No filing necessary	General partners can leave easily without involving outside structure in management of business
Limited partnership	Limited partners have limited personal liability for business debts as long as they do not participate in management	Type and scope of return on investment (ROI) comparable to a dividend provided to limited partners by limited partnership typically outlined in partnership agreement	Variable usually for companies that need to raise money. More expensive to create than general partnership	Liable limited by a separate agreement (such as a partnership limited partners do not have management responsibility and are not responsible for partnership's debts)

A multiple-member PLLC treated as a partnership	Given state-focused professionals a way to enjoy LLC advantages. Members must all belong to same profession. Not available in all states	Members can specify rights and responsibilities, powers, PLLC financial matters, and rights and restrictions regarding ownership interests with full flexibility through a written operating agreement
C corporation	Owners have limited personal liability for business debts	Owners can pay a federal overall tax rate for dividing corporate profit among themselves and their company, a distinct taxable entity.
