Abraham Malamat

The History Of Biblical Israel Major Problems And Minor Issues

Michael A. Grisanti

The History Of Biblical Israel Major Problems And Minor Issues:

History of Biblical Israel Abraham Malamat, 2001 This title encompasses the history of Israel from its very beginnings up to the destruction of the First Temple of Jerusalem in 586 BC Topics covered include the Exodus and the conquest of Canaan the rise of the Davidic Dynasty and the diplomatic international marriages of Solomon **History of Biblical Israel** Abraham Malamat, 2001 The book holds 26 chapters encompassing the history of Israel from its very beginnings up to the destruction of the First Temple of Jerusalem 586 BC The successive parts are The Dawn of Israel Forming a Nation The Rise of the Davidic Dynasty and King Amon and Josiah and their final fate The last part is dedicated to historical episodes in the Former Prophets and in the Prophetical Books Several excursi follow This publication has also been published in paperback The Land of Israel in Bible, History, and Theology Jacques Ruiten, Jacobus Cornelis De please click here for details Vos, 2009 This book deals with many aspects of the land of Israel In the first part the emphasis is on descriptions of the land in Joshua and other books of the Hebrew anf Greek Bible In the second part the focus shifts to the land in history and theology reception history of biblical texts dealing with the land archaeology of Palestine and theological hermeneutical implications of taking the land traditions of the Bible seriously The result is a rich collection of articles on one of the main themes of the Old Testament a theme that has a fascinating although not always unproblematic reception history History of Biblical Israel Abraham Malamat, 2021-11-15 The book holds 26 chapters encompassing the history of Israel from its very beginnings up to the destruction of the First Temple of Jerusalem 586 BC The successive parts are 1 The Dawn of Israel dealing with the Israelite proto history Mari and early Israel as well as the tribal societies and genealogies 2 Forming a Nation The Exodus and Conquest of Canaan the period of the Judges and the charismatic nature of the Judges the Danite migration 3 The Rise of the Davidic Dynasty a political view of the kingdom of David and Solomon the diplomatic international marriages of the latter organs of statecraft in the Israelite monarchy 4 King Amon and Josiah and their final fate twilight of Judah and the destruction of Jerusalem 5 This part is dedicated to historical episodes in the Former Prophets and in the Prophetical Books Several excursi follow This publication has also been published in paperback please click here for details Giving the Sense Michael A. Grisanti, 2003 This collection of essays covers the four major periods of Israel s history and explores the theological literary historical and archaeological dimensions of each era Critical Issues in Early Israelite History Richard S. Hess, Gerald A. Klingbeil, Paul J. Ray Jr., 2008-06-30 The origin of the Israelites is one of the most frequently discussed issues among archaeologists and biblical scholars Only a few decades ago biblical stories such as the Conquest were heralded as confirmed by archaeology But in the 1970s Thomas L Thompson and John Van Seters were in the vanguard of a movement among scholars that was intent on reassessing the historical reliability of the biblical narratives This reassessment gained momentum during the 1980s and 1990s today the mainstream opinion is that there was no Conquest and the Israelites if they can be identified as a national entity or as a people did not arrive in Canaan by means

