**Horsemen of the Steppes** ,1962      *The Horsemen of the Steppes* Albert Seaton,1985-01-01      **The Horsemen of the Steppes** Albert Seaton,1985      Tsars, Cossacks, and Nomads Yuriy Malikov,2020-08-10 No detailed description available for Tsars Cossacks and Nomads      **The Cossacks and Religion in Early Modern Ukraine** Serhii Plokyh,2001-11-08 The Ukrainian Cossacks often compared in historical literature to the pirates of the Mediterranean and the frontiersmen of the American West constituted one of the largest Cossack hosts in the European steppe borderland They became famous as ferocious warriors their fighting skills developed in their religious wars against the Tartars Turks Poles and Russians By and large the Cossacks were Orthodox Christians and quite early in their history they adopted a religious ideology in their struggle against those of other faiths Their acceptance of the Muscovite protectorate in 1654 was also influenced by their religious ideas In this pioneering study Serhii Plokyh examines the confessionalization of religious life in the early modern period and shows how Cossack involvement in the religious struggle between Eastern Orthodoxy and Roman Catholicism helped shape not only Ukrainian but also Russian and Polish cultural identities      **Nationalist Imaginings of the Russian Past** Konstantin Sheiko,2012-05-25 Anatolii Fomenko is a distinguished Russian mathematician turned popular history writer founder of the so called New Chronology school and part of the explosion of alternative historical writing that has emerged in Russia since the collapse of the Soviet Union Among his more startling claims are that the Old Testament was written after the New Testament that Russia is older than Greece and Rome and that the medieval Mongol Empire was in fact a Slav Turk world empire a Russian Horde to which Western and Eastern powers paid tribute While academic historians dismiss Fomenko as a dangerous ethno nationalist or post modern clown Fomenko s publications invariably outsell his conventional rivals Just as Putin has restored Russia s faith in its future Fomenko and an army of fellow alternative historians are determined to restore Russia s faith in its past For Fomenko the key to Russia s greatness in the future lies in ensuring that Russians understand the true greatness of their past Fomenko and other pseudo historians have built upon existing Russian notions of identity specifically the widespread belief in the positive qualities of empire and the special mission of Russia He has drawn upon previous attempts to establish a Russian identity ranging from Slavophilism through Stalinism to Eurasianism While fantastic Fomenko s pseudo history strikes many Russian readers as no less legitimate than the lies and distortions peddled by Communist propagandists Tsarist historians and church chroniclers      The Unending Frontier John F. Richards,2003 John F      International Encyclopedia of Military History James C. Bradford,2004-12-01 With its impressive breadth of coverage both geographically and chronologically the International Encyclopedia of Military History is the most up to date and inclusive A Z resource on military history From uniforms and military insignia worn by combatants to the brilliant military leaders and tacticians who commanded them the campaigns and wars to the weapons and equipment used in them this international and multi cultural two volume set is an accessible resource combining the latest scholarship in the field

with a world perspective on military history      The Cossack Struggle Against Communism, 1917-1945 Brent Mueggenberg, 2020-01-17 The downfall of tsarism in 1917 left the peoples of Russia facing an uncertain future Nowhere were those anxieties felt more than among the Cossacks The steppe horsemen had famously guarded the empire's frontiers stampeded demonstrators in its cities suppressed peasant revolts in the countryside and served as bodyguards to its rulers Their way of life intricately bound to the old order seemed imperiled by the revolution and especially by the Bolshevik seizure of power Many Cossacks took up arms against the Soviet regime providing the anticommunist cause with some of its best warriors as well as its most notorious bandits This book chronicles their decades long campaign against the Bolsheviks from the tumultuous days of the Russian Civil War through the doldrums of foreign exile and finally to their fateful collaboration with the Third Reich      **The Kreutzer Sonata and Other Stories** Leo Tolstoy, 2009-08-27 These four novellas each unique in form show Tolstoy at his creative height Written over a period of almost fifty years they reflect his changing views on art and sexuality women and marriage nationalism and ethnicity war and empire and the central Tolstoyan theme of love This edition uses the famous and superior Maude translations Contains Family Happiness The Kreutzer Sonata The Cossacks Hadji Mur d      The World History of Beekeeping and Honey Hunting Eva Crane, 1999 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company      Russian Subjects Monika Greenleaf, Stephen Moeller-Sally, 1998 This collection of essays resituates poetic works by Derzhavin Krylov Batisushkov Pushkin Girboedov Lermontov Baratynsky and Pavlova within the force fields of contradictory cultural pressures as are the once best selling prose narratives of Narezhnyi Karamzin Viazemsky and others      **Russia and Eastern Europe, 1789-1985** Raymond Pearson, 1989      **Colonialism** Melvin E. Page, 2003-09-16 The most exhaustive reference work available on this critical subject in world history focusing on the politics economy culture and society of both colonizers and colonized The history of the last 500 years is the history of imperialism writes editor Melvin Page In the Americas as a result of imperialist conquest disease famine and war nearly wiped out a population estimated in the tens of millions Africa was devastated by the slave trade an integral part of imperialism from the 1400s to the 1800s In Asia even though native populations survived native political institutions were destroyed Imperialism also forged the two most important ideologies of the last five centuries racialism and modern nationalism In more than 600 essays presented in this three volume encyclopedia Page and other leading scholars historians political scientists economists and sociologists analyze the origins of imperialism the many forms it took and its impact worldwide They also explore imperialism's bitter legacy the gross inequities of global wealth and power that divide the former conquerors primarily Europe the United States and Japan from the people they conquered      **Qazaqlıq, or Ambitious Brigandage, and the Formation of the Qazaqs** Joo-Yup Lee, 2015-12-22 In Qazaqlıq or Ambitious Brigandage and the Formation of the Qazaqs Joo Yup Lee examines the formation of new group identities with a focus on the Qazaqs in post Mongol Central Eurasia within the context of qazaqlıq or the qazaq way of life a custom of political vagabondage

