Barnes,2022-12-01 Before it was written there were a wide variety of views about the end of time held across different Jewish movements Historically there have been four main methods of interpretation in both Judaism and Christianity of which we see all on display in the New Testament The controversy around interpretation of prophecy existed in the days of Jesus led some to reject Christ was not resolved by the Protestant Reformers and still divides our churches today This book looks at how we got here and proposes a way we should all move forward together Using only the Scriptures the sola scriptura approach challenges us to understand what the original audience of the letter from John would have understood By identifying singularities and parallels within the book built from years of research and verse by verse exegetical study we will see how it is the fulfillment of the hopes and expectations of the Hebrew prophets and the early church      **Transformative**

**Justice** Leora Yedida Bilsky,2025-04-15 Transformative Justice Leora Bilsky s landmark study of Israeli political trials poses this deceptively simple question The four trials that she analyzes focus on identity the nature of pluralism human rights and the rule of law issues whose importance extends far beyond Israel s borders Drawing on the latest work in philosophy law history and rhetoric Bilsky exposes the many narratives that compete in a political trial and demonstrates how Israel s history of social and ideological conflicts in the courtroom offers us a rare opportunity to understand the meaning of political trials The result is a bold new perspective on the politics of justice and its complex relationship to the values of liberalism

Hodges,2014-02-04 In this critical study of the thought of Augusto Cesar Sandino and his followers Donald C Hodges has discovered a coherent ideological thread and political program which he succeeds in tracing to Mexican and Spanish sources Sandino s strong religious inclination in combination with his anarchosyndicalist political ideology established him as a religious seer and moral reformer as well as a political thinker and is the prototype of the curious blend of Marxism and Christianity of the late twentieth century Nicaraguan government the Frente Sandinista de Liberaci n Nacional      *The MacArthur New Testament Commentary Set of 30 volumes* John MacArthur,2011-02-21 This set includes the entire collection of the MacArthur New Testament Commentary series Matthew 1 7 Matthew 8 15 Matthew 16 23 Matthew 24 28 Luke 1 5 Luke 6 10 Luke 11 17 John 1 11 John 12 21 Acts 1 12 Acts 13 28 Romans 1 8 Romans 9 16 1 Corinthians 2 Corinthians Galatians Ephesians Philippians Colossians Philemon 1 2 Thessalonians 1 Timothy 2 Timothy Titus Hebrews James 1 Peter 2 Peter Jude 1 3 John Revelation 1 11 and Revelation 12 22 The MacArthur New Testament Commentary series continues to be one of today s top selling commentary series These commentaries from respected Bible scholar and preacher John MacArthur give a verse by verse analysis in context and provide points of application for passages illuminating the biblical text in practical and relevant ways      Sandino's Communism Donald C. Hodges,2014-02-01 Drawing on previously unknown or unassimilated sources Donald C Hodges here presents an entirely new interpretation of the politics and philosophy of Augusto C Sandino the intellectual progenitor of Nicaragua s Sandinista revolution The first part of the

book investigates the political sources of Sandino's thought in the works of Babeuf Buonarroti Blanqui Proudhon Bakunin Most Malatesta Kropotkin Ricardo Flores Magón and Lenin a mixed legacy of pre Marxist and non Marxist authoritarian and libertarian communists The second half of the study scrutinizes the philosophy of nature and history that Sandino made his own Hodges delves deeply into this philosophy as the supreme and final expression of Sandino's communism and traces its sources in the Gnostic and millenarian occult undergrounds This results in a rich study of the ways in which Sandino's revolutionary communism and communist spirituality intersect a spiritual politics that Hodges presents as more realistic than the communism of Karl Marx While accepting the current wisdom that Sandino was a Nicaraguan liberal and social reformer Hodges also makes a persuasive case that Sandino was first and foremost a communist although neither of the Marxist nor anarchist variety He argues that Sandino's eclectic communist spirituality was more of an asset than a liability for understanding the human condition and that his spiritual politics promises to be more relevant than Marxism Leninism for the twenty first century Indeed Hodges believes that Sandino's holistic communism embraces both deep ecology and feminist spirituality a finding that is sure to generate lively and productive debate Blood Libel Hannah Johnson, 2012-07-09 The first book investigating the recent historiography of the ritual murder accusation **Reflections on a Ravaged Century** Robert Conquest, 2001 A look at the twentieth century examines the factors and events that have sent millions to their deaths discussing the philosophies that have caused so much conflict as well as what the future may hold for the human race

Scholarship Online and offered as a free PDF download from OUP and selected open access locations Several instances of war crimes trials are familiar to all scholars but in order to advance understanding of the development of international criminal law it is important to provide a full range of evidence from less familiar trials This book therefore provides an essential resource for a more comprehensive overview uncovering and exploring some of the lesser known war crimes trials that have taken place in a variety of contexts international and domestic northern and southern historic and contemporary It analyses these trials with a view to recognising institutional innovations clarifying doctrinal debates and identifying their general relevance to contemporary international criminal law At the same time the book recognises international criminal law's history of suppression or sublimation What stories has the discipline refused to tell What stories have been displaced by

the ones it has told Has international criminal law's framing or telling of these stories excluded other possibilities And perhaps most important of all how can recovering the lost stories and imagining new narrative forms reconfigure the discipline Many of the trials examined in this book have hardly ever before been discussed others have been examined only in the most cursory manner Indeed until now no volume has been dedicated to telling the story of these trials that have yet to find a place in the international criminal law canon Providing a detailed analysis of these trials which took place in Europe Africa South America and Australasia in both historical and contemporary contexts this book is essential reading for anyone concerned with the development of international criminal law
