The Honour Killings:

Honor Killings Lisa Idzikowski, 2017-07-15 Honor killings are acts of vengeance committed by male relatives against female relatives who have brought dishonor upon the family This dishonor can include refusal to enter into an arranged marriage being the victim of sexual assault seeking a divorce or having social or professional interactions outside the community These crimes often go unpunished or lightly punished in cultures in which the practice is enshrined and are often reported as suicides or accidents Honor killings occur worldwide including among immigrant communities within Western democracies The articles in this volume provide multiple perspectives on how best to prevent prosecute and punish such crimes how to safeguard women s safety and freedom and how to balance tradition religion and community standards against the protection of universal human rights

Honour Killings and Criminal Justice Ferya Taş-Çifçi, 2020-03-06 Despite recent reforms to the Turkish Penal Code the country retains a high level of honour based violence This book analyses the motives behind honour based violence in Turkey and examines the criminal justice system s approach to this type of crime The work takes a socio legal approach to explore the concepts of honour patriarchy and hierarchy along with the roles of culture and tradition It also examines how the legal system deals with this phenomenon focusing on the decisions of the criminal courts in honour killing cases and drawing on prisoner interviews These analyses show the extent to which the State follows a patriarchal approach when dealing with honour killings and inform recommendations for improving the legal and criminal justice system so as to deter crimes of this nature

Forced Marriage and 'Honour' Killings in Britain Christina Julios, 2016-03-09 This book explores the contemporary phenomenon of forced marriage and honour killings in Britain Set against a background of increasing honour based violence within the country s South Asian and Muslim Diasporas the book traces the development of the honour question over the past two decades It accordingly witnesses unprecedented changes in public awareness and government policy including ground breaking honour specific legislation and the criminalisation of forced marriage All of which makes Britain an important context for the study of this now indigenous and self perpetuating social problem In considering the scale of the challenge and its underlying causes attention is paid to the intersections of gendered power structures that disadvantage female members of honour cultures as well as feminist theories that seek to explain them The book features five key case studies of honour killings and draws from a wide range of narratives including those of honour violence survivors grassroots service providers and legislators Such myriad of perspectives reveals the complexity of the honour issue and the deep ideological divisions that characterise it With the UK s multiculturalist discourse unable to reconcile protecting patriarchal minority cultures with safeguarding gender equality and human rights the book raises fundamental questions about the country s future direction Following a long trend of state sponsored integrationist policies the government s response to the honour question points decisively in the direction of a post multicultural British nation

Honour Killing in the Second Decade of the 21st Century Shahnaz Shoro, 2017-08-21 Honour killing is

considered the worst form of domestic violence against human beings particularly against women It is clear that societies across the world through their laws and their courts continue to countenance legal defences which overwhelmingly benefit males committing violence against females Despite the statistics that honour killings are being reported from all over the world the greatest number of shocking reports of honour killings come from Muslim countries Unfortunately Pakistan is among those countries where women are facing various forms of violence in the name of religion customs and traditions and cases of honour killing are regularly reported there It is imperative to understand and see killings in the name of honour from the perspective of those who have been directly affected by the socio religious cultural norms which condone them The findings gathered here show that honour killing is not only family or community violence or a tradition to preserve honour but that behind these killings ulterior purposes are being served and therefore the number of the killings is increasing every year in Pakistan This book will allow the reader to understand precisely the menace of honour killing and to consider how it can be addressed to save innocent lives and to stop these severe violations of human rights Shamed Sarbjit Kaur

Athwal,2013-06-20 In 1998 Sarbjit Athwal was called by her husband to attend a family meeting It looked like just another family gathering An attractive house in west London a large dining room two brothers their mother one wife But the subject they were discussing was anything but ordinary At the head of the group sat the elderly mother She stared proudly around smiling at her children then raised her hand for silence It s decided then the old lady announced We have to get rid of her Her was Surjit Athwal Sarbjit s sister in law Within three weeks of that meeting Surjit was dead lured from London to India drugged strangled and her body dumped in the Ravi River never to be seen again After the killing risking her own life Sarbjit fought secretly for justice for nine long scared years Eventually with immense bravery she became the first person within a murderer s family ever to go into open court in an honour killing trial as the Prosecution s key witness and the first to waive her anonymity in such a trial As a result of her testimony the trial led to the first successful prosecution of an honour killing without the body ever being found But her story doesn t end there Since the trial her life has been threatened her own husband arrested after an allegation of intimidation Shamed is a story of fear and of horror but also of immense courage and a woman who risked everything to see that justice was done **The Real Stories behind Honour Killing** Shahnaz

