Cooper, 2017-07-05 By the mid nineteenth century music publishing was no longer the provenance of shopkeepers instrument makers or individual scholars but a business enterprise undertaken by a new breed of Victorian entrepreneur Two such were Vincent Novello and his son Alfred whose music publishing house enjoyed significant growth between 1829 and 1866 Victoria Cooper builds up a picture of Novello during this period and the socio economic and cultural climate that influenced the company's business decisions Looking in detail at some of the editions Novello published she analyzes the editing style of the firm and how this was dictated by Novello's main audience of amateur musicians and choral societies Scrutiny of Novello's stockbook indicates the financial fortunes of these editions while correspondence between the firm and composers such as Mendelssohn reveals how Vincent and Alfred went about acquiring new compositions With its focus on the development of a music publishing business this study brings a fresh dimension to musicological research Novello was able to combine business practice with a commitment to disseminate music of educational and artistic value and the history of the company provides illuminating evidence of the commodification of music in nineteenth century Britain **Music from the House of Hammer** Randall D. Larson, 1996-06-28 In the 1950s Hammer Film Productions a small British filmmaking company introduced the world to a new genre of motion picture Referred to by some as horror by others as fantasy Hammer films had a unique look and feel that many other studios would later attempt

and fail to capture Hammer films also had a unique sound For although the studio was small and the budgets limited those involved in making the Hammer films recognized that the musical score was just as important as the set the actors and the script in telling the story Consequently Hammer Films Productions recruited the best musical talent to make its films come alive Those artists and the work they did are chronicled here in careful detail by Randall D Larson From the studio s fledgling days through its great successes of the 60s and early 70s Music from the House of Hammer offers an inside look at how the Hammer sound was developed and nurtured **Journal of the House of Representatives of the United States** United States.
