**Ben Novak**

## **The Hitler Movement A Modern Millenarian Revolution:**

**The Hitler Movement** James M. Rhodes, 1980 Could another movement as powerful and as fanatical as the Hitler movement ever come to the fore again Of the many works that describe and explore Nazism few if any follow the approach of this book that Nazi self interpretations should be taken seriously as starting points for the analysis of National Socialism and that it is indeed possible for a millenarian movement to be generated by any calamity in any society This book inquires into the nature and causes of the Nazi movement from the standpoint of classical Greek and Christian political theory One of its premises is that National Socialism was a secular apocalyptic movement probably similar to the religious apocalyptic uprisings of the Middle Ages and perhaps akin to the millenarianism of the apostle John Book jacket Apocalypse. Revolution and Terrorism Jeffrey Kaplan, 2018-09-21 This book focuses on religiously driven oppositional violence through the ages Beginning with the 1st century Sicari it examines the commonalities that link apocalypticism revolution and terrorism occurring in Judaism Christianity and Islam past and present It is divided into two sections This was Then and This is Now which together examine the cultural and religious history of oppositional violence from the time of Jesus to the aftermath of the 2016 American election The historical focus centers on how the movements leaders and revolutionaries from earlier times are interpreted today through the lenses of historical memory and popular culture The radical right is the primary but not exclusive focus of the second part of the book At the same time the work is intensely personal in that it incorporates the author's experiences in the worlds of communist Eastern Europe in the Iranian Revolution and in the uprisings and wars in the Middle East and East Africa This book will be of much interest to students of religious and political violence religious studies history and security studies *Hitler's Millennial Reich* David Redles, 2008-11-01 A brilliant study of the convergence of apocalyptic anxiety and authoritarianism in Germany A story unfortunately of continuing relevance Charles B Strozier author of *Apocalypse On the Psychology of Fundamentalism in America After World War I* German citizens sought not merely relief from the political economic social and cultural upheaval that wracked Weimar Germany but also mental salvation With promises of order prosperity and community Adolph Hitler fulfilled a profoundly spiritual need on behalf of those who converted to Nazism and thus became not only Führer but Messiah contends David Redles who believes that millenarian sentiment was central to the rise of Nazism As opposed to many works which depersonalize Nazism by focusing on institutional factors Redles offers a fresh view of the impact and potential for millenarian movements The writings of both major and minor Nazi party figures in which there echoes a striking religiosity and salvational faith reveal how receptive Germans were to the notion of a millennial Reich such as that offered by Hitler Redles illustrates how Hitler's apocalyptic prophecies of a coming final battle with the so called Jewish Bolsheviks one that was conceived to be a war of annihilation was transformed into an equally eschatological Final Solution Redles has done an extraordinarily careful and brilliant analysis of the archival material to reveal Hitler's messianic charisma his appeal both on the ideological and psychological

level illustrating that if you can convince people that they live in apocalyptic times and you have the key to their collective salvation you can get them to do anything Richard Landes Director Center for Millennial Studies Department of History Boston University **The Post-Soviet Politics of Utopia** Mikhail Suslov, Per-Arne Bodin, 2019-09-19 More than 700 utopian novels are published in Russia every year These utopias meaning here fantasy fiction science fiction space operas or alternative history do not set out merely to titillate instead they express very real Russian anxieties be they territorial right sizing loss of imperial status or turning into a colony of the West Contributors to this innovative collection use these narratives to re examine post Soviet Russian political culture and identity Interrogating the intersections of politics ideologies and fantasies chapters draw together the highbrow literary mainstream authors such as Vladimir Sorokin mass literature for entertainment and individuals who bridge the gap between fiction writers and intellectuals or ideologists Aleksandr Prokhanov for example the editor in chief of Russia s far right newspaper Zavtra In the process The Post Soviet Politics of Utopia sheds crucial light onto a variety of debates including the rise of nationalism right wing populism imperial revanchism the complicated presence of religion in the public sphere the function of language and is important reading for anyone interested in the heightened importance of ideas myths alternative histories and conspiracy theories in Russia today