Shoro,2019-03-01 Honour killing as it is widely understood is the cold blooded murder of a woman or a man involved with her by the male members of her household in order to cleanse the reputation of the family clan community or tribe This violent tradition in the name of religion custom and culture continues to be carried out in a significantly large part of the world The majority of people still believe that honour killings happen for reasons such as marriage from choice or a love affair of a kinswoman rape a demand for divorce from a woman or the birth of a female child all of which are perceived as bringing shame on the family However current research on honour killing suggests that there are a number of intriguing and very cleverly knitted plots of jealousy greed violence and murder which show that in the name of honour various other

purposes are being served and people are killed in ways which give the impression that they are honour killings By collecting data from people involved in such situations this book opens a Pandora's box showing that such killings are carried out not to assuage the hurt honour of a patriarchal society but to serve a variety of malign intentions goals and agendas It will serve to let the world comprehend the phenomenon of honour related violence where culture and crime unite under the umbrella of highly discriminating laws against women This book consists of twenty six testimonies from those involved in honour killings bringing together interviews with killers victims and the falsely accused **Honour Killing** Ayse Onal,2012-03-05 Honour killing persists across the Middle East where regimes refrain from tackling primitive traditions for fear of sparking unrest Ayse Onal interviewed imprisoned men in Turkey convicted of killing their mothers sisters and daughters The result is a revealing and ultimately tragic account of ruined lives both the victims and the killers in a country where state and religion conspire to hush up the killing of hundreds of women every year **Human Rights in Development, Volume 9** Lone Lindholt,Sten Schaumburg-Müller,2021-11-29 The current edition is the fifteenth in the series Over the years the structure of the yearbook has shifted from that of a journal to a thematic anthology The main editorship as well as the thematic expertise for this volume has been the responsibility of the Danish Institute for Human Rights As the title of this volume Human Rights and Local Living Law indicates its focus is on the various forms of local informal and or customary law and their interaction with human rights The Human Rights in Development series takes its starting point in a development perspective and aims to be topical comprehensive and multi disciplinary exemplifying the cross fertilization of theoretical and practical approaches Contributions are sought from researchers and practitioners in both donor and recipient countries To ensure an increased focus on Southern perspectives participation in the editorial work and inclusion of authors from a broad geographical scope has been and is continuously sought The volumes published in the Human Rights in Development series which for historical reasons still carry the word Yearbook in their title are the result of a long term collaboration between human rights research institutes and centres Currently the partners in the project include the Christian Michelsen Institute Bergen the Danish Institute for Human Rights Copenhagen the Icelandic Human Rights Centre Reykjavik the Ludwig Boltzman Institute of Human Rights Vienna the Netherlands Institute of Human Rights Utrecht the Norwegian Centre for Human Rights Oslo the Raoul Wallenberg Institute of Human Rights and Humanitarian Law Lund and the bo Akademi University Institute for Human Rights Turku bo As in previous years the publication is aimed at a broad audience including government agencies donor agencies embassies the press non governmental organisations and the academic community **Within the Confines** Jennifer M. Kilty ,2014 Western feminists have long treated the rule of law as an essential ingredient of social justice however as the contributors to this collection remind us meaningful justice remains out of reach for many women and racialized minorities precisely because the law turns a blind eye to the inequities that structure their daily lives In fourteen chapters that open vital debates about the erosion of the welfare state and the media's complicity in concealing political

injustice Within the Confines details the brutal ironies of a society that criminalizes the vulnerable while absolving the elite Distinctive in its focus on Canada the book traces the linkages among racial ethnic sexual and economic vulnerability and reveals the inadequacies of legislative approaches to socio historical problems such as drug trafficking homelessness infanticide and the legacies of settler colonial violence In accessible prose the authors dismantle the myths behind topics that are often sensationalized in the media pornography single motherhood sex work filicide gangs domestic abuse prison conditions HIV nondisclosure and present alternative arguments that expose the justice system s role in widening the gap between the rich and the poor What emerges is a poignant challenge to the neoliberal fable that women and minorities in Western democracies now enjoy full equality and an urgent call to action for those who seek to shift institutional norms in more equitable directions A valuable resource for a wide range of fields including criminology sociology social anthropology gender studies political science social work and legal history this multidisciplinary volume offers a fresh perspective on the disturbingly predictable judgments that criminalized women face in Canada

Power,Eoin Devereux,Aileen Dillane,James Carr,2016-04-14 Popular political and media discourses frame the issue of migration and shape how and when it enters the public and political consciousness These discourses are of crucial importance as they influence both the general public s perception of migration and the policies which regulate both the act of migration itself and migrant residents Public and Political Discourses of Migration brings together an interdisciplinary group of established and emerging scholars whose work interrogates the relationship between discourse and migration Through the application of a variety of theoretical lenses drawn from the broad canon of discourse studies each contribution unpicks the productive power of discourse in shaping the reality of migration migration policy and migrant lives in the twenty first century The cases examined emerge as do their authors from a wide spectrum of national political and cultural contexts They are linked by their fundamental questioning of common sense and ahistorical approaches to migration They address the question of whose interests are served by prevailing discourses and the structures they underpin Ultimately they make strange accepted truths regarding migration in the twenty first century
