Douglas Pye, Jim Hillier

The Hollywood Musical:

The Hollywood Musical Jane Feuer, 1993 both fresh and informed as well as a pleasure to read Film Quarterly Since 1982 when this book first appeared the Hollywood musical has undergone a rebirth with the rise of teen musicals such as Dirty Dancing and Flashdance In a chapter written especially for this second edition of her well known study Jane Feuer shows how this new development in the genre relates to important changes in the cinema audience itself It is the text for the study of Hollywood musicals

The Hollywood Musical Jane Feuer, 1982 A both fresh and informed as well as a pleasure to read Film Quarterly Since 1982 when this book first appeared the Hollywood musical has undergone a rebirth with the rise of teen musicals such as Dirty Dancing and Flashdance In a chapter written especially for this second edition of her well known study Jane Feuer shows how this new development in the genre relates to important changes in the cinema audience itself It is the text for the study of Hollywood musicals

The Hollywood Musical John Russell Taylor, Arthur Jackson, 1971

Wonderful Design Lloyd Whitesell, 2018-07-06 As one of the most beloved and beguiling genres of entertainment the film musical wears its style ostentatiously The genre allows for hyperbolic expression extravagant sonic and visual decor and extremely stylized forms of movement and performance By staging a glittering spectacle by releasing a current of lush sentiment by unveiling a world of elegance and romance the film musical woos us with patterns textures finesse and sensory display In this book author Lloyd Whitesell asks what exactly makes film musicals so glamorous As he argues glamour projects an aura of ethereality or sophistication by way of suave deportment sensuous textures elevated styles and aesthetically refined effects Glamour in other words is what unites Cheek to Cheek from Top Hat and the title song from Beauty and the Beast each a sonic evocation of luxury sparkle grace and finesse Whitesell redirects our attention from visual cues like sequins and evening gloves to explore how glamour resides in the sonic Discussing dozens of musical numbers analyzing ingenious orchestration and appraising the distinctive styles of favorite musical stars Whitesell illuminates fundamental traits of the genre its aesthetic strategies and cultural ambitions

The Hollywood Musical Clive Hirschhorn, 1981

Hollywood Musicals Year by Year Stanley Green, 1999 A chronologically arranged reference book on the Hollywood musical with each entry including pertinent facts about a film and a brief essay about the plot and production Includes hundreds of black white stills

The Hollywood Musical Goes to War Allen L. Woll, 1983 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com

The Oxford Handbook of the Hollywood Musical Dominic McHugh, 2022 In The Oxford Handbook of the Hollywood Musical leading scholars examine the history of a defining film genre from its very roots to the present analyzing its tropes and problems over the past 8 decades of film history

The Hollywood Musical Jane Feuer, 1982

Destabilizing the Hollywood Musical K. Kessler, 2010-10-13 A critical survey of Hollywood film musicals from the 1960s to the present This book examines how in the post studio system era cultural industrial and stylistic circumstances transformed this once happy go lucky genre into one both fluid and cynical

enough to embrace the likes of Rocky Horror and pave the way for Cannibal and Moulin Rouge *New York City and the Hollywood Musical* Martha Shearer, 2016-09-26 In examining the relationship between the spectacular iconic and vibrant New York of the musical and the off screen history and geography of the real city this book explores how the city shaped the genre and equally how the genre shaped representations of the city Shearer argues that while the musical was for many years a prime vehicle for the idealization of urban density the transformation New York underwent after World War II constituted a major challenge to its representation Including analysis of 42nd Street Swing Time Cover Girl On the Town The Band Wagon Guys and Dolls West Side Story and many other classic and little known musicals this book is an innovative study of the relationship between cinema and urban space **The Hollywood Musical** Ethan Mordden, 1982-10-01

Musicals Bill Marshall, Robynn Jeananne Stilwell, 2000 The profound influence of the Hollywood musical across geographical and cultural boundaries has long been neglected This original collection of essays seeks to initiate a new critical debate by approaching classic Hollywood films from perspectives such as musicology Broadening the scope of previous studies this volume also examines the manner in which European cinema appropriated the musical to create new meanings It provides an innovative reading of the influence of the musical on youth culture and its endorsement in modern dance movies and the music video The volume covers the themes of Music and Structure Classical Hollywood Musical Cinematic Practice Star Texts European Musical Forms Minority Identities Youth Cultures This is an entertaining and valuable text for students on degree courses in Film and Music Thought provoking and authoritative it will also be a welcome resource for those researching and teaching in the area **When Broadway Went to Hollywood** Ethan