Fascism, Totalitarianism and Political Religion Roger Griffin, 2013-09-13 9 11 and its aftermath demonstrate the urgent need for political scientists and historians to unravel the tangled relationship of secular ideologies and organized religions to political fanaticism This major new volume uses a series of case studies by world experts to further our understanding of these complex issues They examine the connections between fascism political religion and totalitarianism by exploring two inter war fascist regimes two abortive European movements and two post war American extreme right wing movements with contrasting religious components A highlight of this collection is a fresh article from Emilio Gentile recently awarded an international prize for his contributions to our appreciation of the central role played by political religion in the modern age This is preceded by an editorial essay by Roger Griffin one of fascist studies most original thinkers Alongside these contributions the reader is presented with a wealth of work that redefines the complex concept of totalitarian movement and our understanding of generic Fascism Taken as a whole it comprehensively analyses the links between particular totalitarian movements and regimes and the concrete historical phenomena produced in the light of current radical theories of fascism totalitarianism and political religion This book will be of great interest to all students and scholars of international relations politics and contemporary history This volume was previously published as a special issue of the journal Totalitarian Movements and Political Religions *Gregor Strasser and the Rise of Nazism (RLE Nazi Germany & Holocaust)* Peter D. Stachura, 2014-09-19 The most influential and substantial leader after Hitler in the pre 1933 National Socialist Party was Gregor Strasser This book originally published in 1983 but as yet not superseded is a comprehensive and scholarly assessment of Strasser s significant and ultimately tragic career based largely on previously unpublished German archival

material Strasser's importance as a Nazi propagandist, organiser, ideologue and spokesman is examined and the analysis and interpretation which follow are fundamentally revisionist in that many of the accepted ideas about Strasser's career are challenged and shown to be untenable. The book provides important insights into an interesting personality which in turn considerably enhances our understanding of the character of early National Socialism and the politics of the Weimar Republic.

**Hitler and Abductive Logic** Ben Novak, 2014-05-01 Adolf Hitler is the greatest mystery of the 20th century and the mystery surrounding him consists of two unanswered questions that have baffled biographers and historians. First, how did he ever rise to power? Second, who was he really? Hitler had the power to mesmerize crowds as the most dynamic orator of the modern age. Yet his power was not in his ideas which he collected from the gutter sheets of Vienna, nor was it in his personality. His biographers describe him as an unperson and his character as a void and a black hole. What then was the source of his power? Was he a medium or a magician with paranormal powers as many contemporaries thought? Or did he have a secret or method that has not yet been revealed? Ben Novak spent fourteen years searching for the secret of Hitler's political success and his power as a speaker. Hitler's most astute contemporary observer, Konrad Heiden, who wrote the first objective books on Hitler, warning that this man was the greatest mass disturber in world history, suggested that Hitler's secret lay in his use of *eine eigentümliche Art von Logik* or a peculiar form of logic. Beginning with this clue, Novak finds that there is a new form of logic in accordance with Heiden's description and examples that can explain Hitler's phenomenal political success. This new form of logic, called abduction, was discovered by an American philosopher, Charles Sanders Peirce (1839-1914), who is rapidly becoming America's most well-known philosopher and logician. Abduction is a third form of logic in addition to deduction and induction. Unlike the other forms of logic, abduction is based on instinct and has a power over emotions. Novak argues that Hitler was the first politician to apply the logic of abduction to politics. This book provides the first coherent account of Hitler's youth that ties together all the known facts, clearly showing the genesis of the strangest and most terrible man of the twentieth century while identifying the power he discovered that allowed him to break out into the world in such a terrifying way.

