The House On The Moat:

The House on the Moat Virginia Coffman,1990 *The Shapwick Project, Somerset* Christopher Gerrard,2017-10-24 This book provides an introduction to the Shapwick Project s objectives geographical background and previous work in the Somerset It deals with excavations in the outlying parish and focuses on work in the village at Shapwick House Country Life ,1903 **Greater Medieval Houses of England and Wales, 1300-1500: Volume 3, Southern England** Anthony Emery,2006-03-09 This is the third volume of Anthony Emery s magisterial survey Greater Medieval Houses of England and Wales 1300 1500 first published in 2006 Across the three volumes Emery has examined afresh and re assessed over 750 houses the first comprehensive review of the subject for 150 years Covered are the full range of leading homes from royal and episcopal palaces to manor houses as well as community buildings such as academic colleges monastic granges and secular colleges of canons This volume surveys Southern England and is divided into three regions each of which includes a separate historical and architectural introduction as well as thematic essays prompted by key buildings The text is complemented throughout by a wide range of plans and diagrams and a wealth of photographs showing the present condition of almost every house discussed This is an essential source for anyone interested in the history architecture and culture of medieval England and Wales Why Moats Matter Heather Brilliant,Elizabeth Collins,2014-07-21 Incorporate economic moat analysis for profitable investing Why Moats Matter is a comprehensive guide to finding great companies with economic moats or competitive advantages This book explains the investment approach used by Morningstar Inc and includes a free trial to Morningstar s Research Economic moats or sustainable competitive advantages protect companies from competitors Legendary investor Warren Buffett devised the economic moat concept Morningstar has made it the foundation of a successful stock investing philosophy Morningstar views investing in the most fundamental sense For Morningstar investing is about holding shares in great businesses for long periods of time How can investors tell a great business from a poor one A great business can fend off competition and earn high returns on capital for many years to come The key to finding these great companies is identifying economic moats that stem from at least one of five sources of competitive advantage cost advantage intangible assets switching costs efficient scale and network effect Each source is explored in depth throughout this book Even better than finding a great business is finding one at a great price The stock market affords virtually unlimited opportunities to track prices and buy or sell securities at any hour of the day or night But looking past that noise and understanding the value of a business s underlying cash flows is the key to successful long term investing When investors focus on a company s fundamental value relative to its stock price and not where the stock price sits today versus a month ago a day ago or five minutes ago investors start to think like owners not traders And thinking like an owner will makes readers better investors The book provides a fundamental framework for successful long term investing The book helps investors answer two key questions How can investors identify a great business and when should investors buy that business

to maximize return Using fundamental moat and valuation analysis has led to superior risk adjusted returns and made Morningstar analysts some of the industry s top stock pickers In this book Morningstar shares the ins and outs of its moat driven investment philosophy which readers can use to identify great stock picks for their own portfolios [Harper's Bazaar](#) ,1900 [Transactions ...](#) Shropshire Archaeological and Natural History Society, Shrewsbury,1909 *Transactions of the Shropshire Archaeological and Natural History Society* Shropshire Archaeological and Natural History Society (Great Britain),1908 [Proceedings](#) Royal Society of Edinburgh,1880 **Proceedings of the Royal Society of Edinburgh** Royal Society of Edinburgh,1880 List of fellows for 1908 in v 25 **Proceedings of the Royal Society of Edinburgh** ,1880 *The Antiquary* ,1901 [Lincoln Castle Revealed](#) Jonathan Clark,Justin Garner-Lahire,Cecily Spall,Nicola Toop,2021-08-04 This book tells a new story of the royal castle of Lincoln in the north of England how it was imposed on the late Anglo Saxon town and how it developed over the next 900 years in the hands of the English king or his aristocratic associates leaving us a surviving monument of three great towers each with its own biography Led by FAS Heritage archaeologists architectural historians and a large cohort of the general public have combined to produce a revealing and accessible account of the story of Lincoln Castle and a reborn historical attraction for the city of Lincoln **Gentleman's Magazine Library: Kent. changing our understanding of our medieval heritage **The Hangman's Scrapbook** Neil R Storey, 2025-01-16 During his years as executioner between 1901 and 1924 John Ellis hanged over 200 men and women Among them were some of the most infamous killers of the 20th century including Dr Crippen John Dickman The Railway Murderer George Smith The Brides in the Bath murderer Henry Jacoby poisoners Frederick Seddon and Major Herbert Rowse Armstrong Ellis also hanged Sir Roger Casement for treachery and carried out the execution of Edith Thompson one of the most controversial hangings in the history of capital punishment British executioners kept their own ledgers recording brief details of those they hanged John Ellis maintained just such a ledger too but he is believed to be the only British executioner to have kept an additional scrapbook of his personal accounts of those he executed and their crimes and as such it is a unique volume in the annals of British crime and punishment Rediscovered after being lost for decades John Ellis scrapbook its cuttings manuscript texts and annotations have now been diligently transcribed and we can now read the book Ellis envisaged in his own words and in doing so we gain a remarkable insight into the life and executions one of Britain's most notable but least known hangmen **Defending London** Mike Osborne, 2011-11-30 For two thousand years London has been at the heart of Britain's development as a nation providing a focus for its political life The military element is now usually visible only through the pageantry which attends royal occasions but this masks a more serious underlying intent Frequently the target for both foreign invaders and domestic factions it has been required to defend itself against everything from seaborne raiders to aerial bombardment and the threat of nuclear war At the same time the direction of military affairs has been centred on London along with the military infrastructure of barracks depots magazines dockyards and munitions factories The evidence for much of this can be seen in the landscape from the mediaeval Tower of London and the underground nuclear citadels in the urban centre to the royal palaces moated sites airfields and anti invasion defences in the suburbs and the green belt This book describes the various elements of London's military heritage and places them in their historical and social context From the castles and strong houses of the mediaeval and Tudor monarchs and statesmen to the pseudo fortresses of the Victorian militia and rifle volunteers the airfields of the anti Zeppelin fighters of the Royal Flying Corps and the Battle of Britain bases of the RAF to the pillboxes of the defences against invasion in 1940 and the anti nuclear defences of the Cold War and beyond
