Wu, 2005 By surveying these elaborate tapestries delicate carvings and other objects in roughly the historical sequence in which they were created we glimpse the evolving styles and artistic traditions of the Middle Ages and gain a more meaningful understanding of the contexts in which many of them appeared Among the masterpieces on display at The Cloisters are the famed Unicorn Tapestries the richly carved twelfth century ivory cross associated with the abbey of Bury St Edmunds known as the Cloisters Cross the exquisite Annunciation triptych by the Netherlandish painter Robert Campin and many fine examples of manuscript illumination enameling metalwork and stained glass Complete with digital color photography map floor plan and glossary this book is a contemporary guide that will reward students and enthusiasts of the Middle Ages as well as visitors seeing the Museum for the first time **BOOK JACKET**     Obscenity Jan M. Ziolkowski, 2023-11-27 This volume makes most wide ranging attempt ever to probe the natures origins and consequences of obscenity in medieval literature art theater and law One large section examines obscenity in medieval French literature especially fabliaux but the rest of the book explores obscenity in cultures and languages of other regions in Europe     *Crafting Presence* Britta Dümpelmann, 2025-08-20 The contributions to this volume analyse material and visual effects that are artistically produced in different often seemingly poorer media As an

alternative to the notions of mimesis and imitation this volume uses the term evocation a concept that avoids the interpretation of lifelike mimesis as representational goal and instead values specific and intrinsic dynamisms that afford objects and materials to assume aesthetic presence The individual chapters show how distinct cross media perspectives such as media permeability semantic openness and aesthetic blurring are consciously employed as media specific strengths that can transcend the boundaries between materials crafts and genres thus allowing medieval makers to create a unique aesthetic of presence The texts collected here are the result of a series of on site workshops and have benefited from the intensive dialogue between art historians curators conservators and restorers in the context of the Research Network Presence and Evocation Fictitious Materials and Techniques in the Early and High Middle Ages which ran between 2017 and 2020 and was financed by the German Research Foundation DFG Funded by the Deutsche Forschungsgemeinschaft project number 338069669