**Human Rights and the Catholic Tradition** Donald Dietrich, 2017-07-28 From the French Revolution to Vatican II, the institutional Catholic Church has opposed much that modernity has offered men and women constructing their societies. This book focuses on the experiences of German Catholics as they have worked to engage their faith with their culture in the midst of the two world wars, the barbarism of the Nazi era, and the uncertainties and conflicts of the post-World War II world. German Catholics have confronted and challenged their Church's anti-modernism, two lost wars, the Weimar Republic, the Nazi Third Reich, the Cold War, German reunification, and the impulses of globalization. Catholic theologians and those others nurtured by Catholicism who resisted Nazism to create their own private spaces developed a personal and existential theology that bore fruit after 1945. Such theologians as Karl Rahner, Johannes Metz, and Walter Kasper were rooted in their political experiences and in the renewal movement built by those who attended Vatican II.

These theologians were sensitive to the horrors of the Nazi brutalization the positive contributions of democracy and the need to create a Catholicism that could join the conversation on human rights following World War II This dialogue meant accepting non Catholic religious traditions as authentic expressions of faith which in turn required that the sacred dignity of every man woman and child had to be respected By the twenty first century Catholic theologians had made furthering a human rights agenda part of their tradition and the German contribution to Catholic theology was crucial to that development The current Catholic milieu has been forged through its defensive responses to the Enlightenment through its resistance to ideologies that have supported sanctioned murder and through an extensive dialogue with its own traditions In focusing on the German Catholic experience Dietrich offers a cultural approach to the study of the religious and ethical issues that ground the hum

*The Weimar Republic* Eberhard Kolb,1988 This major textbook charts the complex history of the first German republic In the first part of the book Professor Kolb provides a clear historical narrative of the political social economic and cultural developments of the Weimar Republic setting it within the international context of the inter war period In the second part he surveys and analyses scholarly research in the field which sheds light on the problems and controversies of the period in home and foreign affairs Professor Kolb investigates important areas of controversy such as the role of the Reichswehr the army in politics the relation of employers and trade unions and the causes and effects of the disastrous inflation of 1923 In foreign affairs he discusses a reassessment of the Treaty of Versailles In the last period of the Republic the authors considers Brüning s role in 1930 2 Papen s dissolution of the Prussian government and the multiple causes that brought the Nazis to power The book is both an excellent introduction to the history of the Weimar Republic and a guide to the state of research for more advanced students From publisher s description

**Germany** Joseph A. Biesinger,2006 A wealth of information is presented in this guide in a variety of formats including a concise narrative history a chronology and A to Z entries to provide readers with a greater understanding of German history from the Renaissance to the present day

*Black Mass* John Gray,2010-02-05 Fascinating enlightening and epic in scope Black Mass looks at the historic and modern faces of Utopian ideology Society s Holy Grail but at what price During the last century global politics was shaped by Utopian projects Pursuing a dream of a world without evil powerful states waged war and practised terror on an unprecedented scale From Germany to Russia to China to Afghanistan entire societies were destroyed Utopian ideologies rejected traditional faiths and claimed to be based in science They were actually secular versions of the myth of Apocalypse the belief in a world changing event that brings history with all its conflicts to an end The war in Iraq was the last of these attempts at creating a secular Utopia promising a new era of democracy and producing blood soaked anarchy and an emerging theocracy instead John Gray s powerful and frightening new book argues that the death of Utopia does not mean peace Instead it portends the resurgence of ancient myths now in openly fundamentalist forms Obscurely mixed with geo political struggles for the control of natural resources apocalyptic religion has returned as a major force in global conflict

