The Human Rights Watch Global Report On Womens Human Rights:

Women and International Human Rights Law Kelly Dawn Askin, Dorean Koenig, 2024-02-12 For in depth coverage of gender issues in human rights law from theory and cultural practices to legal instruments and the case law of international tribunals this major three volume work is without peer More than 100 leading authorities in the field offer trenchant analyses of problems and solutions crimes and abuses available recourses areas of empowerment the entire spectrum of women s rights discussed at a level of detail and legal awareness unavailable in any other single source Published under the Transnational Publishers imprint The print edition is available as a set of three volumes 9781571050946 *Reconciliation, Nations and Churches in Latin America* Iain S. Maclean, 2016-04-22 This book examines the recent phenomenon in Latin America of national Truth and Reconciliation commissions Few studies have examined the role of Churches or religion in political processes that proclaim valued theological terms as their agenda truth forgiveness and reconciliation This book questions the role of religion specifically of established Churches The impact of such reconciliation commissions on Indigenous Native Americans is also examined as is the role of women and how both commissions and Churches or religions were challenged by their experiences The contributors offer differing perspectives on one or more national truth and reconciliation processes and thus offer a collection that serves as valuable source for the disciplines of Religious Studies Ethics Theology Political Science Social Sciences and Women s Studies War Crimes Against Women Kelly Dawn Askin, 2023-08-07 This book examines laws and customs of war prohibiting rape crimes dating back thousands of years even though gender specific crimes particularly sex crimes have been prevalent in wartime for centuries It surveys the historical treatment of women in wartime and argues that all the various forms of gender specific crimes must be prosecuted and punished It reviews the Nuremberg and Tokyo War Crimes Tribunals from a gendered perspective and discusses how crimes against women could have been prosecuted in these tribunals and suggests explanations as to why they were neglected It addresses the status of women in domestic and international law during the past one hundred years including the years preceding World War II and in the aftermath of this war and in the years immediately preceding the Yugoslav conflict The evolution of the status and participation of women in international human rights and international humanitarian law is analyzed including the impact domestic law and practice has had on international law and practice Finally this book reviews gender specific crimes in the Yugoslav conflict and presents arguments as to how various gender specific crimes including rape forced prostitution forced impregnation forced maternity forced sterilization genocidal rape and sexual mutilation can be and why they must be prosecuted under Articles 2 5 of the Yugoslav Statute i e as grave breaches of the Geneva Conventions torture violations of the laws of war violations of the customs of war genocide and crimes against humanity The author a human rights attorney academic and activist spent three years researching both the treatment of women during periods of armed conflict and humanitarian laws protecting women from war crimes Silenced Victims of Wartime Sexual

Violence Olivera Simic, 2018-03-09 The condemnation of wartime sexual violence as a gross violation of human rights has received widespread support While rape and other forms of sexual violence have attracted considerable local and international attention this often excludes wartime sexual violence among women belonging to so called perpetrator war torn nations This book explores the silence surrounding women s experiences of wartime sexual violence within academic legal and public discourses Olivera Simi argues that the international criminal law and feminist legal discourse on wartime sexual violence can construct a problematic victim hierarchy that excludes and misrecognises certain women s experiences of sexual violence during and after armed conflict The book focuses on the experiences of Bosnian Serb women where the collapse of the former Yugoslavia led to brutal war and gross human rights violations throughout the 1990s Two decades after the war women in Bosnia and Herzegovina are still facing the legacies of the violence in the 1990s Through this case Simi argues that while all women survivors of rape face problems of stigma shame and lack of political visibility their legal and symbolic status differ according to their ethno national identity Drawing on interviews with Bosnian Serb women survivors of rape in Bosnia and Herzegovina feminist activists local media documentary and archival sources the book examines post conflict justice as it is seen lived and interpreted by women who belong to perpetrator nations and will be of great interest and use to researchers students and practitioners within post conflict law and justice international criminal law security studies and gender studies

Feminist Theories of Crime Merry Morash, 2017-07-05 This collection reimagines the field of criminology with insights gleaned from feminist theory Works included here illustrate that gender is a key organizing principle of social life This means that men and women have gender that patriarchy as well as gender must be theorized and that other systems of oppression such as race and class must also be studied to fully understand the crime problem and the criminal justice system Finally the articles collected here exemplify the feminist concern for thinking consciously about how and why we do our research with the crucial goal of producing knowledge that will promote social justice