Mordden, 2016-11-01 When films like The Jazz Singer started to integrate synchronized music in the late 1920s many ambitious songwriting pioneers of the Great White Way George and Ira Gershwin Cole Porter Richard Rodgers and Lorenz Hart among many others were enticed westward by Hollywood studios promises of national exposure and top dollar success But what happened when writers native to the business of Broadway ran into the very different business of Hollywood Their movies had their producer despots their stacking of writing teams on a single project their use of five or six songs per story where Broadway fit in a dozen and it seemed as if everyone in Hollywood was uncomfortable with characters bursting into song on the street in your living room or in a cottage small by a waterfall Did the movies give theater writers a chance to expand their art or did mass marketing ruin the musical's quintessential charm Is it possible to trace the history of the musical through both stage and screen manifestations or did Broadway and Hollywood give rise to two wholly irreconcilable art forms And finally did any New York writer or writing team create a film musical as enthralling and timeless as their work for the stage In *When Broadway Went to Hollywood* writer and celebrated steward of musical theatre Ethan Mordden directs his unmistakable wit and whimsy to these challenging questions and more charting the volatile and galvanizing influence of Broadway on Hollywood and vice versa throughout the twentieth century Along the way he takes us behind the scenes of the

great Hollywood musicals you've seen and loved *The Wizard of Oz* *Gigi* *The Sound of Music* *Chicago* *West Side Story* *The Music Man* *Grease* as well as some of the outrageous flops you probably haven't. The first book to tell the story of how Broadway affected the Hollywood musical *When Broadway Goes to Hollywood* is sure to thrill theatre buffs and movie lovers alike.

100 Film Musicals Douglas Pye, Jim Hillier, 2019-07-25 From the coming of sound to the 1960s the musical was central to Hollywood production. Exhibiting often in spectacular fashion the remarkable resources of the Hollywood studios, musicals came to epitomise the very idea of light entertainment. Films like *Top Hat* and *42nd Street* *Meet Me in St Louis* and *On the Town* *Singin' in the Rain* and *Oklahoma!* *West Side Story* and *The Sound of Music* were hugely popular yet were commonly regarded by cultural commentators as trivial and escapist. It was the 1970s before serious study of the Hollywood musical began to change critical attitudes and foster an interest in musical films produced in other cultures. Hollywood musicals have become less common but the genre persists and both academic interest in and fond nostalgia for the musical shows no signs of abating. *100 Film Musicals* provides a stimulating overview of the genre's development, its major themes and the critical debates it has provoked. While centred on the dominant Hollywood tradition, *100 Film Musicals* includes films from countries that often tried to emulate the Hollywood style like Britain and Germany as well as from very different cultures like India, Egypt and Japan. Jim Hillier and Douglas Pye also discuss post-1960s films from many different sources which adapt and reflect on the conventions of the genre including recent examples such as *Moulin Rouge* and *High School Musical*, demonstrating that the genre is still very much alive.

Hollywood Musicals Steven Cohan, 2019-09-16 *Hollywood Musicals* offers an insightful account of a genre that was once a mainstay of twentieth-century film production and continues to draw audiences today. What is a film musical? How do musicals work formally and culturally? Why have they endured since the introduction of sound in the late 1920s? What makes them more than glittery surfaces or escapist fare? In answering such questions, this guidebook by Steven Cohan takes new and familiar viewers on a tour of Hollywood musicals. Chapters discuss definitions of the genre, its long history, different modes of analyzing it, the great stars of the classic era and auteur directors. Highlights include extended discussions of such celebrated musicals from the studio era as *The Love Parade* *Top Hat* *Holiday Inn* *Stormy Weather* *The Gang's All Here* *Meet Me in St Louis* *Cover Girl* *Mother Wore Tights* *Singin' in the Rain* *Gentlemen Prefer Blondes* *The Band Wagon* *Seven Brides for Seven Brothers* and *Jailhouse Rock* as well as later films such as *Cabaret* *All that Jazz* *Beauty and the Beast* and *La La Land*. Cohan brings in numerous other examples that amplify and extend to the present day his claims about the musical's generic coherence and flexibility, its long and distinguished history, its special appeal and its cultural significance. Clear and accessible, this guide provides students of film and culture with a succinct but substantial overview that provides both analysis and intersectional context to one of Hollywood's most beloved genres.