**A Fascist Century** R. Griffin, 2008-08-20 Ten essays on the nature of fascism by a leading scholar in the field focusing on how to understand and apply fascist ideology to various movements since the twentieth century Mussolini's prophesied fascist century Includes studies of fascism's attempted temporal revolution Nazism as extended case study and fascism's postwar evolution     [A History of Fascism, 1914-1945](#) Stanley G. Payne, 1996-07-15 A History of Fascism is an invaluable sourcebook offering a rare combination of detailed information and thoughtful analysis It is a masterpiece of comparative history for the comparisons enhance our understanding of each part of the whole The term fascist used so freely these days as a pejorative epithet that has nearly lost its meaning is precisely defined carefully applied and skillfully explained The analysis effectively restores the dimension of evil Susan Zuccotti The Nation A magisterial wholly accessible engaging study Payne defines fascism as a form of ultranationalism espousing a myth of national rebirth and marked by extreme elitism mobilization of the masses exaltation of hierarchy and subordination oppression of women and an embrace of violence and war as virtues Publishers Weekly     **War, Violence and the Modern Condition** Bernd Hüppauf, 2010-11-05 No detailed description available for War Violence and the Modern Condition     **Totalitarianism and Political Religions Volume III** Han Maier, 2008     **Global Catastrophic Risks** Nick Bostrom, Milan M. Cirkovic, 2011-09-29 A Global Catastrophic Risk is one that has the potential to inflict serious damage to human well being on a global scale This book focuses on such risks arising from natural catastrophes Earth based or beyond nuclear war terrorism biological weapons totalitarianism advanced nanotechnology artificial intelligence and social collapse     **Modernism and Fascism** R. Griffin, 2007-05-22 Intellectual debates surrounding modernity modernism and fascism continue to be active and hotly contested In this ambitious book renowned expert on fascism Roger Griffin analyzes Western modernity and the regimes of Mussolini and Hitler and offers a pioneering new interpretation of the links between these apparently contradictory phenomena     [The Morality of Terrorism](#) David C. Rapoport, Yonah Alexander, 2013-09-24 The Morality of Terrorism Religious and Secular Justifications examines terrorist tradition from its origin in the revealed religions to its present manifestations which are largely secular though not exclusively so Important common themes running through all the essays are the moral climate that produces terrorism the doctrines terrorists used to justify themselves and the moral predicaments terrorists create The book is organized into three parts The essays in Part I focus on religious terror Topics covered include the successful efforts of Jewish terrorists in the first century to provoke a popular uprising the myths of Prometheus and Satan and the myths and fantasies in the minds of terrorists and how these myths are related to the ramshackle world of Western civilization Part II deals with various forms of state terror It includes essays such as the French Reign of Terror and Nazi terrorism Part III devoted to rebel terror includes essays such as terrorists justifications and their abilities to demonstrate sincerity though suffering and responses to rebel terrorism by communities deeply committed to protecting individual rights     [Innovation in Esotericism from the Renaissance to the Present](#) Georgiana D. Hedesan, Tim Rudbøg, 2021-05-10 This collection explores the role of innovation in

understanding the history of esotericism It illustrates how innovation is a mechanism of negotiation whereby an idea is either produced against or adapted from an older set of concepts in order to respond to a present context Featuring contributions from distinguished scholars of esotericism it covers many different fields and themes including magic alchemy Rosicrucianism Theosophy Tarot apocalypticism and eschatology Mesmerism occultism prophecy and mysticism

*Millennialism, Persecution, and Violence* Catherine Wessinger, 2000 In this book a cross cultural and comparative volume Catherine Wessinger reveal three patterns within millennial groups that are not mutually exclusive assaulted millennial groups which are attacked by outsiders who fear and misunderstand the religion fragile millennial groups that initiate violence to preserve the religious goal and revolutionary millennial groups possessing an ideology that sanctions violence

### **The Hitler Movement A Modern Millenarian Revolution Introduction**

In the digital age, access to information has become easier than ever before. The ability to download The Hitler Movement A Modern Millenarian Revolution has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Hitler Movement A Modern Millenarian Revolution has opened up a world of possibilities.

Downloading The Hitler Movement A Modern Millenarian Revolution provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Hitler Movement A Modern Millenarian Revolution has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Hitler Movement A Modern Millenarian Revolution. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Hitler Movement A Modern Millenarian Revolution. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Hitler Movement A Modern Millenarian Revolution, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Hitler Movement A Modern Millenarian Revolution has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a

popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## **FAQs About The Hitler Movement A Modern Millenarian Revolution Books**

1. Where can I buy The Hitler Movement A Modern Millenarian Revolution books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Hitler Movement A Modern Millenarian Revolution book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of The Hitler Movement A Modern Millenarian Revolution books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are The Hitler Movement A Modern Millenarian Revolution audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read The Hitler Movement A Modern Millenarian Revolution books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
