

Any new book by Jack Hodgins reminds us
that literature and laughter go together.

If you haven't read anything
by Jack Hodgins, when you
start this book you'll see
why the American critic
Gordon Lish said in 1979:
"Jack Hodgins' *The Invention
of the World* joins Robertson
Davies' *Fifth Business* as the
decade's most distinguished
achievement in Canadian
fiction."

If you have read Jack
Hodgins' previous books
you'll know why William
Sachs of the *Globe and
Mail* wrote: "As a writer,
Hodgins is unique among
his Canadian contemporaries." And you'll realize
that this new book shows
Jack Hodgins at his best, best
with a new European richness
added to his usual mix
of comedy and wisdom.

formed part of the original memoir **Esperanto - Lingua Franca and Language Community** Sabine Fiedler, Cyril Robert Brosch, 2022-09-09 This book addresses a fascinating topic a constructed language that has turned from a project into a fully fledged language used by some of its speakers on a daily basis Based on extensive fieldwork this book provides rare and profound insights into the use of Esperanto in a large number of communicative areas It studies the speakers use of code switching phraseology and metaphors techniques they employ to enhance understanding such as metacommunication and repair strategies as well as their predilection for humour The study also contributes to a comparison between the communication in Esperanto and in the language that is now predominantly used as a lingua franca English and allows conclusions to be drawn on the question of what a lingua franca is all about Zionist Israel and Apartheid South Africa Amneh Badran, 2009-09-10 This book is a comparison of two ethnic national apartheid states South Africa and Israel which have been in conflict and how internal dissent has developed In particular it examines the evolution of effective white protest in South Africa and explores the reasons why comparably powerful movements have not emerged in Israel The book reveals patterns of behaviour shared by groups in both cases It argues that although the role played by protest groups in peace building may be limited a tipping point or magic point can become as significant as other major factors It highlights the role played by intermediate variables that affect the pathways of protest groups such as changes in the international system the visions and strategies of resistance movements and their degree of success the economic relationship between the dominant and dominated side and the legitimacy of the ideology in power apartheid or Zionism Although the politics and roles of protest groups in both cases share some similarities differences remain Whilst white protest groups moved towards an inclusive peace agenda that adopts the ANC vision of a united non racial democratic South Africa the Jewish Israeli protest groups are still by majority entrenched in their support for an exclusive Jewish state And as such they support separation between the two peoples and a limited division of mandatory Palestine Eretz Israel This timely book sheds light on a controversial and explosive political issue Israel being compared to apartheid South Africa