of a military conquest For three days in March 2004 a group of scholars met to consider the state of the question and to provide a response to the predominant academic skepticism a response that considers the biblical text to be an important datum in the construction of the history of the people of Israel To do so the authors of the papers read at the conference take into account both biblical and extrabiblical literary evidence as well as the contributions of archaeology to describe as completely as possible what may be known about the early history of Israel Critical Issues in Early Israelite History publishes the papers read at this conference in the hope that the result will be a balanced portrayal of this watershed event based on The Origin of Israelite Zion Theology Antti Laato, 2018-08-23 In this examination of all of the currently available evidence Zion theology and how it arises in the book of Psalms Antti Laato's starting point is that the Hebrew Bible is the product of the exilic and postexilic times which nonetheless contains older traditions that have played a significant role in the development of the text Laato seeks out these older mythical traditions related to Zion using a comparative methodology and looking at Biblical traditions alongside Ugaritic texts and other ancient Near Eastern material As such Laato provides a historical background for Zion theology which he can apply more broadly to the Psalms In addition Laato argues that Zion related theology in the Psalms is closely related to two events recounted in the Hebrew Bible First the architectural details of the Temple of Solomon 1 Kings 6 7 which can be compared with older mythical Zion related traditions Second the religious traditions related to the reigns of David and Solomon such as the Ark Narrative which ends with David s transfer of the Ark to Jerusalem 2 Sam 6 From this Laato builds an argument for a possible setting in Jerusalem at the time of David and Solomon for the Zion theology that emerges in the Psalms 2030 - The Sixth Thousandth Year Paul R. Finch, 2023-11-10 From the opening chapter we read It is time to rewrite ancient history. The chronology of ancient history as presented by modern secular scholarship is totally and emphatically bogus The entire subject of biblical chronology as well as all ancient world chronology is herein challenged as never before Now for the first time Mr Finch corrects the errors of past chronological studies With this important research it is now possible to finally create a chronology of the ancient world that at long last fits all the pieces perfectly together This timely study puts biblical chronology together in a new light and is conclusively a breakthrough investigation that cannot be ignored This exciting research is a must read for all biblical students henceforward The Rise and Fall of the Ancient Israelite States Martin Sicker, 2003-10-30 By subjecting biblical writings to a political analysis Sicker constructs a plausible political history of the ancient Israelite states that dealt with virtually every issue faced by governments throughout subsequent history As he makes clear the way they dealt with those issues successfully or otherwise is highly instructive and relevant to today s analysis of geopolitical issues Our knowledge of the political history of ancient Israel is almost exclusively dependent on the information that may be gleaned from biblical writings which reflect a historiosophical perspective very different from that employed in modern historical writing Nonetheless and despite all the problems encountered in dealing with the biblical texts the history of the ancient Israelite

states that can be derived from them has much to offer a student of politics Instead of the critical literary analysis common to contemporary biblical studies Sicker constructs a plausible political history of the ancient Israelite states that takes into consideration the geopolitical realities that directly conditioned much of that history as well as the religious dimensions of Israelite political culture that played a critical role in it He demonstrates that the ancient Israelite states were confronted by virtually every political dilemma domestic and international encountered by states and governments throughout the subsequent history of the world The way they dealt with the issues successfully or otherwise is highly instructive and relevant to the complex issues faced by states and governments today A Brief History of Ancient Israel Victor Harold Matthews, 2002-01-01 Grounded in the latest archeological developments Victor Matthews s A Brief History of Ancient Israel presents a concise history of Israel covering the ancestral period conquest and settlement the monarchy and both the exilic and postexilic periods Using supplemental figures and insets the author concentrates on providing a cogent and condensed discussion of events He examines historical geography archaeological data and where relevant comparative cultural materials from other ancient Near Eastern civilizations With an accessible yet high quality introduction A Brief History of Ancient Israel will be of immense value to both students of the Old Testament and the scholars who teach them Fantastic in Religious Narrative from Exodus to Elisha Laura Feldt, 2014-10-14 The Fantastic in Religious Narrative from Exodus to Elisha argues that perspectives drawn from literary critical theories of the fantastic and fantasy are apt to explore Hebrew Bible religious narratives The book focuses on the narratives marvels monsters and magic rather than whether or not the stories depict historical events The Exodus narrative Ex 1 18 and a selection of additional Hebrew Bible narratives Num 11 14 Judg 6 8 1 Kings 17 19 2 Kings 4 7 are analysed from a fantasy theoretical perspective The fantasy perspective helps to make sense of elements of these narratives that although prominently featured in the stories have previously often been explained by being explained away These case studies can illuminate Hebrew Bible religion and offer wider perspectives on religious narrative generally In light of the fantasy theoretical approach these Hebrew Bible stories with the Exodus narrative at the centre read not as foundational stories affirming triumphantly and unambiguously the bond between the deity his people and their territory but rather as texts that harbour and even actively encourage ambiguity and uncertainty not necessarily prompting belief orientation and a sense of meaningfulness but also open ended reflection and doubt The case studies suggest that other religious narratives both in and beyond the Judaic tradition may also be amenable to interpretation in these terms thus questioning a dominant trend in myth studies The results of the analyses lead to a discussion of the role of ambiguity uncertainty and transformation in religious narrative in broader perspective and to a questioning of the emphasis in the study of religion on the capacity of religious narrative for founding and maintaining institutions orienting identity and defending order over disorder. The book suggests the wider importance of incorporating destabilisation disorientation and ambiguity more strongly into theories of what religious narrative is and does **Before**

