Gospels relate to Jesus Christ as he was and is Also included is a chapter on the writings of Paul and how they emerged as a collection of authoritative texts for the church This chapter includes a discussion of ancient letter writing special considerations for interpreting the Pauline writings and Paul's decisive influence within the history of the church and western culture

**Power and Peril** Michael K.W. Suh, 2020-03-09 This study probes the significance of Paul's statement in 1 Corinthians 3:16 announced to a group of believers in Corinth Do you not know that you are the temple of God and that the spirit of God dwells among you The question is framed in the Greek language such that Paul expected an affirmative response i.e. Yes we know we are the temple of God and yet mapping such an idea onto a gathering of people is rather unprecedented in antiquity By surveying relevant literary texts and material culture from the ancient Mediterranean roughly 400 BCE-200 CE the author shows how Paul appropriated the concept of temple in his exhortation to the Corinthians A few key texts in 1 Corinthians can be read as a cohesive and coherent set of passages that unpack the idea of the Corinthians as the temple of God While these passages are not typically read together this study shows how themes such as power and spirit traditions from Exodus divine benefits and sacrificial foods found in these passages reflect similar concerns observed in temples and other sanctuaries in ancient Greek Roman and Jewish contexts Careful analysis of the religious experience of visitors to temples an important topic that remains largely ignored in secondary literature gives greater clarity to the nuances of Paul's temple discourse As the temple the Corinthian community not only receives God's power and benefits but also remains vulnerable to peril posed by insiders and outsiders

*Lifting the Veil* Michael Cover, 2015-08-31 What accounts for the seemingly atypical pattern of scriptural exegesis that Paul uses to interpret Exodus 34 in 2 Cor 3:7-18 While previous scholars have approached this question from a variety of angles in this monograph Michael Cover grapples particularly with the evidence of contemporaneous Jewish and Greco-Roman commentary traditions Through comparison with Philo of Alexandria's Allegorical Commentary the Pseudo-Philonian homilies De Jona and De Sampson the Anonymous Theaetetus Commentary the Dead Sea Scrolls Seneca's Epistulae morales and other New Testament texts Paul's interpretation of Exodus emerges as part of a wider commentary practice that Cover terms secondary level exegesis This study also provides new analysis of the way ancient authors including Paul interwove commentary forms and epistolary rhetoric and offers a reconstruction of the context of Paul's conflict with rival apostles in Corinth At root was the legacy of Moses and of the Pentateuch itself how the scriptures ought to be read and how Platonizing theological and anthropological

traditions might be interwoven with Paul's messianic gospel
