**Unlimited "God's Favor".** Dionne Fields, **Big and Little Histories** Marnie Hughes-Warrington,Anne Martin,2021-08-19 This book introduces students to ethics in historiography through an exploration of how historians in different times and places have explained how history ought to be written and how those views relate to different understandings of ethics No two histories are the same The book argues that this is a good thing because the differences between histories are largely a matter of ethics Looking to histories made across the world and from ancient times until today readers are introduced to a wide variety of approaches to the ethics of history including well known ethical approaches such as the virtue ethics of universal historians and utilitarian approaches to collective biography writing while also discovering new and emerging ideas in the ethics of history Through these approaches readers are encouraged to challenge their ideas about whether humans are separate from other living and non living things and whether machines and animals can write histories The book looks to the fundamental questions posed about the nature of history making by Indigenous history makers and asks whether the ethics at play in the global variety of histories might be better appreciated in professional codes of conduct and approaches to research ethics management Opening up the topic of ethics to show how historians might have viewed ethics differently in the past the book requires no background in ethics or history theory and is

James West, 2022-07-29 An intellectual biography of the trailblazing African American historian activist and scholar Journalist activist popular historian and public intellectual Lerone Bennett Jr left an indelible mark on twentieth century American history and culture Rooted in his role as senior editor of Ebony magazine but stretching far beyond the boundaries of the Johnson Publishing headquarters in Chicago Bennett established himself as a prominent advocate for Black America and a scholar whose writing reached an unparalleled number of African American readers This critical biography the first in depth study of Bennett s life travels with him from his childhood experiences in Jim Crow Mississippi and his time at Morehouse College in Atlanta to his later participation in a dizzying range of Black intellectual and activist endeavors Drawing extensively on Bennett s archival collections at Emory University and Chicago State as well as interviews with close relatives colleagues and confidantes Our Kind of Historian celebrates his enormous influence within and unique connection to African American communities across more than half a century of struggle      **Revisionist Histories** Marnie Hughes-Warrington, 2013-07-18 Revision and revisionism are generally seen as standard parts of historical practice yet they are underexplored within the growing literature on historiography In this accessibly written volume Marnie Hughes Warrington discusses this paucity of work on revision in history theory and raises ethical questions about linear models and spatial metaphors that have been used to explain it Revisionist Histories emphasises the role of the authors and audiences of histories alike as the writers and rewriters of history Through study of digital environments graphic novels and reader annotated texts this book shows that the sides of history cannot be disentangled from one another and that they are subject to flux and even destruction over time Incorporating diverse and controversial case studies including the French Revolution Holocaust Denial and European settlers contact with Native Americans and Indigenous Australians Revisionist Histories offers both a detailed account of the development of revisionism and a new more spatial vision of historiography An essential text for students of historiography      **A History of Kansas** Noble Lovely Prentis, 1904      **National Book Signing Tour** Dionne Fields,      **Re-Imagining the Church** Robert J. Suderman, 2016-09-30 The church What has it become What was it meant to be Does it pave the way or get in the way Are we suspicious of the institutionalization of church bureaucracy Or

thrilled with the relevant impact of its presence Robert J Suderman writes about the church as a practitioner His inspiration emerges out of the crossroads of biblical vision and human sincerity always tempered with frailty Years of ministry never a stranger to complexity only serve to sharpen the vision of possibility His imagination of what can be is never divorced from the realities of what is He does not bow to the common assumption that you can t get there from here Here is the only possible point of origin for us In his succinct easy to understand writing style Suderman provides insightful and thought provoking perspectives to what it means to be the church To be a people called out to participate together in God s activity in the world and to create programs and structures needed for effective ministry are two sides of the same coin This book is for dreamers and bureaucrats alike indeed it assumes that the two are indispensable pieces of God s coming presence
