Uppe,2022-07-30 Religion has played a very important role in India from remotest times It has moulded the individual life and has greatly influenced the social and cultural life also In fact in India religion has been an inseparable part of the life of an individual as also of the society as a whole There is religion to believe that even in pre and Post historical man pursued some religious practices or the other though it is difficult to find out their exact nature Right from the Vedic days religion has served as the foundation of social and cultural life of the Indian people<sup>1</sup> The Chalukyas were a Scythian race and derived their origin from one of the four classes of Buddhist followers called Chailaka They claimed their descent from Manu through Hariti and were known as Agnikulas from their devotion to the worship of fire They were included in the thirty six races of the Kshatriyas and belonged to the lunar family      Moral Triumph Zhibin Xie,2023-01-17 This book addresses the issue of Christianity in public life in China through methodological and constructive approaches It aims to answer the following questions How does Christianity with its moral and spiritual resources engage in and contribute to public life in China How does Christianity operate amidst a background of religious diversity cultural and social dynamics and political realities in China The distinctive contribution of this book is that it moves beyond simple description and evaluation of what is happening in Chinese Christianity toward a constructive theology for the distinctive realities of Chinese culture society and politics This book proposes Christian public responsibility in order to identify the moral problems in Chinese public life It attempts to enhance a public face of Christianity in China theologically and ethically by activating Christian resources in response to public life and highlighting Christianity's moral impact on the state and civil society without the imposition of confessional bonds or the exercise of authoritarian control quoted from Abraham Kuyper This book relies on both methodological and constructive approaches to define the meaning of public theology while making theological efforts to engage in public issues constructively in the Chinese context Besides the Western Christian public theologians such as Kuyper Reinhold Niebuhr and Nicholas Wolterstorff this book extensively refers to Chinese resources such as Christian thinkers philosophers and social scientists etc to perceive public theology in China This new formulation of Christian public theology in China desires to engage with Chinese experiences struggles traditions and ideology such as Confucianism and communism when investigating moral responses to public issues such as social justice human rights and religious freedom A Christian co construction with philosophical and social scientific perspectives on public life will lead to the modification of moral vocabulary in Chinese public life      **The Homiletic Review** ,1918      *Proceedings of the 2nd International*

*Conference on Democracy and Social Transformation (ICON-DEMOST 2023)* Naili Ni'matul Illiyyun, Endang Supriadi, Ririh Megah Safitri, Masrohatun Masrohatun, 2024-01-05 This is an open access book Faculty of Social and Political Science State Islamic University Walisongo Semarang has been playing significant roles in building global peace and justice by conducting scientific research and creating a space for academic dialogue and discussion This goal is in line with our vision to be a Research Faculty based on the unity of sciences for humanity and civilization As part of the efforts to create a space for academic dialogue at a global level we organize an international conference which aims to develop scientific knowledge build institutional capacity and strengthen international networking The conference is also held to support State Islamic University Walisongo Semarang in achieving its vision to be an Islamic world class university The conference raises the issue of democracy and social transformation to capture the social and political dynamics The selection of this topic is based on the idea that technological development is becoming a crucial issue within modern society in which people tend to experience alienation within the rapid social and political transformation Democracy as a political system that ensures transparency citizen participation and human rights protection is now under threat Having the fact that there is a growing tendency of using transactional politics to win political interests such as the use of money and identity in political processes therefore political analysts consider this situation as the regression of democracy Rapid social and cultural transformation as a consequence of advanced technology creates problems in modern society On one hand technology has made the life of people easier However on the other hand the sense of humanity's values and principles is declining This situation can be observed in the decrease in social solidarity and the rise of individualism Modernity that values productivity and economic growth has brought a negative impact on the life of human being and nature The exploitative character of industrialization has created an ecological crisis Advanced information technology has loosened social cohesivity and the rise of instrumental rationality has removed local genius or local wisdom from the life of society Since the ultimate goal of humanity is respecting the dignity of human beings hence bringing back humanity to the center of the development program is crucial especially in the current social and political dynamics In the political context humanity means respecting the basic rights of the citizen and putting them as a subject of political development and not perceiving citizens as only an instrument to win political power Based on the above background this conference is organized The overall goal of the conference is to mainstream humanity in the current social and political change The conference is also expected to be an arena for scholars and experts in social and political science as well as practitioners and policymakers to meet and exchange ideas and perspectives for a better future of our society

**The second practice of nineteenth-century tonality** William Kinderman, Harald Krebs, 1996-01-01 In 1861 a half century before Arnold Schoenberg's break with tonality a young composer associated with Liszt saw a threshold to musical modernism as lodged in the suspension of the main key As the unified tonal perspective of earlier music yielded increasingly to dualistic key structures often laden with chromaticism the language of music was transformed In The Second

Practice of Nineteenth Century Tonality nine prominent theorists and historians explore aspects of this musical evolution from Schubert to the end of the nineteenth century Many works discussed are masterpieces of the performance repertory ranging from Chopin s piano pieces and Wagner s music dramas to the symphonies of Bruckner The integration of analytical and historical approaches in the essays seeks to avoid narrow specialization as well as the polemic stance of some recent studies A critical assessment of issues including inter textuality narrative and dramatic symbolism enriches this investigation of what may be described as the second practice of nineteenth century tonality
