FLASHCARDS

Questions on one side, answer on the other OR Term on one side, definition on the other. Ask yourself the questions & then check your answers.

TALK-THROUGH

Go through your flashcards & explain each aspect in as much detail as possible without reading from the printed information. Try with a partner or in a group!

MNEMONIC DEVICES

Try rhyming or creating sayings to help you remember information. You can also write acronyms or sentences with the first letters of words.

PRETEND TO TEACH SOMEONE

After studying a chapter/topic for some time, record yourself explaining it as if to a person whose never heard it. One, it will help you learn the material better, and two you now have a recording you could listen to!

STUDY GUIDE

Use your class study guide as a tool for review. If your teacher does not provide a study guide, create one! Create questions/practice problems/short answer questions related to the content you learned throughout the semester.

CONDENSING NOTES

Summarize a chapter/topic/lesson within a limited space (ie: a flashcard, full page). Fill it with notes, drawings, examples, etc. This will challenge you to write what's important instead of mindlessly writing everything down.