widespread among the Turko Mongolian peoples of Central Asia and the Qipchaq Steppe during the post Mongol period Utilizing a broad range of original sources the book suggests that the Qazaqs as well as the Shibanid Uzbeks and Ukrainian Cossacks came into existence as a result of the qazaq or ambitious brigand activities of their founders providing a new paradigm for understanding state formation and identity in post Mongol Central Eurasia History of the Cossacks Nicholas V. Feodoroff,1999 This interesting and informative book presents a picture of warriors quite different from today s flyover heroes and values diametrically opposed to the didn t inhale crowd Mr Feodoroff a Cossack himself offers us a detailed history of his people including their politics military afflictions culture ideology and philosophy as well as their typical personality characteristics A picture emerges quite at variance with the image projected by the media in the West We are presented with rare illustrations and descriptions of a lifestyle filled with adventure and faith Soviet Security and Intelligence Organizations 1917-1990 Michael Parrish,1992-01-30 One of the hallmarks of the Soviet system was its heavy reliance on internal and foreign security and intelligence organizations Not surprisingly given the secrecy surrounding Soviet efforts in these areas no biographical reference tools and few bibliographies have been published to date In this context Michael Parrish s work is a unique undertaking In the first section to the volume biographies are provided on some 4 000 officials in senior and mid level positions who had served in Cheka NKVD RFSFR GPU KGB and other organizations Also included are officials of the Committee for State Control formerly Ministry of State Control and before that Commissariat of Workers and Peasants Inspection Prominent political personalities with earlier ties to security services such as N A Bulganin are listed even though such service formed only a brief part of their careers Others listed include party officials such as A A Kuznetsov who at different times served as the Party s watchdog of security organs Also included because of their close association with repression and security organs are members of Stalin s inner circle The second part of the volume is a survey of books in English published between 1917 and 1990 which related to Soviet security and intelligence organizations This is followed by a biographical addendum a glossary of terms and material showing the development of Soviet security organizations No one concerned with current intelligence issues and the role of security organizations in Soviet life can ignore this volume Ethnic Groups of Europe Jeffrey E. Cole,2011-05-25 This comprehensive survey of ethnic groups of Europe reveals the dynamic process of ethnic identity and the relationship of ethnic groups to modern states Part of a five volume series on ethnic groups around the world Ethnic Groups of Europe An Encyclopedia provides detailed descriptions of more than 100 European ethnic and national groups Each entry provides an overview of the group as well as in depth information on the group s origins and early history cultural life and recent developments Among the information presented for each group are global and national population figures and accounts of geographical distribution diaspora populations the group s historic homeland predominant religions and languages and related groups The entries also highlight places people and events of particular importance to each group and sidebars introduce related topics of interest Throughout the text

special attention is focused on the relationship between ethnicity and nationalism An explanation of the methodology used for selecting the ethnic groups in the encyclopedia is also provided as is an introductory essay on the topic of ethnicity in Europe

**One Europe, Many Nations** James B. Minahan, 2000-07-30 Dominating world politics since 1945 the Cold War created a fragile peace while suppressing national groups in the Cold War's most dangerous theater Europe Today with the collapse of Communism the European Continent is again overshadowed by the specter of radical nationalism as it was at the beginning of the century Focusing on the many possible conflicts that dot the European landscape this book is the first to address the Europeans as distinct national groups not as nation states and national minorities It is an essential guide to the national groups populating the so called Old World groups that continue to dominate world headlines and present the world community with some of its most intractable conflicts While other recent reference books on Europe approach the subject of nations and nationalism from the perspective of the European Union and the nation state this book addresses the post Cold War nationalist resurgence by focusing on the most basic element of any nationalism the nation It includes entries on nearly 150 groups surveying these groups from the earliest period of their national histories to the dawn of the 21st century In short essays highlighting the political social economic and historical evolution of peoples claiming a distinct identity in an increasingly integrated continent the book provides both up to date information and historical background on the European national groups that are currently making the news and those that will produce future headlines [History of the Cossacks](#)

William Cresson, 2018-01-19 THE level plains and steppes of South Russia were known to the ancients as the broad channel followed by the ebb and flow of every fresh wave of conquest or migration passing between Europe and Asia The legions of Rome and Byzance found this territory as impossible to occupy by military force as the high seas
