

So we're off to the south part of the island I take it.

Of course. But I think there is more going on here than meets the eye.

What do you mean?

Hard to forget them. What about them?

Hard to forget about that poem too.

What's your point?

Well remember those two goons?

Well we never understood how they knew about that big shadow monster. After all Brewer never found anything in his research about that thing aside from a bad poem.

Well Nixie said a stranger showed her forgotten powers. Interesting how she is the second person we've meet who knows about something that seemingly no one knew about.

Of course.

You think there is a connection?

Now Nixie mentioned a stranger who showed her these powers so we are also dealing with a third person who knows about forgotten powers.

So we are really dealing two people on this island?

Perhaps, but what if we are only really dealing with one person who knows about these powers. Then Nixie and the other guy where nothing more than people he has trained.

So you think this third player may be the head of the snake?

Possibly, but all we have are speculations if we are to get some real answers. we would need to capture Nixie.
