ideologically driven campaign which decided the outcome of World War II This seminal account will be required reading for all historians of World War II and all those interested in the course of the war **German Infantryman vs Soviet**

**Rifleman** David Campbell, 2014-07-20 The Axis invasion of the Soviet Union on 22 June 1941 pitted Nazi Germany and her allies against Stalin's forces in a mighty struggle for survival Fighting alongside the spearhead Panzer divisions were Germany's highly skilled and veteran motorized infantrymen including the German Army's premier unit Infanterie Regiment mot Gro deutschland Opposing these German mobile forces the Soviets deployed the often ill trained and poorly equipped men of the rifle regiments who fought tenaciously and with the threat of savage reprisals from their own side In this book three bruising clashes during the first seven weeks of the campaign are assessed a bloody encounter battle at Zhlobin the struggle for the destroyed city of Smolensk and then a prolonged clash along a dangerously stretched German defensive perimeter at Vas kovo Voroshilovo The Devil's General

Raymond Bagdonas, 2014-01-19 A detailed military biography of the most highly decorated Nazi regimental commander in WWII The most highly decorated German regimental commander of World War II Hyazinth Graf Strachwitz first won the Iron Cross in the Great War He was serving with the 1st Panzer Division when the Polish campaign inaugurated World War II Strachwitz's exploits as commander of a panzer battalion during the French campaign earned him further decorations before he transferred to the newly formed 16th Panzer Division There he participated in the invasion of Yugoslavia and then Operation Barbarossa where he earned the Knight's Cross At Stalingrad he reached the Volga and fought on the northern rim of Sixth Army's perimeter Severely wounded during battle he was flown out of the Stalingrad pocket and was thus spared the fate of the rest of Sixth Army Upon recuperation he was named commander of the Grossdeutschland Division's panzer regiment and won the Swords to the Knight's Cross during Manstein's counteroffensive at Kharkov Wounded twelve times during the war and barely surviving a lethal car crash Strachwitz finally surrendered to the Americans in May 1945 Historian Raymond Bagdonas though impaired by the disappearance of 16th Panzer Division's official records at Stalingrad and the fact that many of the Panzer Graf's later battlegroups never kept them has written a vividly detailed account of this combat leader's life as well as ferocious armored warfare in World War II *Opening the Gates of Hell*

Richard Hargreaves, 2025-06-05 A unique account of the opening weeks of history's largest most brutal conflict told through the eyes of those who were there and based on original source material from across Europe Opening the Gates of Hell is based on over a decade's research in archives and sites across Europe It is a ground breaking examination of the start of the Nazi Soviet conflict a narrative history not just of the fighting but also the impact on civilians the atrocities committed by both sides and ethnic cleansing carried out by the inhabitants of the regions invaded This fascinating history tells the stories of bravery cowardice misery and horror through the eyes of those who were there including ordinary soldiers generals leaders politicians and civilians on both sides The book draws on published and unpublished sources from across Germany and Eastern Europe with the majority of the material never having

appeared in English language accounts of the conflict before The combination of combat accounts analysis of high level diplomacy and leadership and the visceral accounts of the atrocities committed by both sides gives this book a unique approach to the war on the Eastern Front and will ensure that it is regarded as the definitive work on the subject for many years to come

**Tip of the Spear** Robert J. Edwards, 2015-11-15 During World War II German armored reconnaissance laid the groundwork often through small unit actions for the stunning tank and infantry operations that made the German military famous Robert Edwards's follow up to *Scouts Out* the first extensive treatment of the subject in English focuses on the battles and personalities found in ranks of the Waffen SS Luftwaffe and other divisions Covers armored reconnaissance in Poland France in 1940 the Balkans North Africa the Eastern Front Italy and the Western Front Numerous firsthand accounts and after action reports Analysis of recon operations from tactics and doctrine to vehicles and commanders Army History, 1996

On a Knife's Edge Prit Buttar, 2018-10-18 Late 1942 saw the strategic situation on the Eastern Front change completely The encirclement of Paulus Sixth Army in Stalingrad trapped a significant portion of the Wehrmacht's combat forces in the ruins of the devastated city where they would ultimately die or be taken prisoner but at the same time the entire German position was left in a catastrophic state The year's campaign had seen the Germans advance first east but then increasingly to the south and southeast the Soviet counter offensive not only isolated Sixth Army it also raised the possibility of the collapse of the entire front The ultimate failure of the Red Army to achieve this is due in no small part to the efforts of one of the Wehrmacht's greatest commanders Erich von Manstein who rebuilt the German front line and fought a mobile campaign in which all the strengths of the German forces and all the weaknesses of their Soviet opponents were revealed Written by one of the world's leading experts on the Eastern Front *On a Knife's Edge* is a story of brilliant generalship lost opportunities and survival in the harshest theatre of war

