The Human Record

SIXTH EDITION

VOLUME I: To 1700

VOLUME II: Since 1500

The Human Record is the leading primary source reader for world history courses. Each volume contains a blend of visual and textual sources that reflect the myriad experiences of the peoples of the world; these sources are often paired or grouped together for comparison. A prologue entitled "Primary Sources and How to Read Them" appears in each volume and teaches students how to approach and analyze historical sources. Detailed part, chapter, section, and source introductions, along with Questions for Analysis, help place each source into its larger historical context. Topical and geographic tables of contents in each volume allow professors flexibility in how they cover the material and assist students searching for paper topics.

This edition includes a **NEW Multiple Voices** feature that appears at the end of selected chapters and uses a variety of sources to illustrate different viewpoints on a common event or issue. Some of these topics include:

- The Healing Arts in China and Greece
- One Christianity or Many Christianities?
- Islam and Unbelievers
- The Slave Trade Debate: European, African, and American Perspectives
- The Loosening of Tradition: Feminist Voices in Egypt, Iran, China, and Japan
- The Decision to Drop the Atomic Bomb
