African Americans and the Bible Vincent L. Wimbush, 2012-09-01 Perhaps no other group of people has been as much formed by biblical texts and tropes as African Americans From literature and the arts to popular culture and everyday life the Bible courses through black society and culture like blood through veins Despite the enormous recent interest in African American religion relatively little attention has been paid to the diversity of ways in which African Americans have utilized the Bible African Americans and the Bible is the fruit of a four year collaborative research project directed by Vincent L Wimbush and funded by the Lilly Endowment It brings together scholars and experts sixty eight in all from a wide range of academic and artistic fields and disciplines including ethnography cultural history and biblical studies as well as art music film dance drama and literature The focus is on the interaction between the people known as African Americans and that complex of visions rhetorics and ideologies known as the Bible As such the book is less about the meaning s of the Bible than about the Bible and meaning s less about the world s of the Bible than about how worlds and the Bible interact in short about how a text constructs a people and a people constructs a text It is about a particular sociocultural formation but also about the dynamics that obtain in the interrelation between any group of people and sacred texts in general Thus African Americans and the Bible provides an exemplum of sociocultural formation and a critical lens through which the process of sociocultural

Sermons in Zephaniah, Haggai, & Zechariah R. J. Rushdoony, 2023-06-09 We live in an age of practical atheism where men pay lip service to God and then do as they please Our time is marked by a failure to meet our responsibility while believing that nothing will happen that God will not judge His church as He s judged His people throughout history As we know judgment begins at the house of God because the church bears the greater burden of guilt for possessing the greater privileges of God s covenant grace salvation and courage We must take our lesson from Jerusalem of old to whom God sent prophets like Zephaniah Haggai and Zechariah to remind them of their covenant responsibility to provide the standard and word to the wicked nations around them In this volume R J Rushdoony brings out the two edged sword of God s law word through these three minor prophets to both warn and encourage us to greater faithfulness and ministry Like the faithful in ancient Jerusalem we can feel small marginalized and peripheral to history but Rushdoony reminds us that our security and effectiveness are determined by the God who controls history and not the evil machinations of men In this book is the message of hope that we desperately need right now To continue the great work of Christian Reconstruction we must walk by faith and not focus on the smallness of our efforts or our seemingly small results We must set our hearts and minds on the reality of God s promises and know that all power and dominion are in His hands What we cannot do God does not ask us to do What we can do God requires us to do We must stand in obedience to God and fulfill our responsibility to be faithful in our duty and calling as workers parents ministers and churchmen As heirs together of the grace of life 1 Peter 3 7 our obedience helps our prayers to be heard and God s judgment to be enacted The future belongs to the dedicated minorities who commit themselves to God and His Word while not despising the day of small things This is how we face the world of our day

The Art of the Roman Catacombs Gregory S. Athnos, 2023-07-07 Every story in catacomb art is a tale of deliverance a tale of the powerlessness of death and the certainty of the resurrection Looking back through fifteen hundred years of Christian art it appears the crucifixion of Jesus holds the highest place We haven t looked back far enough Go back to the first three centuries after Jesus walked among us Walk the dark corridors of those subterranean burial chambers of the persecuted Christians There we find a much different theology at work a theology with resurrection hope and power at the center If catacomb art were all we had of Christian theology and practice from the first three centuries AD no Scriptures we would have no choice but to conclude that the first message of the Christian faith was the Easter gospel

Unitarian Christianity. An Historical, Doctrinal, and Chronological Explanation of the Revelation of St. John ... By a Late Student of the Dublin University ,1831

The True Human Being Maria Louise Odgaard Møller, 2019-06-17 The aim of Odgaard Møller s book is

threefold The first main section seeks to clarify how and why Jesus is presented in the pre 1968 writings of the Danish theologian and philosopher K E L gstrup 1905 1981 Throughout his work L gstrup s main focus has been a rehabilitation of the insight that life is something definite because it is created Here Jesus primarily plays a methodological strategic role as the one confirming and giving witness to L gstrup s interpretation of created life in a given time of his authorship When faith in creation is formulated polemically against another interpretation of life Jesus serves as L gstrup s ally in this discussion In the second main section this examination is extrapolated to include a discussion with Bultmann and two of his students in order to clarify the character of his Christology not least whether or in what way this can be characterised as implicit Christology Finally in the light of Ricoeur s hermeneutic philosophy of religion the third main section considers the systematic theological validity of this picture of Jesus The overall conclusion can be summed up in this way The main line in L gstrup s work goes from created life to the human being Jesus of Nazareth Jesus incarnates created life therefore he is the true human being This close connection between created Life and true Human Being is the kernel in L gstrup s thought This makes his perception of Jesus and his Christology distinctive original and specifically L gstrupian The Ancient Story of God-With-Us Ray C. Robles, 2025-04-08 What is forming you We often assume that our identities are formed and created only when we intend them to be But what if our quest for discerning the deepest truths about ourselves our God and our world are already governed by appetites and ways of thinking that are so fixed in our collective imaginations we don t even know that they re there This book is aimed at exposing those hidden assumptions that have kept us feeling like God is distant while we remain divided anxious and afraid despite our best efforts to overcome through private prayer and Bible reading The Ancient Story of God With Us is about the good news that you don t have to think or pray your way out of this wilderness by yourself Through our storied identity with God we have been gifted deep wells from which to draw again and again as the Spirit woos us deeper into the inexhaustible mystery of the triune God with us God is alive We have nothing to fear

Irenaeus of Lyons and the Mosaic of Christ James G. Bushur, 2017-04-21 Whereas many works interpret Irenaeus only as he relates to certain gnostic teachings this book recognizes the broader context of the second century society in which he writes It shows that Irenaeus is interested not simply in expounding the original intent of individual texts but in demonstrating how individual texts fit into the one catholic narrative of salvation As such this is vital reading for scholars of the early Church as well as those with interests in patristics and the development of Christian exegesis *The Way of Jesus Christ* Jürgen Moltmann, 1995-08-21 The Way of Jesus Christ discusses the following topics 1 The symbol of the way embodies the aspect of process and brings out christology s alignment towards its goal This symbol can comprehend Christ s way from his birth in the Spirit and his baptism in the Spirit to his self surrender on Golgotha It also makes it possible to understand the path of Christ as the way leading from his resurrection to his parousia the way he takes in the Spirit to Israel to the nations and into the breadth and depth of the cosmos 2 The symbol of the way makes us aware that every human christology

is historically conditioned and limited Every human christology is a christology of the way not yet a christology of the home country a christology of faith not yet a christology of sight So christology is no more than the beginning of eschatology and eschatology as the Christian faith understands it is always the consummation of christology 3 Finally but not least important every way is an invitation A way is something to be followed The way of Jesus Christ is not merely a christological category It is an ethical category too Anyone who enters upon Christ s way will discover who Jesus really is and anyone who really believes in Jesus and the Christ of God will follow him along the way he himself took Christology and christopraxis find one another in the full and completed knowledge of Christ This christology links dogmatics and ethics in closer detail than in the previous volumes