There Were Kings Elie Assis, 2023-11-07 Following the great periods of national leadership by Moses and Joshua the book of Judges depicts the stewardship of various judges that rose to power to solve local religious and military challenges in the premonarchic period This volume provides a close reading of the entire book of Judges taking seriously the distinct elements of the book and how they are interconnected Elie Assis explores the ways in which the ideology and theology of Judges unfold through a careful literary analysis Moving beyond the cycle of sin punishment and salvation Assis demonstrates how differences in the descriptive language applied to each judge as well as the evaluations in the opening and concluding chapters provide clues as to the organization and message of the text Most works on Judges focus on the historical background of the period or the historical process of the book s composition and seek to dissolve its stories into component parts In contrast Before There Were Kings points to the deep underlying unity of Judges and the function of the individual stories within the whole New and carefully drawn insights related to the purpose of each section and the themes that shape the book as a whole make this a groundbreaking programmatic contribution to research on the book of Judges It will be of particular interest to students and scholars of the Old Testament and the Hebrew Bible The Interpretation of the Hebrew *Word* □□ (*People*) in *Samuel-Kings* Luke Emehiele Ijezie,2006 This study of the word people in the biblical context touches one of the central issues of biblical literature. The author addresses the semantic and literary critical problems involved in interpreting the Hebrew word within the complex texts of 1 2 Samuel and 1 2 Kings While the word is often rendered by the English word people and its cognates in the modern languages it is also shown that the idea of people together with its semantic range in the modern usage is not identical to the ancient Hebrew Concerted effort is thus made to identify the basic factors and patterns that explain its meaning in various Hebrew contexts The study explains how expresses both Israel s identity as a secular polity as well as its identity as a religious entity. The discussion is carried out in the light of a number of chosen texts and these are analyzed both synchronically and diachronically The Elamite World Javier Álvarez-Mon, Gian Pietro Basello, Yasmina Wicks, 2018-01-29 Amongst the civilizations to participate in the dynamic processes of contact and interchange that gave rise to complex societies in the ancient Near East Elam has remained one of the most obscure at times languishing in the background of scholarly inquiry In recent years however an increasing body of academic publications have acknowledged its relevance and suggested that its legacy was more considerable and long lasting than previously estimated The Elamite World assembles a group of 40 international scholars to contribute their expertise to the production of a solid lavishly illustrated English language treatment of Elamite civilization It covers topics such as its physical setting historical development languages and people material culture art science religion and society as well as the legacy of Elam in the Persian empire and its presence in the modern world This comprehensive and ambitious survey seeks for Elam hardly a household name a noteworthy place in our shared cultural heritage It will be both a valuable introductory text for a general audience and a definitive reference source for students and academics After the Invasion Keith Bodner, 2015-07-30 In the

wake of the Babylonian destruction of Jerusalem and the displacement of exile there is a unique story that is told about the remnant left behind after the invasion The narrative of Jeremiah 40 44 unfolds the challenges and crises of this community who remain in Judah as they negotiate their survival following the catastrophe of Jerusalem s fall After the Invasion shares the often overlooked but compelling story that emerges from the five later chapters of Jeremiah Keith Bodner expertly reveals the assortment of personalities geographic locations shifts in point of view temporal compression and layers of irony Primary focused on the narrative design of this text Professor Bodner proves that these chapters form a creative and sophisticated narrative that make a rich though perhaps underestimated contribution to the book of Jeremiah as a whole

