Front toward Enemy Daniel R. Green, 2021-11-20 A unique and much needed perspective on the transitions veterans go through after returning home from war service It is a difficult time to be a veteran of a small war in the United States After twenty years of combat and counter insurgency a generation of Afghan Iraq and Global War on Terror veterans struggle to integrate back into civilian society and lead productive lives As the wars these men and women have participated in continue while they simultaneously recede to the past many feel a sense of estrangement from their country friends and prior lives They often long to return to war but hope to never go again and are stuck in a nether world of war without end and peace that does not exist In *Front toward Enemy* War Veterans and the Homefront Daniel R Green uses his own experiences with war from having served five military and civilian tours in Afghanistan and Iraq and provides a different perspective on the transition home Using sociological philosophical literary cultural historical and political perspectives he provides a venue for the countless conversations he has had with his fellow veterans about their own experiences as a way to assist others with their transition from war and the military to peace and civilian life Green provides not just a war veteran s views but the amplifying perspective of a political scientist as well as a reserve officer in order to rescue the issue of the returning veteran from the field of psychology and to broaden the understanding of the experience of war for veterans This book bridges the gap between war veterans and their fellow citizens sheds light on the quiet conversations that take place among veterans about their experiences and enriches the collective understanding of how wars affect people *Catalog of Copyright Entries* Library of Congress. Parsons, 1995-07-10 This book is a collection of nine essays examining the impact of World War II on the American people The contributions range from macro studies the ways corporations sought to recruit women into the work force to micro studies the impact of the war on working conditions in Indiana to biography the Congressional career of Margaret Chase Smith Focusing as it does on the domestic scene this study offers a comprehensive selection of the impact of the war on Americans and the way it influenced concepts of gender race class and ethnicity **Preston Tucker and His Battle to**

Build the Car of Tomorrow Steve Lehto, Jay Leno, 2016-07-01 A 2017 Michigan Notable Book After World War II the American automobile industry was reeling Having spent years building tanks and airplanes for the army the car companies would need years more to retool their production to meet the demands of the American public for whom they had not made any cars since 1942 And then in stepped Preston Tucker This salesman extraordinaire from Ypsilanti Michigan had built race cars before the war and had designed prototypes for the military during it Now gathering a group of brilliant automotive designers engineers and promoters he announced the creation of a revolutionary new car the Tucker 48 the first car in almost a decade to be built fresh from the ground up Tucker s car would include ingenious advances in design and

engineering that other car companies could not match With a rear engine rear wheel drive a safety glass windshield that would pop out in case of an accident a padded dashboard independent suspension and automatic transmission it would be more attractive and aerodynamic and safer than any other car on the road But as the public eagerly awaited Tucker's car of tomorrow powerful forces in Washington were trying to bring him down An SEC commissioner with close ties to Detroit's Big Three automakers deliberately leaked information about an investigation the agency was conducting suggesting that Tucker was bilking investors with a massive fraud scheme Headlines accused him a perpetrating a hoax and claimed that his cars weren't real and his factory was a sham In fact the Tucker 48 sedan was genuine and everyone who saw it was impressed by what this upstart carmaker had achieved But the SEC's investigation had compounded the company's financial problems and management conflicts and a superior product was not enough to keep Tucker's dream afloat Here Steve Lehto tackles the story of Tucker's amazing rise and tragic fall relying on a huge trove of documents that has been used by no other writer to date It is the first comprehensive authoritative account of Tucker's magnificent car and his battles with the government And in this book Lehto finally answers the questions automobile aficionados have wondered about for decades Exactly how and why was the production of such an innovative car killed *Film & Video Finder*, 1989 **Saints, Sinners, and Soldiers** Jeffrey A. Keshen, 2007-10-01 It was the Good War Its cause was just it ended the depression and Canada's contribution was nothing less than stellar Canadians had every reason to applaud themselves and the heroes that made the nation proud But the dark truth was that not all Canadians were saints or soldiers Indeed many were sinners In this eye opening and captivating reassessment of Canadian commitment to the cause some disturbing questions come to light Were citizens working as hard as possible to back the war effort Was there illegal profiting from the conflict Did Canadian society suffer from a general decline of morality during the war Would women truly back the attack in new factory jobs and the military and then quietly return home Would unattended youth produce a crisis with juvenile delinquency How would Canada reintegrate a million veterans who policy makers feared would create a social crisis if treated like their Great War counterparts The first ever synthesis of both the patriotic and the problematic in wartime Canada **Saints Sinners and Soldiers** shows how moral and social changes and the fears they generated precipitated numerous and often contradictory legacies in law and society From labour conflicts to the black market to prostitution and beyond Keshen acknowledges the underbelly of Canada's Second World War and demonstrates that the Good War was a complex tapestry of social forces not all of which were above reproach *Prologue*, 1990 **Bibliographic Guide to Education**, 1980 **Time** Briton Hadden, Henry Robinson Luce, 1942 **Film & Photography on the Front Range** Tim Blevins, Dennis Daily, Sydne Dean, Chris Nicholl, Michael L.
