A Study of the Emergence and Early Development of Selected Protestant Chinese Churches in the Philippines Jean Uy Uayan, 2017-06-30 Dr Jean Uayan comprehensively weaves the story of six Protestant Chinese churches in the Philippines into the local history of their individual settings in this important study Uncovering new insight and historical information from extensive primary and secondary sources Uayan presents a rich and previously unacknowledged heritage and support from four American mission organisations during the US occupation from 1898 1946 The seeds sown amongst Chinese communities across the Philippines resulted in indigenous churches that took differing journeys to full independence and now are also bearing fruit in missionary activity in South Fujian China This book is an important contribution towards a global church history acknowledging the work of the Holy Spirit establishing and building up the church of Jesus Christ among the nations

The Message of Love Patrick Mitchel, 2019-09-19 Love such a deceptively simple and popular little word It is universally agreed that we need love to live and flourish as human beings and yet within our contemporary culture there are numerous confusing competing and evolving ideas about what love is There are few greater subjects in Christian theology than love yet it is a surprisingly complex and challenging concept to understand let alone live out faithfully Patrick Mitchel's conviction is that Christians need to be thinking about and practising love in compelling and authentic ways Our task is not only to articulate what love is but also to show to the world what true Christian love looks like in practice The only thing that counts is faith expressing itself through love Gal 5:6 NIV Mitchel's exposition explores love in the Old Testament how the love of God is supremely revealed in the mission and death of Jesus Christ love in the life and teaching of Jesus and the church's calling to be a community of love He helps us to grasp afresh the breadth depth scope and radically counter cultural nature of the Bible's teaching on love With a fully integrated study guide suitable for both individuals and groups The Message of Love will help you to see how the Bible's unified teaching on this vital theme can impact your life today

The Early Christian Community Douglas A. Hume, 2011 Douglas A Hume offers a narrative ethical reading of the passages depicting the early Christian community in Acts 2:41-47 and 4:32-35 He begins with a methodological exploration of how contemporary scholars may examine the impact of biblical narratives upon reader's moral imaginations Given the presence of friendship language in Acts the work subsequently launches into an examination of this idiom in Greco-Roman philosophical and literary works by Aristotle Plutarch Diogenes Laertius and Iamblichus The author then proceeds to an exegetical examination of how friendship language is employed by Luke in the narrative summaries of Acts This ethical reading of the Acts 2:41-47 and 4:32-35 incorporates multiple features of narrative criticism and asks such wide ranging questions as the use of emotion point of view and characterization to shape the reading audience

s perception of God the early Christian community and other characters within the story of Luke Acts This study has implications for biblical studies practical theology and contemporary understandings of ecclesiology *The Congregationalist* ,1925 **Trauma, Gender and Ethics in the Works of E.L. Doctorow** María Ferrández San Miguel,2020-01-24 This project approaches four of E L Doctorow s novels Welcome to Hard Times 1960 The Book of Daniel 1971 Ragtime 1975 and City of God 2000 from the perspectives of feminist criticism and trauma theory The study springs from the assumption that Doctorow s literary project is eminently ethical and has an underlying social and political scope This crops up through the novels overriding concern with injustice and their engagement with the representation of human suffering in a variety of forms The book puts forward the claim that E L Doctorow s literary project through its representation of psychological trauma and its attitude towards gender may be understood as a call to action against both each individual s indifference and the wider social and political structures and ideologies that justify and or facilitate the injustices and oppression to which those who are situated at the margins of contemporary US society are subjected *Christian Nation* ,1903