Sex and Social Justice Martha C. Nussbaum, 1999-02-04 What does it mean to respect the dignity of a human being What sort of support do human capacities demand from the world and how should we think about this support when we encounter differences of gender or sexuality How should we think about each other across divisions that a legacy of injustice has created In *Sex and Social Justice* Martha Nussbaum delves into these questions and emerges with a distinctive conception of feminism that links feminist inquiry closely to the important progress that has been made during the past few decades in articulating theories of both national and global justice Growing out of Nussbaum's years of work with an international development agency connected with the United Nations this collection charts a feminism that is deeply concerned with the urgent needs of women who live in hunger and illiteracy or under unequal legal systems Offering an internationalism informed by development economics and empirical detail many essays take their start from the experiences of women in developing countries Nussbaum argues for a universal account of human capacity and need while emphasizing the essential role of knowledge of local circumstance Further chapters take on the pursuit of social justice in the sexual sphere exploring the issue of equal rights for lesbians and gay men Nussbaum's arguments are shaped by her work on Aristotle and the Stoics and by the modern liberal thinkers Kant and Mill She contends that the liberal tradition of political thought holds rich resources for addressing violations of human dignity on the grounds of sex or sexuality provided the tradition transforms itself by responsiveness to arguments concerning the social shaping of preferences and desires She challenges liberalism to extend its tradition of equal concern to women always keeping both agency and choice as goals With great perception she combines her radical feminist critique of sex relations with an interest in the possibilities of trust sympathy and understanding *Sex and Social Justice* will interest a wide readership because of the public importance of the topics Nussbaum addresses and the generous insight she shows in dealing with these issues Brought together for this timely collection these essays extensively revised where previously published offer incisive political reflections by one of our most important living philosophers

Changing Roles of NGOs in the Creation, Storage, and Dissemination of Information in Developing Countries Steve W. Witt, 2008-11-03 Non governmental organizations NGOs are growing exponentially In 1993 the Yearbook of International Organizations listed 16 000 internationally recognized NGOs By 2004 this number was 63 000

With this increase comes a staggering growth in the activities and intellectual output of NGOs working on a local and international level. As the mission of both libraries and NGOs increasingly intersect, these organizations must collaborate to provide essential services that revolve around the creation, dissemination, and storage of information. This volume's eight essays focus on collaborative work between NGOs and libraries in the study and resolution of global issues ranging from AIDS to food security and social transformation. *Legislating an Epidemic*, 2003

Gender in Germany and Beyond Jennifer V. Evans, Shelley E. Rose, 2023-05-12 Jean Quataert redefined the boundaries of at least five historical fields including European socialism, women's history, and gender history, and international law and human rights. In this volume dedicated to her pioneering work, established and emerging scholars showcase the signature ways in which Quataert, as one of the discipline's first women's historians, has influenced how subsequent generations think about history writing as a form of intellectual activism. *Gender in Germany and Beyond* presents cutting-edge historiographical commentary alongside new work which addresses subjects such as the history of German colonialism and women's colonial leagues, human rights advocacy during the Cold War, and the complexities of the turn of the century gay and lesbian rights organizing. *The New World of Politics* Neal Riemer, Douglas W. Simon, 1997-03 In this fourth edition, Neal Riemer and Douglas W. Simon again seek to introduce students to the challenging discipline of political science by highlighting six cardinal features. The editors strongly believe that their unique and comprehensive approach, employing those six features, can best equip students of political science to stay abreast of the ever-changing and ever-challenging world of politics. First and most important, Riemer and Simon affirm the importance of addressing the three main concerns of political science: political and philosophy, and ethics, empirical behavioral political science, and public policy. Second, the authors reaffirm their normative preference for politics as a civilizing enterprise, one that enables people in the political community to live better, to grow robustly in mind and spirit, and to find creative fulfillment. The fourth cardinal feature requires recognizing realistically the ever-changing nature of politics and the tasks of assessing and responding to changing values. The sixth cardinal feature of *The New World of Politics* is understanding the importance of keeping the future in mind, not only the immediate future but the long-range future. This book seeks to introduce students to political science as a discipline intimately involved with ethical, empirical, social, scientific inquiry, and public policy. Neal Riemer and Douglas W. Simon are endeavoring to help students respond to those future problems with understanding and wisdom. A Collegiate Press book

Rape Culture and Spiritual Violence Gina Messina-Dysert, 2015-05-08 *Rape Culture and Spiritual Violence* examines sexual violence against women, how religion and society contribute to a rape culture, and the extreme suffering endured by rape victims as a result. Using the testimony of women who have experienced both rape and the consequences of rape culture from a range of religious, cultural, ethnic, and social contexts, the book explores both the suffering and healing of rape victims from World War II to today. Among the issues considered are victim invisibility, the inability to express pain, and the tendency to assume shame and self-blame. The study