Two Testaments, One Bible David L. Baker, 2013-04-06 Do we need the Old Testament today Is this collection of ancient writings still relevant in our postmodern and increasingly post literary world Isn t the New Testament a sufficient basis for the Christian faith What does the Old Testament God of power and glory have to do with the New Testament God of love whom Jesus calls Father Are these two very different Testaments really one Bible In this thoroughly revised updated and expanded edition of Two Testaments One Bible David L Baker investigates the theological basis for the continued acceptance of the Old Testament as Christian Scripture through a study of its relationship to the New Testament He introduces the main issues surveys the history of interpretation and critically examines four major approaches He then considers four key themes which provide a framework for Christian interpretation of two Testaments in the context of one Bible typology promise and fulfilment continuity and discontinuity and covenant He completes his study with a summary of the main conclusions and reflection on their implications for the use of the Bible today David and Zion Jimmy Jack McBee Roberts, 2004 J.J. M. Roberts was graduated from Harvard University taught at The Johns Hopkins University and then spent the bulk of his teaching career at Princeton Theological Seminary where he influenced and was well loved by several generations of students Here 21 colleagues and former students contribute essays that reflect Roberts core interests *Interpretation of* $\square\square\square$ $\square\square\square$ $\square\square\square$ Nathan S. French,2021-02-15 On a primary level the author seeks to answer the question what is the best interpretation of The Knowledge of Good and Evil in Gen 2 9 17 3 5 and 3 22 In Gen 3 5 and 3 22 this knowledge is said to be possessed by YHWH and the divine beings This study analyzes the permutations of good and evil bad in the Hebrew Bible with a majority focus in Genesis and the Deuteronomistic History and with a focus upon those textual instances in which YHWH has influence over good and bad evil Due to the results of the data the author brings in a second level of discussion that focuses upon the hermeneutical principle of divine retribution as a structuring element for ancient Near Eastern historiography On a third level the author turns to divine blessing and cursing and its association with good and evil in ancient Near Eastern texts and in the Hebrew Bible Due to this specific theocentric analysis of the lexemes juxtaposed with the author's wider study of ancient Near Eastern history and culture the answer to the guiding guestion of this study is therefore proposed by the author as The Divine Knowledge for Administering Reward and Punishment Ergo the Eden

Narrative tells a story of how humans partly attain divinity becoming like YHWH and the divine beings Gen 3 5 3 22 Ps 82 in having acquired the forbidden divine knowledge for wielding ultimate power The Semantic Field of Cutting Tools in Biblical Hebrew Aaron Koller, 2023-09-29 This volume is concerned with field of cutting tools in Biblical Hebrew texts and deals with the interface of philogical semantic and archeological evidence Leviticus Johnson M. Kimuhu, 2008 Whereas many books in this field deal with individual aspects or texts of the study of family laws Leviticus The Priestly Laws and Prohibitions from the Perspective of Ancient Near East and Africa examines extensively biblical texts ancient Near Eastern text and oral traditions from Africa Thus three different cultures converge the world of the Hebrew Bible the world of the ancient Near East and the world of Africa This volume examines in detail the history of the development of ancient laws in general and family laws in particular especially the laws relating to marriages between close relatives Furthermore Johnson M Kimuhu looks at prohibitions and taboos in Africa and the problems they pose with regard to the interpretation and translation of difficult biblical concepts into African languages In that sense Kimuhu provides an example of how to contextualize or integrate African traditions into the study of biblical Hebrew and he also offers insights into the current debate on the study of kinship from the point of view of social cultural anthropology and the Hebrew Bible legal system Teachers students and researchers in biblical studies ancient Near Eastern studies African traditions and social cultural anthropology will find this book helpful in their quest to understand family laws prohibitions and taboos

Right here, we have countless book **The History Of Biblical Israel Major Problems And Minor Issues** and collections to check out. We additionally offer variant types and after that type of the books to browse.