**History of the German Resistance, 1933-1945** Peter Hoffmann, 1996-10-08 The English version of the book has been extensively revised and expanded since its original publication in German This edition includes a new preface and an updated bibliography Retribution Prit Buttar, 2019-10-31 From critically acclaimed Eastern Front expert Prit Buttar comes this paperback edition of his detailed and engrossing account of the World War II's Eastern Front as German forces were driven back following the Battle of Kursk Making use of the extensive memoirs of German and Russian soldiers to bring this story to life *Retribution* follows on from *On A Knife's Edge* which described the encirclement and destruction of the German Sixth Army at Stalingrad and the offensives and counteroffensives that followed throughout the winter of 1942-43 Beginning towards the end of the Battle of Kursk *Retribution* tells the story of the massive Soviet offensive that followed the end of Operation Zitadelle which saw depleted and desperate German troops forced out of Western Ukraine This title describes in detail the little known series of near constant battles that saw a weakened German army confronted by a tactically sophisticated force of over six million Soviet troops As a result the Wehrmacht was driven back to the Dnepr and German forces remaining in the Kuban Peninsula

south of Rostov were forced back into the Crimea a retreat which would become one of many in the months that followed

**The Blitzkrieg Legend** Karl-Heinz Frieser,2013-04-11 Here for the first time in English is an illuminating new German perspective on the decisive Blitzkrieg campaign of 1940 Karl Heinz Frieser s account provides the definitive explanation for Germany s startling success and the equally surprising and rapid military collapse of France and Britain on the European continent In a little over a month Germany decisively defeated the Allies in battle a task that had not been achieved in four years of brutal fighting during World War I First published in 1995 as the official German history of the 1940 campaign in the west the book goes beyond standard explanations to show that German victory was not inevitable and French defeat was not preordained Contrary to the usual accounts of the campaign Frieser illustrates that the military systems of both Germany and France were solid and that their campaign planning was sound The key to victory or defeat he argues was the execution of operational plans both preplanned and ad hoc amid the eternal Clausewitzian combat factors of friction and the fog of war Frieser shows why on the eve of the campaign the British and French leaders had good cause to be confident and why many German generals were understandably concerned that disaster was looming for them This study explodes many of the myths concerning German Blitzkrieg warfare and the planning for the 1940 campaign A groundbreaking new interpretation of a topic that has long interested students of military history it is being published in cooperation with the Association of the U S Army

**Never Surrender** Robert Kershaw,2009-09-03 In *Never Surrender* Robert Kershaw captures the authentic voices of the ordinary heroes of the Second World War from the soldiers fighting abroad to those battling on the home front and creates an extraordinary portrait of a generation fighting for survival Beginning with first hand accounts of the reaction to Chamberlain s declaration of war in 1939 Kershaw portrays the many aspects of war through the words of those who were there from the sailors of the little ships of Dunkirk to German soldiers preparing for Operation Sea Lion He takes us from the nightly horrors of the Blitz to battles in the limitless desert of North Africa and from jungle war in Burma to Lancaster bombers over Germany and the beaches of Normandy Featuring new interviews with veterans and civilians from Britain the Commonwealth and Germany as well as diaries letters and first hand accounts this is a testimony to the remarkable men and women who lived through the Second World War whose refusal to surrender changed them and Britain forever

**Bloody Streets** A. Stephan Hamilton,2008 Covers in unprecedented detail the planning execution and aftermath of the Soviet assault on Berlin

**Operation Citadel: The battle of the south** Jean Restayn,Nicole Moller,2002      **Aces at Kursk** Christopher A Lawrence,2024-07-25 The Battle of Kursk in July 1943 is known for being the largest tank battle in history A Russian victory

it marked the decisive end of the German offensive capability on the Eastern Front and set the scene for the Soviet successes that followed. While many have focused on the tank engagements especially the Battle of Prokhorovka, there was an intense air battle going on overhead that was bigger than the Battle of Britain. As part of the German offensive, the Luftwaffe's VIII Air Corps deployed around 1,100 aircraft in the south alone, while the opposing Soviet Second and Seventeenth air armies initially deployed over 1,600 aircraft. There was a similar effort surrounding the German attack in the north. The battle in the south began with a Soviet air strike on German airfields and a fight for control of the air that continued throughout the day across the front. On the first day of the battle, 5 July 1943, the Germans flew at least 2,387 sorties in the south, while the two Soviet air armies flew 1,688 sorties. That first day of battle resulted in 19 to 27 German planes and 189 Soviet aircraft shot down. This was an aerial engagement like no other ever seen before. Involved on the German side were the 52nd and 3rd Fighter Wings. The 52nd Fighter Wing was the most accomplished fighter wing in history, and many of its top aces were involved in the combats over the Kursk battlefield. These included Walter Krupinski (197 claimed kills in the war), Günther Rall (the third highest scoring ace in history, 275 claimed kills), and the highest scoring ace in history, Erich Hartmann (352 claimed kills). Opposing them were what were to become three of the top five Soviet aces: Kirill Yevstigneyev (53 claimed kills), Nikolai Gulayev (55 claimed kills), and the top scoring Allied ace of the war, Ivan Kozhedub (62 claimed kills). This was indeed the battle of the aces. But there was also the massive ground attack effort by both sides, including the Junkers Ju 87 Stuka fitted with 37mm anti-tank guns, flown by the man who would become the most decorated soldier of the Third Reich, Hans Ulrich Rudel. The aerial battle involved hundreds of Soviet Sturmoviks or IL 2s, Stalin's armored ground attack plane. The battle featured the famous attack by Luftwaffe Hs 129s and Fw 190s on Soviet armor on 8 July 1943. Aces at Kursk is not just a war story but a revealing investigation that analyses the entire air battle that turned the tide of the war on the Eastern Front.