Hollywood Musicals, the Film Reader Steven Cohan, 2002 This book explores one of the most popular genres in film history. Combining classic and recent articles, each section explores a central issue of the musical, including the musical's

significance as a genre the musical's own particular representation of sexual difference the idea of camp both through stars such as Judy Garland and Carmen Miranda and musicals themselves and the displacement of race in Hollywood's representations of entertainment Each section features an editor's introduction setting debates in context *From Broadway to Hollywood - The Evolution of Sound in Film Musicals* Christian Simon, 2004-10-16 Seminar paper from the year 2004 in the subject American Studies Culture and Applied Geography grade 1.7 A LMU Munich language English abstract Everybody comes to Hollywood they wanna make it in the neighborhood They like the smell of it in Hollywood lines of a famous Madonna song from last year Hollywood the purpose built dream factory at the West Coast of the United States and the filmic center of the world produces countless films and movies every year The unprecedented success story of the Californian film industry is a summary of work imagination hopes and dreams of many talented and gifted human beings The HOLLYWOOD sign atop of Mount Lee was erected in 1923 Originally it read HOLLYWOODLAND and intended to draw attention to new housing developments in the nearby Hollywood Hills Nowadays the sign symbolizes the world's gateway for fantasies and dreams In the United States the film industry started to emerge in New York City and was later joined by steadily growing and stronger forces in California Over time the center of the industry moved across the country and set foot in Los Angeles Films started out with static silent pictures and without sound In 1928 sound was added to movies for the very first time in that way giving birth to the film musical Film musicals further encouraged fantasies and became one of the industry's largest and most successful genres at the beginning of a new era In the following paragraphs I want to explain the formation of the talkies by means of one of its most successful divisions the film musical Altogether when things happened where why and in which order is not clearly recognizable any more For these causes I want to develop a strongly intertwined scheme of a cycle of histories as well as analyzing sociological political technological ideological and other relevant factors of the time to describe the evolution and outstanding success of the Hollywood musical First technical advancements at the beginning of the last century and the birth of Hollywood have to be given a close look to examine the entertainment industry which grew rapidly around and after the turn from the 19th to the 20th century The reason for this shift towards more time for leisure activities went hand in hand with the fewer hours workers had to spend for their duties tasks and responsibilities Originally intended to save labor capacity industrial innovations like the assembly line and other new time saving technologies passed their ways through in the employment market **American Film Musical Themes and Forms**

Michael Dunne, 2004-09-08 The musical has been called the most popular form of entertainment in the world This work examines the subject's themes and contemporary relevance of Hollywood musicals through their long popularity placing each show in historical and political context and analyzing it in detail A chapter is devoted to how Goldiggers of 1933 1933 and Stand Up and Cheer 1934 deal with the economic crises of the Depressions Another addresses race issues by examining the prevalence of blackface minstrelsy in the 1930s and 1940s looking at productions like Swing Time 1936 and Dixie 1943 Rock

and roll culture which started in the 1950s and threatened America with teenage sex and rebellion is addressed through such hits as *Girl Crazy* 1943 *Bye Bye Birdie* 1963 and *Grease* 1978 The work also explores dance as a signifier of character the geography of musicals such as New York or the South fantasy settings Fred Astaire and Gene Kelly and the musical biopic mentioning biographies of such figures as Ziegfeld Cohan Rogers and Hart Cole Porter and Jerome Kern A later chapter discusses intertextuality in such shows as *Singin in the Rain* 1952 which refers to many earlier musicals *Kiss Me Kate* 1953 which refers to *Taming of the Shrew* and *All That Jazz* 1970 which refers to the life and work of Bob Fosse The work concludes with an examination of the continuing popularity of the musical with such hits as *Moulin Rouge* 2001 and *Chicago* 2002

Instructors considering this book for use in a course may request an examination copy here **The Migration of Musical Film** Desirée J. Garcia, 2014-08-01 Movie musicals are among the most quintessentially American art forms often celebrating mobility self expression and the pursuit of one's dreams But like America itself the Hollywood musical draws from many distinct ethnic traditions In this illuminating new study Desirée J Garcia examines the lesser known folk musicals from early African American Yiddish and Mexican filmmakers revealing how these were essential ingredients in the melting pot of the Hollywood musical *The Migration of Musical Film* shows how the folk musical was rooted in the challenges faced by immigrants and migrants who had to adapt to new environments balancing American individualism with family values and cultural traditions Uncovering fresh material from film industry archives Garcia considers how folk musicals were initially marginal productions designed to appeal to specific minority audiences and yet introduced themes that were gradually assimilated into the Hollywood mainstream No other book offers a comparative historical study of the folk musical from the first sound films in the 1920s to the genre's resurgence in the 1970s and 1980s Using an illustrative rather than comprehensive approach Garcia focuses on significant moments in the sub genre and rarely studied films such as *All en el Rancho Grande* along with familiar favorites that drew inspiration from earlier folk musicals everything from *The Wizard of Oz* to *Zoot Suit* If you think of movie musicals simply as escapist mainstream entertainment *The Migration of Musical Film* is sure to leave you singing a different tune
