

ACADEMY AWARD® NOMINEE
FERNANDA MONTENEGRO

FERNANDA TORRES

"A shimmering masterwork. Profoundly moving.
"The House of Sand" succeeds magnificently in transporting
the viewer to a place – both geographic and stylistic –
they wouldn't think to venture to on their own."

—Ian Stuart, *NEWSDAY*

Transatlantic Radicals and the Early American Republic Michael Durey, 1997 In the transatlantic world of the late eighteenth century easterly winds blew radical thought to America Thomas Paine had already arrived on these shores in 1774 and made his mark as a radical pamphleteer during the Revolution In his wake followed more than 200 other radical exiles English Dissenters Whigs and Painites Scottish lads o parts and Irish patriots who became influential newspaper writers and editors and helped change the nature of political discourse in a young nation Michael Durey has written the first full scale analysis of these radicals evaluating the long term influence their ideas have had on American political thought Transatlantic Radicals uncovers the roots of their radicalism in the Old World and tells the story of how these men came to be exiled how they emigrated and how they participated in the politics of their adopted country Nearly all of these radicals looked to Paine as their spiritual leader and to Thomas Jefferson as their political champion They held egalitarian anti federalist values and promoted an extreme form of participatory democracy that found a niche in the radical wing of Jefferson s Republican Party Their divided views on slavery however reveal that democratic republicanism was unable to cope with the realities of that institution As political activists during the 1790s they proved crucial to Jefferson s 1800 presidential victory then after his views moderated and their influence waned many repatriated others drifted into anonymity and a few managed to find success in the New World Although many of these men are known to us through other histories their influence as a group has never before been so closely examined Durey persuasively demonstrates that the intellectual ferment in Britain did indeed have tremendous influence on American politics His account of that influence sheds considerable light on transatlantic political history and differences in religious political and economic freedoms Skillfully balancing a large cast of characters Transatlantic Radicals depicts the diversity of their experiences and shows how crucial these reluctant migr s were to shaping our republic in its formative years

The Gold Brick; And Other Stories Brand Whitlock, 2025-08-30 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage
