The Story of Music Howard Goodall, 2021-11-15 Why did prehistoric people start making music What does every postwar pop song have in common A masterful tour of music through the ages Booklist starred review Music is an intrinsic part of everyday life and yet the history of its development from single notes to multi layered orchestration can seem bewilderingly specialized and complex In his dynamic tour through 40 000 years of music from prehistoric instruments to modern day pop Howard Goodall does away with stuffy biographies unhelpful labels and tired terminology Instead he leads us through the story of music as it happened idea by idea so that each musical innovation harmony notation sung theater the orchestra dance music recording broadcasting strikes us with its original force He focuses on what changed when and why picking out the discoveries that revolutionized man made sound and bringing to life musical visionaries from the little known P rotin to the colossus of Wagner Along the way he also gives refreshingly clear descriptions of what music is and how it works what scales are all about why some chords sound discordant and what all post war pop songs have in common The story of music is the story of our urge to invent connect rebel and entertain Howard Goodall s beautifully clear and compelling account is both a hymn to human endeavor and a groundbreaking map of our musical journey

Youth's Companion ,1925 Music for Silent Film Kendra Preston Leonard, 2016-01-01 Between 1895 and 1929 more than 15 000 motion pictures were made in the United States We call these works silent films but they were accompanied by an enormous body of music including works adapted or arranged from pre existing works as well as newly composed pieces for theater orchestras organists or pianists While many films and pieces are lost a considerable amount of material remains extant and available for use in research and performance Music for Silent Film A Guide to North American Resources is a unique resource on North American archives and English language materials available in for those interested in this repertoire Part I contains information about archives of primary source materials including full and compiled scores sheet music published anthologies of music interviews with cinema musicians periodicals and instruction books Part II

Marat/Sade ; The Investigation ; and The Shadow of the Body of the Coachman Peter Weiss,1998-01-01 Peter Weiss 1916 1982 was virtually unknown in the mid 1960s when Peter Brook made Marat Sade into a film The weaving of time space plot real and imagined characters sexual liberation and surrealist imagery made Marat Sade a sensation Little did audiences realize that this counterculture classic was written by a German Jew At that time Weiss was also at work on a play about Auschwitz The Investigation These two dramas are in this volume along with The Shadow of the Body of the Coachman All are cogently introduced and edited by Robert Cohen **Musical America** ,1918 **Music** Don Campbell,2014-06-18 Each morning as we hum or chant or strum we can celebrate the renewal of our path with our own humble offering of the glorious gift called music This book offers a panorama of ways music can nourish our lives Paul Winter award-winning musician and composer As ancient peoples knew music profoundly affects body mind and spirit It can speed recovery from disease heal psychological wounds and open us to the ultimate mystery of life Celebrated author and educator Don Campbell presents an impressive anthology of essays exploring the latest scientific research about the healing use of sound in traditional cultures Contributors include composers musicians and music therapists doctors and psychologists pioneers in neuroscience and biophysics and teachers in diverse spiritual traditions They address such fascinating topics as Why
