Subject Guide to Books in Print, 1997 **Moral Leadership in the Church: a Normative Approach** Bishop Felix Clarence Orji, 2013-05-15 In a time of confusion uncertainty debate and division regarding what constitutes right moral behaviour the subject of responsible moral leadership in the church takes on fresh urgency But at this critical time of need for moral leadership too many clergy simply mirror the uncertainty or abnegate the responsibility This book addresses this anomaly specifically by proposing a normative model for moral leadership in the local church Pastors and leaders of all Christians traditions will find this book very

informative and useful The book begins with an overview of the historical theological and biblical bases for Christian leadership and more particularly what the moral dimension of such leadership means Various Christian traditions are surveyed for insights into the character vision and tasks of moral leadership including the authoritative sources for ethical reflection and moral guidance Since Dr Felix Orji is a Bishop in the Anglican Communion he includes a chapter on that tradition to give a sense of the ecclesiastical ethos in which presbyters must exercise such leadership This is followed by a clear examination of Scripture in regard to what it tells us about moral leadership This book ends with a detailed normative model for moral leadership in the church and a leadership training resource specifically designed for such leadership

Andrews, 2021-10-15 As Christians each of us is called to bring people together through the Spirit of God By developing our inner character our heart we can have a greater role in other people's lives and others can have more significance in our own growth as leaders Genuine influence is a deep summons to our most authentic selves an exciting exploration that is often missing in our culture of quick fixes and easy advice In *The Influential Christian* Michael W Andrews reveals how engaging in spiritual practices that exercise empathy allows us to cultivate influence in our personal professional and spiritual lives Drawing upon God's spiritual resources as we interact with other people we build the integrity necessary to be empathic leaders As readers will discover building character is much more than completing a checklist of self improvement initiatives it's a pilgrimage into the full meaning of being human and being Christian **Books in Print**, 1994 **Paperbound Books in Print**, 1992
