Studies In The History Of Natural Theology:

Studies in the History of Natural Theology Clement Charles Julian Webb, 1915 **Studies in the History of Natural Theology** Clement Charles Julian Webb, 1915 **Studies in the History of Natural Theology** Clement Charles Julian Webb, 2015-06-25 Excerpt from Studies in the History of Natural Theology The following pages contain the substance of three courses of lectures delivered by the author as Wilde Lecturer on Natural and Comparative Religion in the University of Oxford during the academical years 1911 12 and 1912 13 They may be considered as contributions to the history of Natural Theology in Europe The first is a general introduction to the subject the second deals with the Natural Theology of Plato as expounded in the tenth book of the Laws the third with mediaeval Natural Theology as represented by six writers St Anselm Abelard St Thomas Aquinas Raymond of Sebonde Pietro Pomponazzi and Lord Herbert of Cherbury The inclusion of the thinker last named who might at first seem to belong to the modern rather than to the mediaeval period was suggested by the plan of Dr Pfeleiderer's Religionsphilosophie auf geschichtlicher Grundlage Dr Pfeleiderer takes Spinoza as the first representative of the Philosophy of Religion which he regards on grounds which I have ventured to criticize as a branch of speculation unknown alike to antiquity and to the Middle Ages I cannot for my own part draw so sharp a line between the Philosophy of Religion and the Natural Theology which admittedly existed in those earlier periods No one can be more conscious than myself of the superficiality of the treatment which is here accorded to a subject requiring and deserving a far more thorough investigation I can only plead in my own excuse that an Oxford college tutor can only undertake work such as belongs to the Lectureship which I was privileged to hold from 1911 to 1914 if he is prepared to accomplish less than might reasonably be demanded from a lecturer able to devote the whole or even the major part of his time to the duties of the lectureship About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Studies in the History of Natural Theology - Scholar's Choice Edition** Clement Charles Julian Webb, 2015-02-19 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no

Gerson,1994

Puritanism and Natural Theology Wallace Williams Marshall III,2016-11-10 The prevailing consensus among historians is that natural theology within Protestantism was born in the eighteenth century as a byproduct of the Enlightenment and had a sharply diminished if not nonexistent role within Puritanism Based on an exhaustive study of the writings of some sixty English and American Puritans spanning from the late sixteenth century to the early eighteenth century this book demonstrates that the overwhelming majority of Puritan theologians not only embraced natural theology on a theoretical level but employed it in a surprising variety of pastoral apologetic and evangelical contexts including their missionary activities to the Indians of New England Some Puritans even asserted that people who had never heard about Christianity could be saved through the knowledge afforded them by natural theology This conclusion reshapes our understanding of the history of apologetics and sheds fresh light on the origins of the Enlightenment itself Puritanism and Natural Theology also examines the crises of doubt experienced by several prominent Puritan theologians advances our understanding of the oft debated issue of the role of reason within Puritanism and sets the Puritans enthusiasm for natural science within the broader context of their beliefs about natural theology Hume's Dialogues Concerning Natural Religion Kenneth Williford,2023-10-31 David Hume s Dialogues Concerning Natural Religion is a philosophical and literary classic of the

highest order It is also an extremely relevant work because of its engagement with issues as alive today as in Hume's time the Design Argument for a deity the Problem of Evil the dangers of superstition and fanaticism the psychological roots and social consequences of religion In this outstanding and unorthodox collection an international team of scholars engage with Hume's classic work The chapters include state of the art contributions on the central interpretive questions posed by the Dialogues as well as major contributions relating the work to contemporary issues in Philosophy of Religion Philosophy of Science Moral Psychology and Social Philosophy Additional contributions tackle the historical and philosophical background of the Dialogues relating it to Hume's own systematic philosophy to the work of other key seventeenth and eighteenth century figures Locke Clarke Bayle Cudworth Malebranche Spinoza Lord Bolingbroke and Voltaire among others to early modern neo Epicureanism in the life sciences and notably to what Darwin missed by thinking too much like William Paley and not enough like Hume's Philo Overall this volume provides fresh and even groundbreaking perspectives on Hume's Dialogues Concerning Natural Religion It is essential reading for students and scholars of Hume the History of Modern Philosophy Philosophy of Religion and the History and Philosophy of Science