examines the role of society in shaping and reinforcing these responses contributing to traumas that can lead to spiritual death The book also explores possibilities for multiple spiritual resurrections within the practice of daily life encouraging both individual healing and social change *Gender and Rights* Carol Sanger, 2017-11-28 *Gender and Rights* presents twenty five essays by leading international scholars and advocates the relationship between rights and gender inequality The essays are organized into six categories rights sources of harm and well being work family violence and political process and participation Particular attention is paid throughout to the relationship between cultural practices and legal rights The volume also highlights the conceptual and the political development of rights claims and rights regimes for women and sexual minorities The essays therefore focus not only on the theoretical justifications for rights but also on the contextual complexities of their enactment implementation enforcement and consequences **Perspectives on Las Américas** Mathew C. Gutmann, Félix V. Rodríguez, Lynn Stephen, Patricia Zavella, 2008-04-15 *Perspectives on Las Américas* A Reader in Culture History and Representation charts new territory by demonstrating the limits of neatly demarcating the regions of Latin America and the United States This landmark volume presents key readings that collectively examine the historical cultural economic and political integration of Latinas across the Americas thereby challenging the barriers between Latino Studies and Latin American Caribbean Studies Brings together key readings that collectively examine the historical cultural economic and political integration of Latinas across the Americas Charts new territory by demonstrating the limits of neatly demarcating the regions of Latin America and the United States Challenges the barriers between Latino Studies and Latin American Caribbean Studies as approached by anthropologists historians and other scholars Offers instructors students and interested readers both the theoretical tools and case studies necessary to rethink transnational realities and identities

Transitional Justice and Reconciliation Martina Fischer, Olivera Simic, 2015-11-06 Scholars and practitioners alike agree that somehow the past needs to be addressed in order to enable individuals and collectives to rebuild trust and relationships However they also continue to struggle with critical questions When is the right moment to address the legacies of the past after violent conflict How can societies address the past without deepening the pain that arises from memories related to the violence and crimes committed in war How can cultures of remembrance be established that would include and acknowledges the victims of all sides involved in violent conflict How can various actors deal constructively with different interpretations of facts and history Two decades after the wars societies in Bosnia Serbia and Croatia albeit to different degrees are still facing the legacies of the wars of the 1990s on a daily basis Reconciliation between and within these societies remains a formidable challenge given that all three countries are still facing unresolved disputes either at a cross border level or amongst parallel societies that persist at a local community level This book engages scholars and practitioners from the regions of former Yugoslavia as well as international experts to reflect on the achievements and obstacles that characterise efforts to deal with the past Drawing variously on empirical studies theoretical discussions and

practical experience their contributions offer invaluable insights into the complex relationship between transitional justice and conflict transformation **Gender, Conflict and Migration** Navnita Chadha Behera, 2006-04-14 Research on the

subject of women's migration and conflict is generally organised along the twin axes of gender and conflict and gender and migration The reality of women's conflict driven migration however falls between these two axes The essays in this volume seek to fill this gap by examining the changes in status identities and power relations among women and men as they move from a conflict situation at home to migrant camps to the post conflict or peace building phase when they return home The contributors use a variety of research methods including ethnography dialogue oral history textual analyses and consciousness raising techniques **African Women Trailblazers in STEM** Uzo Mkpuru, Richa Goel, Tilottama Singh, Jade

Mkpuru, 2025-08-25 Despite recent advancements gender disparities in STEM disciplines remain a major concern worldwide particularly in Africa This book focuses on empowering women in STEM to highlight the barriers they face in accessing and excelling in these areas as well as proposing concrete solutions to bridge this gap Africa possesses a vast pool of untapped STEM talent especially among women and this book aims to support women in entering and thriving in STEM careers by providing opportunities and support leading to a more diverse and dynamic workforce African Women Trailblazers in STEM Pioneering Technological and Economic Advancement offers firsthand accounts of successful women in STEM fields across Africa providing access to valuable data on economic innovation in the region It sheds light on the challenges African women face in STEM and offers strategies to overcome them showcasing the achievements of women in STEM and their contributions to the field The book also explores the correlation between women in STEM in Africa and the Sustainable Development Goals presenting case studies and data on the gender gap in STEM fields Acknowledging the unique challenges women of diverse backgrounds face including race ethnicity social status and location this book provides readers with a deeper understanding of the importance of inclusive empowerment strategies and how intersecting identities impact women's experiences in STEM fields This book can educate stakeholders and policymakers on the importance of funding programs that promote gender equality and women's participation in STEM fields By offering evidence based recommendations the book can influence policy decisions aimed at creating more inclusive and supportive environments for women in STEM education and professions **Maneuvers** Cynthia Enloe, 2000-02 Enloe outlines the dilemmas feminists around the globe

face in trying to craft theories and strategies that support militarized women locally and internationally without unwittingly being militarized themselves **The Sage International Encyclopedia of Politics and Gender** Lia K. Roberts, 2025-09-02

Sexuality and Equality Law Suzanne B. Goldberg, 2017-07-05 Sexual rules and regulations are among society's oldest yet it is only in recent decades that this once stigmatized field has become the focus of scholarly attention This volume which includes some of the most thought provoking and hard to find essays in the field covers a diverse range of topics from sexual orientation and gender identity to intersexuality and commercial sex and from HIV AIDS and trafficking to polygamy Through historical political and critical theoretical lenses and through a global focus the selections ask how we conceptualize the groups and acts subjected to sexual regulation and how regulations in the field implicate and produce understandings of sexuality and identity By placing this variety of works together *Sexuality and Equality Law* invites fresh insights into commonalities and synergies across regulatory arenas that are often isolated from one another The volume's introduction situates all of these works in the broader field and offers readers an extensive bibliography