Natural Theology William Paley, 2006-04-13 The consciousness of knowing little need not beget a distrust of that which he does not know In Natural Theology William Paley set out to prove the existence of God from the evidence of the beauty and order of the natural world Famously beginning by comparing the world to a watch whose design is self evident he goes on to provide examples from biology anatomy and astronomy in order to demonstrate the intricacy and ingenuity of design that could only come from a wise and benevolent deity Paley's legalistic approach and skilful use of metaphor and analogy were hugely successful and equally controversial Charles Darwin whose investigations led to very different conclusions in the Origin of Species was greatly influenced by the book's cumulative structure and accessible style This edition reprints the original text of 1802 and sets the book in the context of the theological philosophical and scientific debates of the nineteenth century ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Science and Religion John Hedley Brooke, 2014-05-15 Offers an introduction and critical guide to the relationship between scientific thought and religious belief **International Index to Periodicals**, 1920 An author and subject index to publications in fields of anthropology archaeology and classical studies economics folklore geography history language and literature music philosophy political science religion and theology sociology and theatre arts **Zoology in Early Modern Culture: Intersections of Science, Theology, Philology, and Political and Religious Education**, 2014-10-09 This volume tries to map out the intriguing amalgam of the different partly conflicting approaches that shaped early modern zoology Early modern reading of the Book of Nature comprised among others the description of species in the literary tradition of antiquity as well as empirical observations vivisection and modern eyewitness accounts the translation of zoological species into visual art for devotion prayer and religious education but also scientific and scholarly curiosity theoretical philosophical and theological thinking regarding God's creation the Flood and the generation of animals new attempts with respect to nomenclature and taxonomy the discovery of unknown species in the New World impressive Wunderkammer collections and the keeping of exotic animals in princely menageries The volume demonstrates that theology and philology played a pivotal role in the complex formation of this new science Contributors include Brian Ogilvie Bernd Roling Erik Jorink Paul Smith Sabine Kalff Tam's Demeter Amanda Herrin MARRIGJE RIKKEN Alexander Loose Sophia Hendriks and Karl Enenkel *Natural Theology in the Scientific Revolution* Katherine Calloway, 2015-10-06 In the seventeenth century scientific discoveries called into question established Christian theology It has been claimed that contemporary thinkers contributed to this conflict model by using the discoveries of the natural world to prove the existence of God Calloway challenges this view by close examination of five key texts of the period **Darwinism and the Divine** Alister E. McGrath, 2011-02-02 Darwinism and the Divine examines the implications of evolutionary thought for natural theology from the time of publication of Darwin's *On the Origin of Species* to current debates on creationism and intelligent design Questions whether Darwin's theory of natural selection really shook our fundamental beliefs or whether they served to transform and illuminate our views on the origins and meaning of life Identifies the forms of natural theology that emerged in 19th century England and how they were affected by Darwinism The most detailed study yet of the intellectual background to

William Paley's famous and influential approach to natural theology set out in 1802 Brings together material from a variety of disciplines including the history of ideas historical and systematic theology evolutionary biology anthropology sociology and the cognitive science of religion Considers how Christian belief has adapted to Darwinism and asks whether there is a place for design both in the world of science and the world of theology A thought provoking exploration of 21st century views on evolutionary thought and natural theology written by the world renowned theologian and bestselling author *A Natural Theology of the Arts* Anthony Monti,2017-07-05 A Natural Theology of the Arts contends that the arts are theological by their very nature and not simply when they are explicitly religious thereby constituting a distinctive kind of natural theology Borrowing from science the stance of critical realism to justify truth claims in art and theology it argues that works of art are complex metaphors that convey the real presence of God even when not labelled as such Citing numerous examples from literature painting and music including Shakespeare's King Lear Vermeer's Young Woman with a Water Jug Rembrandt's Return of the Prodigal Son and Stephen Cleobury's experiences performing Bach's St Matthew Passion and Britten's Rejoice in the Lamb the author concludes that works of art anticipate the new creation thereby suggesting a Trinitarian account of the God present in the creation and reception of such works **The Encyclopedia Britannica** Thomas Spencer Baynes,1888 *The Encyclopaedia Britannica* ,1894 **Science and Religion** Gary B. Ferngren,2017-03 Weissenbacher Stephen P Weldon and Tomoko Yoshida
